## **BUDGET STATEMENT 2022/23**

### **1. Introduction**

- 1.1 The revenue and capital budgets for 2022/23 are presented in this booklet for approval by full Council. In determining the budget the Council approves the financial resources necessary to achieve its plans for the provision of services and also sets the level of council tax for the year. The budget has been prepared within the context of a **Medium Term Financial Strategy (MTFS) [Annex 1]**.
- 1.2 By way of context, since 2010/11 the Council has seen its Settlement Funding Assessment (core funding) decrease by some 65% or £4.3m (from £6.6m in 2010/11 to £2.3m in 2022/23).
- 1.3 The fall in core funding is, in part, negated by the grant award under the New Homes Bonus (NHB) scheme which in 2022/23 is around £1.2m and other time limited grant income. The future of NHB or a replacement remains the subject of discussion, but at the very least will not continue in its current form leaving one of two options. The scheme is withdrawn and not replaced or is replaced, but where the funding stream and sum awarded is much reduced (our working assumption).
- 1.4 However, it is important to stress that **dependent** on the outcome of the Fair Funding Review, the future of NHB and the recently introduced lower tier services grant and new one-off services grant, business rates reforms and the extent and speed of the recovery following the pandemic, there is a **risk** the funding gap could be more than is presently reflected in the MTFS.
- 1.5 In the latest iteration of the MTFS it is assumed government grant funding will **steadily** reduce from circa £4.8m in 2022/23 to £2.7m in 2025/26 before seeing a modest increase year on year thereafter and that the reductions in income and increased costs seen as a result of the pandemic in large part **will return** to pre Covid-19 levels in the short to medium term; where the latest projected funding gap between expenditure and income is **circa £2,150,000. Plus** the initiative already built into the MTFS, scaling back of office accommodation in the sum of **£200,000** by April 2024.
- 1.6 As in previous iterations of the MTFS the latest projected funding gap can be broken down into tranches to enable more measured steps to be taken (Tranche 1 – £350,000 by April 2023; Tranche 2 – £500,000 by April 2024; Tranche 3 – £650,000 by April 25 and Tranche 4 – £650,000 by April 2028).
- 1.7 It goes without saying the Council faces a **difficult and challenging financial outlook** .

## **2. Medium Term Financial Strategy**

### **2.1 Background**

- 2.1.1 The Council's Medium Term Financial Strategy (MTFS) covers both revenue and capital budgets, and it is this Strategy that underpins the budget setting process for the forthcoming year and over the strategy period.
- 2.1.2 The aim of the MTFS is to give us a realistic and sustainable plan that reflects the Council's strategic priorities and objectives and takes us into the future. Underneath the Strategy sits detailed estimates formulated in conjunction with Services taking into account past outturn, current spending plans and likely future demand levels / pressures. It is acknowledged that circumstances will change and for this reason the Strategy needs to, and will, be kept under regular review.
- 2.1.3 The MTFS spans a rolling ten-year period with two fundamental objectives: to achieve a balanced revenue budget and to retain a minimum of £3.0m in the general revenue reserve by the end of the strategy period and not to fall below £2.0m at any time during the 10-year period. All of the key objectives currently set out in the MTFS can be found at **[Annex 1]**.
- 2.1.4 Alongside the MTFS sits a **Savings and Transformation Strategy [Annex 2]**. The purpose of the Strategy is to provide structure, focus and direction in addressing the financial challenge faced by the Council. In so doing, it recognises that there is no one simple solution and as a result we will need to adopt a number of ways to deliver the required savings and transformation contributions within an agreed timescale. A number of key themes have been identified, together with outline targets and timescales.

