42804769	0	Table 9 - List of Sites - Wateringbury	<p>Sites 59730 &amp; 59736 which is a repeat of the same site! The comments below are particularly relevant regarding access onto a bend, which is a 50mph limit and drivers all appear to push the limit between Trottiscliffe and Addington; with no infrastructure and amenities available to the site.</p> <p>59700 - Small infill site, no objection</p> <p>59845 - Large development which would result in the clear divide between Wateringbury and Teston being lost. Not supported</p> <p>59524 - Large development, which would destroy existing Countryside and would require an improvement in the road infrastructure to accommodate - Not supported</p> <p>59723 - Small Development - no objection</p> <p>59799 - Large Development in an isolated area outside of the village on existing countryside - not supported</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>
42458241	0	Table 9 - List of Sites - Wateringbury	<p>59797 - A very large development which would essentially connect Kings Hill to Wateringbury, thereby destroying the identity of Wateringbury as a village The development would be visible from the Medway Valley and would destroy the current perspective from the valley where Kings Hill cannot currently be seen.</p> <p>59664 - Small infill development adjacent to an existing road - no objection</p> <p>59728 + 59729 + 59803 - Large developments of existing agricultural land that would represent a significant increase in the number of houses in Wateringbury and the related pressure on transport (especially the Wateringbury Crossroads) as well as other services - not supported</p> <p>59654 - 4 Houses would be supported</p> <p>59803, 59800, 59802 - Comments as for 59797 concerns re the loss of agricultural and meadowland plus Cannon Lane is too narrow to support the resultant additional traffic - Not supported site:59799</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>
42614433	0	Table 9 - List of Sites - Wateringbury	<p>Parts of this potential site falls within the Conservation Area, how is it possible to build more housing on a conservation area?</p> <p>Is that not the whole point of an area being declared a conservation area that it is protected from urbanization.</p>	<p>Comments noted</p>

42614721

Table 9 - List of Sites -  
Wateringbury

I am responding to the sites put forward to be added to the local plan particularly site 59802. This site is totally inappropriate to be considered for housing.

Site 59802 is Metropolitan Green Belt agricultural land. The site would have to be accessed from either Canon Lane or King's Hill. Canon Lane itself would be totally inappropriate as a means of access as it is very narrow (two cars cannot pass along much of the lane) and much of the lane does not have pavement. Existing residents have to drive very carefully as lots of people use the road to walk their dogs or access Kings Hill by foot. Any increase in traffic would put these pedestrians at greater risk and involve a lot of reversing of cars to get up and down the lane. Access from Canon Lane onto the A26 is also not ideal as it is just after a bend in the road.

Access from King's Hill to site 59802 would have to break through and destruct the wildlife zone and ancient woodland that was insisted on and put in place as part of the planning conditions to protect the wildlife in this area to and keep a permanent natural barrier between King's Hill and Canon Lane. Using this Metropolitan Green Belt agricultural land for development in such an insensitive way would not only destroy this peaceful part of Wateringbury that much of the village enjoy for leisure but would also reduce the area of farmable land at a time that Britain is meant to be ensuring it is more self reliant on home grown rather than imported products.

I trust that this land will not be considered as appropriate for development.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

		<p>Site 59803 proposes 331 houses - this would have a significant impact on the village of Wateringbury.</p> <p>Can the existing Doctor's surgery cope with this amount of new inhabitants? Does the primary school have sufficient provision? where will secondary school pupils go? Can the existing sewerage works cope with this size of development? The proposed site is a green landscape asset, it is also Grade 1/2 agricultural land and is in a water source protection zone! This size of development will have a significant impact on the levels of traffic within Wateringbury, particularly at the crossroads which is already has the lowest level of air quality in the Borough. There will be significant additional light pollution due to this many new homes. The whole "townscape" character and quality of the village would be significantly harmed by this.</p>	
42445953	0 Table 9 - List of Sites - Wateringbury	<p>Site 59800 proposes 275 dwellings and Site 59802 proposes 644 dwellings - either of these developments would have a significant impact on the village of Wateringbury. All of my previous comments about Site 59803 also hold true for this site, except these sites are an even worse idea as they would bridge the green gap between Wateringbury and Kings Hill. At the time of Kings Hill's development it was agreed that there would never be a link between the two locations and that should remain the case. These sites are both valuable green infrastructure assets, it is Grade 1/2 agricultural land that is within 250m of an internationally or nationally designated biodiversity or geodiversity site - we simply cannot go around building on this type of land, there are more suitable locations than this. Access to both sites is appalling, Canon lane is not a suitable access point for developments of this size. Canon Lane junction with Tonbridge Road is practically a blind corner....</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>
		<p>Site 59797 - Possible 1228 dwellings - this would represent a completely new village being built between Mereworth and Wateringbury.</p>	
42445953	0 Table 9 - List of Sites - Wateringbury	<p>This would drag Kings Hill down to the A26 - this was never the plan for Kings Hill and shouldn't be permitted. There are not the facilities to cope with this many new residents in ether Wateringbury or Mereworth. Where will these people go to school - they certainly will not walk to either of the 2 local primary schools - more car journeys on an already busy road. This is green infrastructure asset, it is with 250m of an internationally/nationally designated site of biodiversity or geodiversity... this land must not be developed and taken out of agricultural use. It is the green break between the villages of Wateringbury and Merworth - we are not one merged community. It would also bridge the green gap to Kings Hill....</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>

