WELCOME TO KENT

We are pleased to welcome you and your family to the United Kingdom (UK) and, in particular, to the county of Kent. We want you to feel at home here and we hope you will settle in quickly and soon feel safe and comfortable. We know that people arriving here will come from a wide range of backgrounds. Some of you will already know quite a lot about the UK, whilst for some people everything will be unfamiliar. This welcome pack contains useful information which may help you over the first few weeks and months of your time here.

If you require further assistance to understand the contents in this booklet, please use the following number: **Kent County Council Ukraine Line: 03000 41 24 24.**

The UK Government has also produced a guide for Ukrainians arriving in the UK which can be found online:

1. How the 'Homes for Ukraine' scheme works and your status in the UK

If you have come to the UK via the 'Homes for Ukraine' scheme, you will have been sponsored by your host family and are allowed to live with them rent free for at least 6 months. If you are able to stay with them for longer, you should not be charged any rent for the first 12 months of your stay. To cover their costs during this time, your host family are able to claim an allowance if they wish from the UK Government of £350 per calendar month.

When you entered the UK, you are most likely to have been given a 6 month entry stamp. Some people who have already provided their biometric data will have been given 3 years leave to remain on entry. For those with only 6 months, to extend your stay for up to the three years allowed under this scheme, you will need to apply for a Biometric Residence Permit. This will require you to provide biometric information, including a photograph of your face and a sample of your fingerprints.

The Government will be contacting you shortly after your arrival to explain how to provide this information. You will not need to provide this immediately, but you must have completed your application and provided the biometric information required within your first six months.

Your visa allows you to work, study, claim benefits and have access to all public services, including health and education. In most cases you will be able to claim benefits as soon as you arrive providing you fulfil the eligibility criteria. In some cases, your host will provide you with meals in addition to accommodation, but in other cases you will be expected to provide your own food using your income from benefits or work.

As it may take a few weeks for your benefit claim to be processed, your family will be given £200 per family member so you have some money for essential items as soon as you are here. Kent County Council will be contacting you to arrange for you to receive this money as soon as possible after your arrival.

When you receive your Biometric Residence Permit it is very important that you keep it safe and don't lose it. We suggest that you carry a photocopy of the card where possible rather than the card itself to prevent loss.

Example of a Biometric Residence Permit

Children Born in the UK

Children born in the UK will **not** automatically be given British citizenship. The baby will usually be granted the same immigration status as its parents. This is referred to as "Leave in Line".

All births in the UK must be registered. Should you or one of your family members give birth in the UK you will need to register the birth. You will then receive a birth certificate.

A letter will also have to be sent to UK Visas and Immigration to inform them of the birth. The baby will then be issued with its own residence permit.

2. Where am I located in the UK?

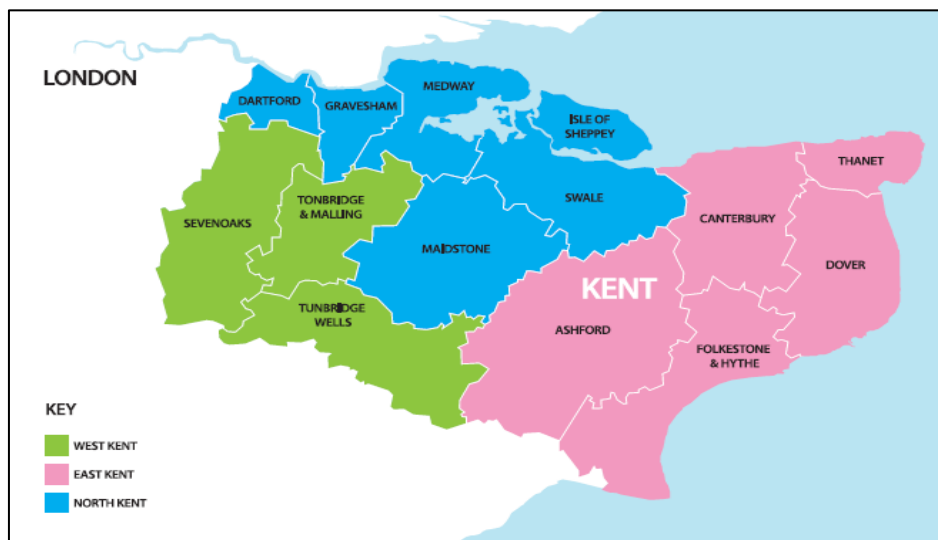

Kent is in south-east England.