### **2.2 Corporate Strategy**

- 2.2.1 The Council's financial plans should be in support of its strategic priorities and objectives set out in overview in the [Corporate Strategy](#). A [one-year Addendum](#) to the Corporate Strategy was adopted in June 2020 to provide a framework within which to consider a wide range of issues in response to the Covid-19 pandemic and development of a future recovery plan with the production of a second-year addendum work in progress for approval at a future Cabinet meeting.
- 2.2.2 The Strategy sets out Our Vision: *To continue to be a financially sustainable Council with strong leadership that delivers valued services, a commitment to delivering innovation and change to meet the needs of our Borough* guided by our values and priorities:

*Achieving efficiency;  
Embracing effective partnership working;  
Valuing our environment and encouraging sustainable growth; and  
Innovation.*

## 2.3 Financial Context

- 2.3.1 In April 2017 a Special Expenses Scheme was introduced and the Financial Arrangements with Parish Councils Scheme revoked from the same date. In accordance with the prescribed methodology we are required to aggregate all expenditure as if special expenses did not exist and calculate a *notional* Band D tax rate. The Council's *notional* Band D tax rate for 2022/23 is **£224.50 (an increase of £5.00 or 2.3%)**. In setting this level of council tax, the Council is to make a contribution of **£104,500** to its General Revenue Reserve.
- 2.3.2 In respect of Government Grant funding (see paragraph 3) in 2022/23 the Council is to receive based on its baseline funding level (see paragraph 11) £4,895,974, a decrease of £401,012 or 7.6% when compared to the previous year.
- 2.3.3 The Medium Term Financial Strategy is the Council's high level financial planning tool which underpins the budget setting process. Alongside the MTFS sits a Savings and Transformation Strategy to provide structure, focus and direction in addressing the financial challenge faced by the Council.
- 2.3.4 Our external auditor (Grant Thornton UK LLP) following the 2021 audit concluded *the Authority has put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources. No significant weaknesses in arrangements identified, but improvement recommendations made.*

## 3. Local Government Finance Settlement

- 3.1 One of the external factors affecting the Council's budget is the level of Government grant funding that is allocated to Tonbridge and Malling through the Local Government Finance Settlement.
- 3.2 The Council received a provisional grant settlement of £2,302,118 in 2022/23, to all intents and purposes the same as that received in 2021/22 plus a payment for the under-indexing of the business rates multiplier of £189,122, a Lower Tier Services Grant allocation of £1,052,110 and a new (one-off) Services Grant in the sum of £158,677.
- 3.3 In addition, the Council's grant award under the New Homes Bonus scheme in 2022/23 is £1,193,947, a cash decrease of £1,015,871 or 46.0% when compared to the equivalent figure of £2,209,818 in 2021/22.
- 3.4 A breakdown of Government grant funding into the various funding streams is set out in the table below.

	2021/22 £	2022/23 £	Cash Increase/ (Decrease) £      %	
Local Share of Business Rates (baseline)	2,301,752	2,302,118	366	-
Tariff Adjustment ('negative RSG')				
<b>Settlement Funding Assessment</b>	<b>2,301,752</b>	<b>2,302,118</b>	<b>366</b>	<b>-</b>
<b>New Homes Bonus</b>	<b>2,209,818</b>	<b>1,193,947</b>	<b>(1,015,871)</b>	<b>(46.0)</b>
<b>Under-indexing of the Business Rates Multiplier</b>	<b>119,931</b>	<b>189,122</b>	<b>69,191</b>	<b>57.7</b>
<b>Lower Tier Services Grant</b>	<b>665,485</b>	<b>1,052,110</b>	<b>386,625</b>	<b>58.1</b>
<b>2022-23 Services Grant</b>	<b>-</b>	<b>158,677</b>	<b>158,677</b>	<b>-</b>
<b>Total Grant Funding</b>	<b>5,296,986</b>	<b>4,895,974</b>	<b>(401,012)</b>	<b>(7.6)</b>

- 3.5 Of the twelve district councils in Kent, Tonbridge & Malling Borough Council receives **the lowest** Settlement Funding Assessment both in **total and per head**.
- 3.6 Government grant funding continues the trend whereby the proportion of the Council's budget requirement met from council tax is increasing over time. The chart below shows the ratio between government grant and council tax.