		[Sites 59797 and 59800]	
42684065	0 Table 9 - List of Sites - Wateringbury	<p>I am writing to you to please remove the golf course from the call to site. As someone that lives in kings hill and is a member of the golf course, I feel you should seriously consider this crazy question of making the course a potential site.</p> <p>We have a huge amount of developments already being built in the area and by taking land from the course really takes away the appeal of kings hill. If you was to go ahead with this idea I would enquire selling my house and moving out. You would be ruining one of kings hills great appeal of a golfing town. All of these further developments are ruining which once was a great area in kings hill.</p> <p>Please stop taking up the land and look at creating more open spaces for people to enjoy.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
42686177	0 Table 9 - List of Sites - Wateringbury	<p>I wish to object to part of the local plan that includes land on Kings Hill Golf Club. 59797 and 59800.</p> <p>Surely with the increase in development we need more leisure facilities and green space for the current and new residents. I can't see how taking over part of the golf club benefits anyone.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
42690721	0 Table 9 - List of Sites - Wateringbury	<p>My comments relate to the registered list of sites under regulation 18 of your local plan and in particular those located in Wateringbury. There are four proposed sites that give rise to grave concern and will have a detrimental impact on local residents, the environment and the capacity of an already overcommitted infrastructure. In terms of the environment, the proposed sites for residential development would impact the health and wellbeing of residents. The A26 area of Wateringbury is already a declared Air Quality Management Area (AQMA) and recently featured in the LAQM Annual Status Report 2022 published in June - ref: AQMA 4. The DEFRA site also states the latest response from TMBC <a href="https://uk-air.defra.gov.uk/aqma/details?aqma_ref=294">https://uk-air.defra.gov.uk/aqma/details?aqma_ref=294</a> - a quick glance suggests very little has been actioned to tackle the declared air quality issues, regardless of the local plan proposals. There are also detrimental effects to the wellbeing of residents and the very reason that many homeowners located to Wateringbury; namely the views and rural aspect, which would be destroyed by allowing the proposed development sites to progress. Schools in the area are already oversubscribed, as are GP and NHS dental surgeries; traffic on the roads is constant and causes relentless chaos during both peak and off peak times. The sites with the most significant impact (negative) to local residents would be 59845, 59700, 59797 and 59803.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
42666881	0 Table 9 - List of Sites - Wateringbury	<p>As a resident of Mereworth I have not studied this list of potential sites in depth, but note that site 59797 (1228 homes) virtually abuts site 59752 in Downs and Mereworth (another 1390 homes) and am concerned that, were both sites to be developed, this would result in almost unbroken housing between Wateringbury, Mereworth and Kings Hill, thereby destroying the 'village character' of the first two.</p> <p>The sites are in the Green Belt and appear to be prime agricultural land - a massive development on this scale will undoubtedly overwhelm the existing highways, utility supply, education and healthcare infrastructure, as explained in my comments against the list of sites for Downs and Mereworth.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

42702881

0 Table 9 - List of Sites -  
Wateringbury

Having studied the consultation proposals, we wish to object to the following development proposals:

59761 [Downs & Mereworth]

59740 [East Malling]

59834 [Medway]

59630 [East Malling]

59634 [Kings Hill]

59631 [East Malling]

59797 [Wateringbury]

59800 [Wateringbury]

59802 [Wateringbury]

59424 [Kings Hill]

59655 [Kings Hill]