Kent borders the counties of Surrey to the west, East Sussex to the south-west and Essex to the north. We also border Greater London to the north-west.

There are 13 districts within Kent:

- Ashford
- Canterbury
- Dartford
- Dover
- Folkestone and Hythe
- Gravesham
- Maidstone
- Medway
- Sevenoaks
- Swale
- Thanet
- Tonbridge and Malling
- Tunbridge Wells

3. Your local and county council

Your home is located within the district of Tonbridge and Malling Borough Council (Telephone: 01732 844522)
<https://www.tmbc.gov.uk/community-services/supporting-people-ukraine>

Within Kent there are 12 districts and each has a council (called district, borough or city councils). In Kent we also have a county council which covers the whole of Kent. To find out more details about what the different councils cover, follow the links below:

4. Healthcare – finding a doctor and how the National Health Service works

In the UK it is free for people to see a doctor. If you ever need hospital treatment this is also free.

Local Doctors (GPs)

As soon as possible you should register with a local doctor (also known as a General Practitioner - GP). All the family should visit your GP as soon as you can so that health checks can be carried out, you can access appropriate wrap around health services and, if needed, referrals to specialists can be made.

Everyone has a right to register with a GP and you do not need proof of address, immigration status, ID or an NHS number (you may be asked to provide ID but it is not a requirement). Advice on your nearest practice can be found at the following link:

<https://www.nhs.uk/nhs-services/gps/how-to-register-with-a-gp-surgery/>

If you have difficulty in registering with a GP practice or would like advice on which practice covers your address then please ring 01634 335095 Option 6, or email kmccg.primarycare@nhs.net

At most GP surgeries you have to make an appointment in advance to see a doctor or a nurse. Most GP surgeries are closed after 6pm and closed all day on Saturday and Sunday.

Children between the ages of 0-4 must be registered with a health visitor. Your GP will arrange this once you have registered with them.

NHS 111 service

You can contact the NHS free phone line by dialling 111

- This service is for those who are seeking medical advice for illness and injuries which are not life-threatening.
- This phone line is available all day every day
- You can ask for an interpreter in your language by saying “interpreter please”

111 Online (111.nhs.uk) can also tell you:

- where to get help for your symptoms if you're not sure what to do
- how to find general health information and advice
- where to get an emergency supply of your prescribed medicine
- how to get a repeat prescription

Accident and Emergencies (A and E)

Accident and Emergency (A&E) hospital departments deal with life-threatening emergencies. These are open all the time (24 hours a day). Your nearest A&E department is:

- Maidstone Hospital, Hermitage Lane, Maidstone, ME16 9QQ (Telephone: 01622 729000)
- Tunbridge Wells Hospital, Tonbridge Road, Tunbridge Wells, TN2 4QJ (Telephone: 01622 224960)

An A&E is **not** an alternative to a GP appointment. If your GP practice is closed you can call NHS 111, which will direct you to the best local service to treat your injury.

Walk-in or Urgent Treatment Centres

Alternatively, you can visit an NHS walk-in centre (WIC), which will also treat minor illnesses and injuries without an appointment.

Find your nearest walk-in centre online: <https://www.nhs.uk/Service-Search/other-services/Walk-in%20centre/LocationSearch/663>

Or here: [https://www.nhs.uk/service-search/other-services/Urgent Treatment Centre/LocationSearch/10022](https://www.nhs.uk/service-search/other-services/Urgent-Treatment-Centre/LocationSearch/10022).

Your nearest WIC is:

If your doctor prescribes medicine, they will give you a 'prescription' – a piece of paper with information about what you need. You take the prescription to a pharmacist (chemist) who will provide the medicine. Prescriptions are free for some people including most people who receive benefits. For information on who qualifies for free prescriptions, visit the link below:

<https://www.nhs.uk/nhs-services/prescriptions-and-pharmacies/who-can-get-free-prescriptions/>

Dentists

You will be entitled to help with dental problems under the NHS but most people have to make some payments towards this. Those entitled to completely free dentistry include:

- People aged under 18, or under 19 and in qualifying full-time education
- Pregnant women or women who have had a baby in the previous 12 months
- People in receipt of certain benefits or on a low income

Follow the link to find out further details: <https://www.nhs.uk/nhs-services/dentists/who-is-entitled-to-free-nhs-dental-treatment-in-england/>