- 3.7 In addition to council tax and grant funding streams, the Council also levies fees and charges locally for specific services and generates investment interest on monies held.

- 3.8 As the chart below demonstrates, the Council is becoming far more reliant on 'local' forms of income (i.e. the council tax levied, fees and charges and interest on monies held) to meet the cost of local services.

#### 4. Local Referendums to Veto Excessive Council Tax Increases

- 4.1 The Localism Act gives local communities the power to veto excessive council tax increases. The Secretary of State will determine a limit for council tax increases which has to be approved by the House of Commons. If an authority proposes to raise council tax above this limit they will have to hold a referendum to get approval for this from local voters who will be asked to approve or to veto the rise.
- 4.2 The level of council tax increase for 2022/23 above which the Council would be required to hold a referendum is **2.0%, or more than 2% and more than £5.**

## 5. General Fund

- 5.1 The Council's estimated net revenue expenditure for 2022/23 (prior to any contribution to or from the revenue reserve) amounts to £8,174,100. This is lower than it would otherwise be due to the contribution from the Business Rates Retention Scheme reserve to meet the business rates account deficit accounted for 'below the line'. A contribution of £104,500 is to be made to the revenue reserve giving £8,278,600 as the Council's budget requirement. A statement of balances and reserves is shown on page GF1.

## 6. Collection Fund

- 6.1 As the billing authority for the area, this Council has responsibility for maintaining the 'collection fund' accounts into which council tax and business rates are paid.
- 6.2 Each year we have to estimate the surplus / deficit on the collection fund in respect of council tax and then share this between the major precepting authorities including ourselves; and estimate the surplus / deficit on the collection fund in respect of business rates and then share this between the relevant parties in accordance with the Business Rates Retention scheme.
- 6.3 These are known as collection fund adjustments (by exception for the year 2020/21 any in-year deficit is to be spread over three years rather than accounted for in full in the year 2021/22).
- 6.4 The estimated **surplus** on the collection fund in respect of council tax at 31 March 2022 is £1,115,772. Our share, to be reflected in the 2022/23 Estimates is £157,731 followed by a deficit of £8,164 in 2023/24.
- 6.5 The estimated **deficit** on the collection fund in respect of business rates at 31 March 2022 is £14,537,198. Our share, to be reflected in the 2022/23 Estimates is £5,814,879 followed by a deficit of £449,867 in 2023/24. A large part of the deficit met by central government via what is referred to as Section 31 Grant payments and accounted for in 2021/22.

## 7. Council Tax Base

- 7.1 The Council Tax base, as determined by the Director of Finance and Transformation was set at **52,246.97** band D equivalents for 2022/23.

## 8. Council Tax Reduction Scheme

- 8.1 From April 2013, the Council Tax Benefit Scheme (which operated nationally) was replaced by local Council Tax Reduction Schemes. As part of the arrangements, the value of the financial support towards council tax is applied to council taxpayers' accounts in the form of a discount. The

discounts awarded, in turn, are taken into account when determining the Council's tax base (see paragraph 7).

## **9. Special Expenses and Parish Council Precepts**

9.1 In April 2017 a Special Expenses Scheme was introduced and the Financial Arrangements with Parish Councils Scheme revoked from the same date. The basic amount of council tax plus the special expenses Band D charge, where applicable, gives the total Borough Council Band D charge for that area. Details of the Special Expenses for 2022/23 can be found on page 24.

9.2 In addition, details of Parish Council precepts for 2022/23 can be found on page 25.

## **10. Consultation with Non-Domestic Ratepayers**

10.1 Before determining total estimated expenditure and calculating its requirements for the ensuing financial year, the Council has consulted representatives of its non-domestic ratepayers. No comments were received.