We have particular objection to sites 59802, 59800 and 59797, and wish to express our extreme concern for the loss of green belt land and countryside as recreational use. These developments would also harm roads with quiet lane status and harm aquifer for streams. They are outside the boundaries of existing developments

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

		<p>On 25.10.2022 Submit my objections below to the sites marked with an “X” and identified by Tonbridge &amp; Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-</p>	
		<p>[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p>	
		<p>Reasons for objections - Harm to conservation areas and harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	
42585921	<p>Table 9 - List of Sites - 0 Wateringbury</p>	<p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>
		<p>[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	

		Submit my objections below to the sites marked with an “X” and identified by Tonbridge & Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-	
		[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
		Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
42707521	Table 9 - List of Sites - Wateringbury	[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	
		Reasons for objections:-  Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	
Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.			
Local Plan Individual Site Objections			
42711745	Table 9 - List of Sites - Wateringbury	Site 59797 Residential 1228 dwellings    West quarter of Kings Hill golf course to A26	
		Reasons for objections • Harm to conservation areas or harm to significance of conservation areas • Green Belt • Countryside • Harm to the aquifer for streams • Harm to quiet lane and rural road networks • Outside of the confines of existing developments • Loss of agricultural land • Traffic restricted on local roads	
		Site 59800 Residential 275 dwellings    East Quarter of Kings Hill golf course	
		Reasons for objections • Green Belt • Countryside • Harm to the aquifer for streams • Harm to quiet lane and rural road networks • Outside of the confines of existing developments • Loss of agricultural land • Traffic restricted on local roads	
Site 59802 Residential 644 dwellings    East of Canon Lane, South of Hollandbury Park			
Reasons for objections • Green Belt • Countryside • Harm to the aquifer for streams • Harm to non-listed heritage assets • Harm to quiet lane and rural road networks • Outside of the confines of existing developments • Loss of agricultural land • Traffic restricted on local roads			
Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.			

		<p>Brilliant work! NO I !!! Having identified that brownfield sites should be used for development, and greenfield sites avoided, all 14 of these sites are designated greenfield, so more of our rural countryside gets swallowed up in the drive to make our county one big area of tarmac and concrete.</p> <p>I do not see that any of these sites are suitable for building houses. It is interesting to note that that Section1 of each review links the presence of a nearby healthcare facility OR an open space for exercise and recreation. There is only one aspect of this that matters and that is that the doctor's surgery in the village is oversubscribed. For many months this year, they closed their lists to new patients, I believe they have now reopened, but for how long? The plan glibly talks about 100 houses here, and 100 houses there; each house will have at least 2 and possibly 4 occupants, so every site developed adds another say 300 people requiring doctors services. That means that the first thing that would have to be done is to build a new healthcare facility and staff it BEFORE you build the first house.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
42561825	0 Table 9 - List of Sites - Wateringbury	<p>Schooling. A lot of the sites are noted as being less than 800 metres from an existing primary or secondary school, but not both. Well, we all know there is no secondary education in the village, so we are talking about the primary school. Once again, I am given to understand that they have no spare capacity; the school is very popular, and people are keen to move here to access that school. So once again, there is no local school availability, so parents will be driving their children elsewhere, leading to more congestion and pollution, through the village.</p> <p>Three of the sites, 59797, 59800 and 59802 all show areas to the North of the village, that will effectively join Wateringbury to Kings Hill. This will turn Canon Lane into a rat run, easing the pressure on the already overloaded A228. This quiet idyllic country lane will be turned into a race track, adding to the traffic nightmares that we already suffer. The turn out at the bottom of Canon Lane will become a blackspot for accidents because of the speed that traffic is travelling at, along the A26. To the left of Canon Lane, is a blind corner, created by the stone wall around Wateringbury Place. It is not uncommon for vehicles to travel along the A26 at 40+ mph, so traffic emerging from Canon Lane and turning right, will be in a very dangerous position</p> <p>I have the following observations/objections regarding the List of Sites for Wateringbury.</p> <p>1) Development of green field sites, which I believe not to be in the National or Local interest.</p> <p>2) Lack of appropriate infrastructure to support a larger community. No significant leisure facilities, secondary schools and limited healthcare support, meaning that households have to travel in order to access supermarkets and other retail services.</p>	
42714881	0 Table 9 - List of Sites - Wateringbury	<p>Wateringbury already has significant traffic problems at various times of the day, the A26 Tonbridge Road and surrounding roads are relatively narrow by modern standards not helped by residents parking as a result of no off road facilities. A further increase of traffic due to future developments would have an impact on the local air quality. I believe that the readings at the crossroads are some of the highest in the Borough.</p> <p>3) In respect of site id 59845 all of the above apply, with the addition that this area supports local people with a facility for both looking after and to stable their horses. This parcel of land has probably the only view of the Medway valley from the A26 and separates Wateringbury from Teston which is in the Maidstone Borough.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
42438273	0 Table 9 - List of Sites - Wateringbury	59797 effectively merges kingshill into wateringbury. This is devastation of greenbelt, excessive housing compared to infrastructure and loss of all local environmental benefits.	Comments noted

