### Display of vehicle licence plates

It is a requirement that all private hire vehicles shall display the licence plate affixed to the vehicle. However, exemption from this requirement can be granted by the Council under section 75(3) of the Local Government (Miscellaneous Provisions) Act 1976.

I wish to apply for an exemption from the requirement for the licence plate to be affixed to the above vehicle.	Your answer
Please give details of the type of work you undertake which may qualify for an exempt plate.	

## Declaration

I apply for the exemptions indicated above. I understand that, if granted, the exemptions will relate solely to the vehicle described above and will cease to have effect at the end of the term of the licence or if I dispose of the vehicle, whichever comes first.

I understand there is a fee for this application which I agree to pay prior to the exemption being granted.