## **11. National Non-Domestic (Business) Rates**

11.1 National non-domestic rates are collected by billing authorities at a nationally prescribed rate in the pound and redistributed as part of the local government finance settlement. The prescribed standard rate for 2022/23 is 51.2p, the same as in 2021/22. A lower rate of 49.9p applies to small businesses with rateable values below £51,000.

11.2 From April 2013 business rates income collected above or below a pre-determined baseline funding level is shared between central government, the billing authority and other bodies covered by the Business Rates Retention scheme subject to safety net and levy arrangements.

11.3 It is assumed business rates income retained in 2022/23 will be below the baseline funding level, but above safety net.

## **12. Capital Estimates**

12.1 The Borough Council's Capital Plan is shown on pages CP1 to CP24. This is the culmination of a review process which began in January 2022. The progress on existing Capital Plan schemes has been noted and Cabinet on 10 February 2022 recommended two new capital plan schemes.

12.2 Bearing in mind the challenging financial outlook and the limited funding available, only schemes meeting one or more of the following criteria would normally be considered for inclusion in the Capital Plan:

- to meet legislative requirements including health and safety obligations;
- funded from external resources; and
- reduce revenue expenditure and or generate income.

### **13. Cabinet**

13.1 Cabinet comprises the following Councillors:

Cllr M Boughton	Leader and Strategic Planning and Infrastructure
Cllr R Betts	Environment and Climate Change
Cllr V Branson	Economic Regeneration
Cllr M Coffin	Finance, Innovation and Property
Cllr D Keers	Community Services
Cllr P Montague	Technical and Waste Services
Cllr K Tanner	Housing

### **14. Acknowledgement**

We are also grateful to the Management Team and staff across the organisation for their support, advice and assistance throughout the process. Finally, we would like to thank the Cabinet and Members of the Council for their dedication and their support throughout the budget setting process.

## **MEDIUM TERM FINANCIAL STRATEGY 2022/23 – 2031/32**

### **INTRODUCTION**

It goes without saying that the Council faces a **difficult and challenging financial outlook**. We do, however, believe that our Medium Term Financial Strategy is resilient and the financial pressures likely to confront us can be addressed in a measured and controlled way, but this is becoming progressively more difficult.

This Medium Term Financial Strategy represents an update to the strategy approved by Council on 23 February 2021. The update has been prepared given the circumstances prevailing in February 2022. It will be reviewed and updated further as circumstances change, but nevertheless, remains a **statement of intent** by all stakeholders and should be read in conjunction with the Budget Statement for 2022/23.

Alongside the MTFs sits a Savings and Transformation Strategy. The purpose of the Strategy is to provide structure, focus and direction in addressing the financial challenge faced by the Council. In so doing, it recognises that there is no one simple solution and as a result we will need to adopt a number of ways to deliver the required savings and transformation contributions within an agreed timescale. A number of key themes have been identified, together with outline targets and timescales.

### **FINANCIAL CONTEXT**

The Council's *notional* Band D tax rate for 2022/23 is £224.50 (an increase of £5.00 or 2.3%). In setting this level of Council Tax, the contribution to or from the General Revenue Reserve is a contribution to the Reserve of £104,500.

One of the external factors affecting the Council's budget is the level of Government grant funding that is allocated to Tonbridge and Malling through the Local Government Finance Settlement.

The Council received a provisional grant settlement of £2,302,118 in 2022/23, to all intents and purposes the same as that received in 2021/22 plus a payment for the under-indexing of the business rates multiplier of £189,122, a Lower Tier Services Grant allocation of £1,052,110 and a new (one-off) Services Grant in the sum of £158,677.

In addition, the Council's grant award under the New Homes Bonus scheme in 2022/23 is £1,193,947, a cash decrease of £1,015,871 or 46.0% when compared to the equivalent figure of £2,209,818 in 2021/22. The future of NHB or a replacement remains the subject of discussion, but at the very least will not continue in its current form leaving one of two options. The scheme is withdrawn and not replaced or is replaced, but where the funding stream and sum awarded is much reduced (our working assumption).