42732801	Table 9 - List of Sites - 0 Waterringbury	Site 59/96 - Reasons for unsuitability	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>
42796417	Table 9 - List of Sites - 0 Wateringbury	<p>For sites ref : 59845 and we would like to raise the following concerns :</p> <p>* amount of traffic : increasing the (already high level of traffic) going through Wateringbury which in turn will lead to :</p> <p>* longer congestion queues at Wateringbury traffic lights increasing journey times and further delaying the regular emergency ambulances getting to and from Pembury hospital</p> <p>* even higher levels of polution - the current levels of PM2.5 are already 1.2 times the WHO annual air quality guideline value</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>

42796705	0 Table 9 - List of Sites - Wateringbury	<p>With regards to site ID 59803.</p> <p>The infrastructure that exists is not adequate now for the traffic we already have on the A26 and Wateringbury cross roads, with queues exceeding 1 mile long most/ every day, the air quality is already 1 of the worst in the area and has only got worse in the past 5 years. Road noise has increased exponentially in recent years. Healthcare/ doctors facilities in the area are already fully booked with long waiting lists. The A26 Wateringbury to Teston already suffers with flooding on regular basis how can adding more houses to an already overloaded drainage/ sewer system and road system even be entertained as sustainable.</p> <p>wateringbury</p> <p>Site 59797 – north of A26 from Bull Farm to the east, 1228 homes</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>
42443041	0 Table 9 - List of Sites - Wateringbury	<p>All the roads near to Mereworth are under extreme pressure due to the existing large scale development at Kings Hill and are already inadequate for the volume of traffic using them to access the motorways ie. M20 and M26. The proposed development would add to highways pressure on the A26, B2016 and the A228 and to existing congestion problems on The Street in Mereworth, which is a cut-through used to/from the B2016 and A228 as well as servicing a primary school with its parking. There are longstanding issues with the Kent Street/A228 junction which would be exacerbated by development on this scale. There are already long queues of traffic to the roundabout where the A26 bisects the B2016 in the morning and afternoon rush hours. Any accident or incident on the M20 causes traffic to use these roads to divert and hence gridlock results. Any accident or incident on the A228 or B2016 likewise causes congestion on the A26 near to this site where it meets the B2016. In addition the A26/B2016 is used as a diversion if there is an incident causing the A21 to shut. The crossroads at Wateringbury on the A26 is already under pressure with very poor air quality and few options to expand it. This development would exacerbate pressure on the crossroads at Wateringbury.</p> <p>The site is in a rural area with a few cottages nearby which were linked to Bull Farm and/or Mereworth Castle and hence appropriate within the agricultural landscape. The proposed development would turn this rural area into a housing estate four times the size of Mereworth village (c300 dwellings) and as such would in itself create a large sized village. However because of the location of the site, it would merge development with the existing recently built huge new village at Kings Hill and create a contiguous urbanisation with Kings Hill. This would mean that the distinctiveness of Mereworth as a village in its own right would be less clear, particularly given the land owner’s proposal to develop the land to the west of this site, which would join the whole area up in one huge housing development.</p> <p>There is the following infrastructure missing from this site: water supply, mains drainage, electricity</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>