Not all dentists offer services under the NHS. To find your nearest NHS dentist look at the following website: <https://www.nhs.uk/service-search/find-a-dentist>

Eye Care

You can make an appointment with any high street optician to have an eyesight test or get help with your glasses or contact lenses. There may be costs unless you are eligible for a free NHS eyesight test or optical vouchers. To find out if you are eligible for a free NHS sight test or an optical voucher follow the link:

<https://www.nhs.uk/nhs-services/opticians/free-nhs-eye-tests-and-optical-vouchers/>

Mental Health

Mental health problems range from the worries we all experience as part of everyday life to serious long-term conditions. Coronavirus (Covid)

The majority of people in the UK have received at least one of their coronavirus vaccines and it is likely that all adults in your hosts household will have received theirs. For the latest guidance on what to do if you have or suspect you have the virus, please visit the UK Government's COVID-19 advice webpage:

<https://www.gov.uk/coronavirus>

Booking a coronavirus vaccination: you are eligible for a free COVID-19 vaccination through the NHS. If you are registered with a GP, you can book your vaccination through this web link if you are in England

<https://www.nhs.uk/conditions/coronavirus-covid19/coronavirus-vaccination/book-coronavirus-vaccination/>

'Walk in' sites are also available and able to offer help to those who have not yet registered with a GP. A list of locations can be found at this web link: <https://www.nhs.uk/conditions/coronavirus-covid-19/coronavirus-vaccination/find-awalk-in-coronavirus-covid-19-vaccination-site/>

If you have already had a Covid-19 vaccine in Ukraine or elsewhere, speak to your GP about which further doses you should have in the UK and when you should have them. You should also tell the NHS about any Covid-19 vaccinations that you have had outside of the UK. This is so the NHS can update your vaccination record. Bookings to make an appointment to get your previous vaccinations recorded can be made online using the National Booking Service or by calling 119. 119 will also have translators available.

5. Education for your child

State provided education is free and compulsory for children aged 5 to 18.

- Primary and Junior schools are for children aged 4 to 11 and your child can start school in the September following their 4th birthday.
- Secondary schools are for children aged 11 to 16, or sometimes 18.
- Children who leave school at 16 then go to college, undertake an apprenticeship or some form of training until they are 18.

There are various options available for education after the age of 18. These may include college or university.

You may be able to enrol pre-school aged children at a nursery. A certain number of hours of childcare are provided free of charge to 3 and 4-year-olds. Some 2-year-olds are eligible for free childcare also.

The school year starts in September and ends in July. Generally, there is a six-week holiday over the summer, two weeks at Christmas and two weeks at Easter. There are also three one-week 'half term' holidays, between the longer holidays.

Children of school age must attend school Monday to Friday and parents can be fined if their children miss school without a good reason.

How do I access education for my children?

If you are looking to secure school places for your children during the academic year, you will need to apply through Kent's In Year Admissions process. Details of that process can be found [here](#) or via <https://www.kent.gov.uk/education-and-children/schools/school-places/move-to-a-different-school>

Parents or carers need to complete the [In Year Admissions Form](#) https://www.kent.gov.uk/_data/assets/pdf_file/0012/3522/in-year-application-form.pdf

for each child that needs a school place and then send this form to the school they would like their child to attend. Ukrainian children and young people will be offered places at the schools that have enough spaces. Unfortunately, schools cannot offer places if they are already full. Families with more than one child needing a school place may need to travel to a school further away from their home to make sure that all siblings can attend the same school. If a school place cannot be found within a reasonable distance from the child's home, the council will make sure local alternatives are provided, although this will require discussions with schools before a space can be identified.

Families can get help to find schools with spaces by contacting the In-Year Admissions Team at kentinyearadmissions@kent.gov.uk with:

- the name of their child or children
- their date of birth(s)
- the full address (including postcode) of where they are staying.

Parents and carers should be aware that Kent County Council is currently undertaking admissions processes to finalise school spaces for Primary, Junior and Secondary schools for next year. This will impact children in the following age ranges:

Reception Year - for children born between 1 September 2017 and 31 August 2018
Year 3 (Junior school) - for children born between 1 September 2014 and 31 August 2015
Secondary School – for children born between 1 September 2010 and 31 August 2011

If your child falls into any of these date ranges, please email Kentonlineadmissions@kent.gov.uk for further advice.