However, it is important to stress that **dependent** on the outcome of the Fair Funding Review, the future of NHB and the recently introduced lower tier services grant and new one-off services grant, business rates reforms and the extent and speed of the recovery following the pandemic, there is a **risk** the funding gap could be more than is presently reflected in the MTFS.

In the latest iteration of the MTFS it is assumed government grant funding will **steadily** reduce from circa £4.8m in 2022/23 to £2.7m in 2025/26 before seeing a modest increase year on year thereafter and that the reductions in income and increased costs seen as a result of the pandemic in large part **will return** to pre Covid-19 levels in the short to medium term; where the latest projected funding gap between expenditure and income is **circa £2,150,000**. **Plus** the initiative already built into the MTFS, scaling back of office accommodation in the sum of **£200,000** by April 2024.

As in previous iterations of the MTFS the latest projected funding gap can be broken down into tranches to enable more measured steps to be taken (Tranche 1 – £350,000 by April 2023; Tranche 2 – £500,000 by April 2024; Tranche 3 – £650,000 by April 25 and Tranche 4 – £650,000 by April 2028).

The Council has a wide-ranging Capital Plan and has adopted a Capital Strategy and Capital Planning process which are regularly reviewed to reflect changing circumstances. Other than funding for the replacement of our assets which deliver services as well as recurring capital expenditure, there is now an annual capital allowance for all other capital expenditure.

Any 'bids' for capital schemes or discretionary capital grants are to be assessed in the context of the annual allowance. The annual capital allowance is currently set at £250,000. Based on current projections, from 2028/29 the Council may need to borrow to fund such expenditure.

This does not however, preclude a decision to borrow in order to fund in full or in part a capital investment opportunity that meets the Council's strategic priorities and objectives, achieves value for money and delivers a financial return. Each such opportunity to be considered on a case by case basis as appropriate.

### OBJECTIVES

- To achieve a balanced revenue budget that delivers the Council's priorities by the end of the strategy period.
- To retain a minimum of £3.0m in the General Revenue Reserve by the end of the strategy period and not to fall below £2.0m at any time during the 10-year period.
- Seek to set future increases in council tax having regard to the guidelines issued by the Secretary of State.

- Continue to identify efficiency savings and opportunities for new or additional income sources and to seek appropriate reductions in service costs in delivery of the Savings and Transformation Strategy approved by Members.
- Subject to there being sufficient resources within the capital reserve, set a maximum 'annual capital allowance' each year as part of the budget setting process for all new capital schemes (set at £250,000 from the Council's own resources) and give priority to those schemes that generate income or reduce costs.

## **THE STRATEGY**

The updated Strategy is set out below. It incorporates:

Document 1: A Revenue Budget Plan for the period 2022/23 to 2031/32 together with a projection of Council Tax Levels in order to support that Revenue Budget Plan and meet the objectives set out above.

Document 2: A Capital Plan Funding Statement for the period to 2027/28.

The Strategy should be read in conjunction with:

- The Treasury Management and Annual Investment Strategy for 2022/23 recommended to full Council by Cabinet on 10 February 2022.
- The updated Capital Strategy recommended to full Council by Cabinet on 10 February 2022.
- The report to Cabinet on 10 February 2022 entitled 'Setting the Budget 2022/23'.
- The report to Cabinet on 10 February 2022 entitled 'Setting the Council Tax 2022/23'.
- The Budget Statement 2022/23 to which this Strategy is annexed.

This Strategy, together with the Savings and Transformation Strategy will be reviewed and updated at least annually.

## Savings & Transformation Strategy 2022/23 – 2031/32

### INTRODUCTION

By way of context, since 2010/11 the Council has seen its Settlement Funding Assessment (core funding) decrease by some 65% or £4.3m (from £6.6m in 2010/11 to £2.3m in 2022/23).

