

## National Pavement Licence Conditions

The Secretary of State publishes this condition in exercise of his powers under [Section 5(6)] of the Business and Planning Act 2020:

Condition relating to clear routes of access:

It is a condition that clear routes of access along the highway must be maintained, taking into account the needs of disabled people, and the recommended minimum footway widths and distances required for access by mobility impaired and visually impaired people as set out in Section 3.1 of [Inclusive Mobility](#).

Guidance on the effect of this condition

1. To the extent that conditions imposed or deemed to be imposed on a pavement licence do not require the licence holder to require clear routes of access to be maintained, taking into account the needs of disabled people and the recommended minimum footway widths and distances required for access by mobility impaired and visually impaired people as set out in Section 3.1 of [Inclusive Mobility](#), the licence is granted subject to those requirements.
2. To the extent that a licence is granted subject to a condition which imposes requirements to maintain clear routes of access that are inconsistent with the requirements set out in this condition this condition is not imposed on the licence.