Secondary schools

In Kent we have non-selective and selective secondary schools. The selective schools are known as grammar schools. Children must be assessed to apply for a place at a grammar school.

Further Education to 19 years old

Further education (FE) includes any study after secondary education (normally for young people 16 or over) that is not part of higher education - that is, not taken as part of an undergraduate or graduate degree. All young people in England are required to continue in education or training until their 18th birthday and most continue until the end of the academic year in which they turn 18. As an individual living in the UK under the Ukraine Family Scheme or the Local Sponsorship Scheme for Ukraine you are eligible to enrol as a student, although colleges may ask to see evidence of your eligibility. Further information on Further Education courses and funding is available at: <https://www.gov.uk/further-education-courses> Further information on Further Education courses and qualifications for 14 to 19- year-olds is available at: <https://www.gov.uk/courses-qualifications>

9. Jobs and benefits

Until you are able to support yourself, you will receive financial support from the government, known as 'benefits', to pay for your living expenses. Which benefits you receive will depend on your circumstances. The department that deals with benefits is called the Department for Work and Pensions (DWP). Local offices are referred to as Jobcentre Plus offices and they also assist people to find work.

It is important to note that whilst you are living with your sponsor you will not be charged rent for the first 12 months and therefore you do NOT need to claim benefits for housing costs. If you do later rent a property you may be able to get Universal Credit or Housing Benefit to help with these costs, up to certain limits.

Below is a very brief overview of the main benefits that are likely to be relevant to you and your family when you first arrive. The list does not cover every scenario but gives you some idea of what you might apply for.

Name of the Benefit	Who/what this is for
Universal Credit	People who are on a low income, whether they are working or not. This is the main benefit that most people under the age of 66 will need to claim when they arrive in the UK.
Child Benefit	Help with the costs of children.
Pension Credit	Help for pensioners (currently from age 66) on a low income.
Disability Living Allowance	Help for disabled/chronically sick children up to age 16.
Personal Independence Payment	Help for disabled/chronically sick adults aged 16 – 64.
Attendance Allowance	Help for disabled/chronically sick adults aged 65 and above.
Carers Allowance	For people who are caring for a sick/disabled person for at least 35 hours per week.

Please note the following:

- All the above benefits have several additional criteria that you must meet to become eligible.
- You must tell the DWP/Job Centre if you are doing any work (even part-time) as this may affect the amount of benefit you receive and whether you are still eligible for the particular benefit you are receiving.
- If you fail to tell the Job Centre about all your income, savings etc (including from work) and any other relevant circumstances (e.g. if you live with your partner, whether married or unmarried) you can be asked to repay benefits you have been paid and also prosecuted in some circumstances.

How do you claim?

Universal Credit: You can claim universal credit online at www.gov.uk/apply-universal-credit

Alternatively you may be able to receive advice and support with this from Kent County Council.

10. Opening a bank account

To open a bank account in the UK, you usually need to show proof of ID such as passport, biometric residency permit, driver's licence or recognised identity card. You also usually need proof of permanent address. The Government is working with major banks to find a solution to enable you to open accounts without the usual permanent address requirement.

Once you have opened a bank account you will usually be sent a bank card and a four-digit PIN number (usually in separate envelopes). You must memorise your PIN number and keep it secret.

Driving

If you have a full driving licence issued in Ukraine, you may use this licence to drive in the UK for up to 12 months. After this time, you will need to exchange it for a UK licence for a fee.

If you took your driving test in a country other than Ukraine, different rules may apply. More information is

available at <https://www.gov.uk/exchange-foreigndriving-licence>

If you don't yet have a driving licence and you want to drive, you will need to apply for a provisional licence, have driving lessons, and pass two driving tests (theory and practical) before you can drive in the UK.

If you have a full driving licence, you will need the following before you can legally drive in the UK:

- To have car insurance
- To pay your road tax
- To get an MOT (a safety test for your car) annually
- To wear a seat belt
- To make sure all your passengers wear seat belts
- To make sure children under the age of 12 (or below 135cm tall) have an appropriate car seat for their height and weight
- To obey the laws of the road (Highway Code.)

Laws on Smoking

It is illegal to smoke in enclosed public places and workplaces in the UK. This includes shops, restaurants, buses and trains. It is also illegal to smoke in a car (or other vehicle) with anyone under 18. This is to protect children and young people from the dangers of secondhand smoke.