The fall in core funding is, in part, negated by the grant award under the New Homes Bonus (NHB) scheme which in 2022/23 is around £1.2m and other grant income. However, the future of NHB or a replacement remains the subject of discussion, but at the very least will not continue in its current form leaving one of two options. The scheme is withdrawn and not replaced or is replaced, but where the funding stream and sum awarded is much reduced (our working assumption).

We are fortunate that we do not have to make all the required savings and transformation contributions in one year and can spread the challenge into ‘tranches’ as set out within the Council’s Medium Term Financial Strategy (MTFS). Nevertheless, the Council have acknowledged that we need to balance customer expectations with the need to make these savings and transformation contributions and achieve as much as possible in the earlier years to provide the best long-term financial sustainability.

In the latest iteration of the MTFS it is assumed government grant funding will **steadily** reduce from circa £4.8m in 2022/23 to £2.7m in 2025/26 before seeing a modest increase year on year thereafter and that the reductions in income and increased costs seen as a result of the pandemic in large part **will return** to pre Covid-19 levels in the short to medium term; where the latest projected funding gap between expenditure and income is **circa £2,150,000**. In updating this Strategy, it is noted that the ‘tranches’ assumed within the MTFS are: *Tranche 1* – £350,000 by April 2023; *Tranche 2* – £500,000 by April 2024; *Tranche 3* – £650,000 by April 2025 and *Tranche 4* – £650,000 by April 2028. **Plus** the initiative already built into the MTFS, scaling back of office accommodation in the sum of **£200,000** by April 2024.

### OBJECTIVES

In developing this Strategy, the Council has set the following objectives:

1. To deliver sufficient savings and transformation contributions in order to bridge the funding gap identified in the MTFS, and to deliver as much as possible in the earlier years in order to minimise risk to the Council’s finances.
2. To direct resources in line with the principles of the Council’s Corporate Strategy.
3. To maintain the Council’s reputation of good front line service provision.

4. To adopt a 'mixed' approach to addressing the funding gap through a series of 'themes'.
5. To be open to accept 'cultural' change/transformation in the ways we work and offer services to the public in order to release efficiencies and savings.
6. To engage, as appropriate, with stakeholders when determining how savings and transformation contributions will be achieved.

## **THE STRATEGY**

It is recognised that there is no one simple solution to addressing the financial challenge faced. The Council will need to embrace transformation in a multitude of ways in order to deliver the savings and transformation contributions within an agreed timescale.

This Strategy sets out a measured structure and framework for delivering the necessary savings and transformation contributions through a series of 'themes'. Each theme has a deliverable target within a timeframe.

Whilst the framework includes some major areas where savings can be made without direct effect on services, by adopting this Strategy the Council has recognised that it may need to decide that some service areas should change/transform to accommodate saving requirements. That might mean doing things differently, with even greater efficiency – for example, with the help of new technology – and with increased income opportunities where circumstances allow this. It will in all likelihood also mean that services will simply need to be run with fewer resources, downsized or cease. All these approaches will require a shift in culture for the organisation so that we can be focused and flexible in the way in which we deliver services to our communities.

The Themes, Targets, and Timeframes for the Strategy are set out in the table below, and will be the subject of review at least annually.

Progress on identifying and implementing savings and transformational opportunities across the various themes will be regularly reported to and reviewed by Management Team and in-year update reports presented to Members as appropriate. The Council is committed to engagement with relevant stakeholders as proposals are brought forward.

<b>Sports Grounds</b>  (a) Racecourse Sportsground Riverside Revetment	Health & safety	Replace sections of the existing wooden revetment which is failing and causing erosion of the riverbank at Tonbridge Racecourse Sportsground. Scheme is part funded by grant from the Environment Agency. Budget increased by £105,000 following unsuccessful outcome of tender exercise and cost review by the Building and Facilities Manager in liaison with external consultants. Works initially delayed to enable bridge replacement to be completed first and delayed further due to pandemic. Works now to take place in 2022/23.
(b) Racecourse Sportsground Rugby Pitch Drainage	Externally funded	To improve drainage to the rugby pitches at Tonbridge Racecourse Sportsground that are currently subject to regular flooding to maintain and enhance their use. Funded from developer contributions and a virement of £8,000 from the Land Drainage Improvement Programme. <b>Open Spaces</b>		
(a) Leybourne Lakes Country Park Path Improvements	External funding	Due to increased usage of the Country Park, including the popular weekly Parkrun, resurfacing of the path around the main lake is required on health and safety grounds and in order to maintain good access for the public and make it accessible for less able users. It was originally hoped the scheme could be funded in full from grants and/or developer contributions. Unfortunately no such external funding has been sourced and the works are considered to be essential and cannot wait to be progressed. Further pathworks around the lake may take place funded by KCC as these are designated Public Rights of Way.
(b) Leybourne Lakes Country Park Facility Improvements	External funding	To build a purpose built lakeside facility to provide year round catering and a centre for watersports. The facility would meet an identified customer need and would be income generating. The project will help support the long term sustainability of the Leisure Trust. Costs to be met from developer contributions and a £64,000 contribution from the Council's Climate Change Reserve, together with a virement of £8,000 from LLCP path improvement works capital plan scheme.
<b>Other Leisure Schemes</b>		
(c) Tonbridge Cemetery / Closed Churchyards Memorial Safety	<i>Former Corp't Aims &amp; Priorities</i>	Provision based on Local Government Ombudsman's recommendation to inspect every five years.

<b>Car Parking</b>  (a) Existing Car Parks Improvement Programme  (b) Car Parking Improvement Works	<i>Former Corp't Aims &amp; Priorities</i>  Income generation, Health & Safety	An annual provision for capital investment in the Council's off-street car parks to ensure that their condition is adequate for health & safety, legislation, the needs of our customers and income generation. A condition survey of the car parks has been progressed to determine a future work programme.  The capital plan scheme relating to the introduction of car parking charges in Aylesford, Martin Square and Snodland is no longer required following the decision to withdraw the proposal.
<b>Transportation</b>  (c) Electrical Vehicle Charging Points	<i>Former Corp't Aims &amp; Priorities</i>	Provision to progress phases 1 and 2 of programme to install Electric Vehicle charging points in Council owned car parks across the borough. Procurement progressed using framework and KCC countywide tender exercise. Installation of phase 1 planned for March 2022.
<b>Land Drainage / Flood Defence</b>  (d) Wouldham River Wall	<i>Former Corp't Aims &amp; Priorities</i>	Strengthening / rebuilding to address movement detected in the retaining wall between the public open space and the River Medway. Budget increased by £300,000 to £1,000,000, as part of the 2015/16 Capital Plan Review, reflecting a re-evaluation of scheme costs by the consultant Quantity Surveyor. Movement in the wall is being monitored by an external consultant over the next 5 years to determine requirement for works. Funding rescheduled to 2023/24 in liaison with local Members and the Parish Council. Funding may need to be brought forward if monitoring identifies significant changes in movement levels of the wall. Budget increased by £125,000 to maintain the purchasing power of the reprogrammed scheme. Health and safety related path repairs were undertaken in 2018/19.
(e) Leigh Flood Storage Area	<i>Former Corp't Aims &amp; Priorities</i>	Contribution to an Environment Agency project to improve the Leigh Flood Storage Area. Project aims to provide additional flood protection and reduce the risk of flooding to local households and business premises and a range of community and leisure facilities, including those in the ownership of the Council, particularly in central Tonbridge. Scheme approved Cabinet September 2016.

Savings target		Following the Overview and Scrutiny Committee review of capitals renewals (September 2014) savings target increased from 20% to 25% for 2015/16 and embedded in the detailed estimates thereafter by increasing estimated useful life for scheduled items. However, no changes were made to the Leisure Centre renewals schedules (expended by TMLT) so the 25% savings target is retained throughout the plan period.