		59700 and 59803 and general Waterringbury and surrounds.	
		For the first time in several generations our food security is at risk. The government framework promised to ensure that good agricultural land should be used for agroecology and the production of healthy foods.	
		The current climate emergency dictates that to feed people we must retain our prime (Grade 1,2 and 3) agricultural land. Much of the land being considered for potential development around Waterringbury, Mereworth and Kings Hill is green belt and prime agricultural land and should therefore be excluded from residential development.	
42819489	Table 9 - List of Sites - Waterringbury	Land at Waterringbury village crossroads, incorporating Red Hill/Tonbridge Road A26/Bow Road has been subject to AQMA since 2005 and remains in the top ten worst affected areas in Kent. (Friends of the earth survey in 2018 registered 58.1 ug/m3 making third worst in Kent in their survey). Ref. 59700 and 59803 are just inside the AQMA 100m zone when measured accurately. Further development both within Waterringbury and surrounding areas will increase traffic levels and exacerbate the unacceptable levels of pollution currently experienced.	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
		At peak times the crossroads experiences long tailbacks of traffic in all directions. The road infrastructure in the village cannot support increased traffic levels that significant housing development in the village and surrounding area will bring.	
		The primary school and GP surgery do not have capacity for increases in pupils/patients and would therefore necessitate additional travel to other areas some of which are not served with public transport. And if they are, are not financially viable for families. Secondary schools and college places will also be an issue in terms of access and travel.	
42772769	Table 9 - List of Sites - Waterringbury	Development spread towards Teston village would effectively remove the definition between these I object to any of these sites being used for residential developments. The only 'positives' awarded are minor and I believe a false positive. For example, a 'minor positive' is that sites are close to existing healthcare facility (however, it can already be difficult to get a doctor's appointment), and that the sites could provide a mix of housing. However, the cost of this would be great, in a rural village area already experiencing high traffic volumes (and pollution from vehicles) and at the expense of areas of greenbelt and agricultural land, which are vital to protect for environmental reasons, economic (agriculture reasons). Many of these site are also on B roads which do not provide adequate access and cannot cope with heavy traffic. TMBC should be protecting farmland (and encouraging farming and agriculture for environmental reasons, and economic and UK self-sufficiency reasons), and protecting the wellbeing of current residents through access to green spaces, and preventing further pollution and traffic in our rural spaces.	Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

42474817	0	Table 9 - List of Sites - Wateringbury	<p>The proposal to develop 59797 and 59800 will remove land from the Green Belt, it will not improve human health if you destroy a golf club it will be quite the latter and result in KH Golfers having to play elsewhere with all the issues of added pollution! It will also lead to a loss of amenity for the community (I am not a golfer for the record) the argument that is near a health centre is spurious as the health centre cannot cope with the level demand now! There are not many walks around Kings Hill that have a rural feel to them but the footpaths and woods around and through the golf course are a joy and people use this for exercise in a peaceful natural environment as do dog walkers. If this is flattened to be more urban sprawl then this amenity is lost, in addition the wild life will disappear as an early morning dog walker I always love to see the deer in the woods or on the golf course and the woodpeckers by the second green on the golf course, this will all be lost.</p> <p>When we moved to Kings Hill in 1996 we were assured this was going to be a premier development of no more than 760 houses!</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
42519041	0	Table 9 - List of Sites - Wateringbury	<p>Site id nos. 59624, 59799 and 59723 - these proposed sites for residential and mixed use are located in an area accessible only by the narrow, single track unlit Pizien Well Road. This lane can barely cope with occasional increases in traffic when road conditions in the surrounding areas cause drivers to elect to use it as a 'rat run'. The resulting increased traffic would have a huge impact on the already over used Wateringbury crossroads and add to the already extremely high pollution levels.</p> <p>The area supports many species of wildlife and flora &amp; fauna which could potentially be lost if any development goes ahead. There are numerous natural springs in the area.</p> <p>site id no. 59797 - any development on this site would greatly impact on the already existing busy A26, and would necessitate major road works. It would also be reducing the green space passage separating it from Kings Hill.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

		Opening comment	
		Comments are generally related to ALL Watringbury large scale proposed sites as well as neighbouring Mereworth	
		The author has, and/or attempted to avoid subjective views, however, inclusive of suggestions.	
		The author also has no objections to small scale development, development of brownfield sites or the redevelopment of former commercial or residential structures.	
42441121	0 Table 9 - List of Sites - Watringbury	<p>Local A26 junctions. Vast land swathes have been identified in this small local community that will swamp an already congested road infrastructure with road access and main arteries between connecting major towns and motorways at an absolute premium. Even a simple diversion (which occurs regularly) results in very lengthy travel through other small or restricted communities. Air pollution at the busier junctions have been recorded as above average and will deteriorate</p> <p>With motorists seeking alternatives to main routes often results in having to navigate through narrow unlit country lanes and exacerbating air quality not to mention noise pollution and nuisance</p> <p>e.g. B2246 Hermitage lane, at peak times, traffic is regularly q'd at peak times from the junction of the A26 to the A20, any proposed large scale development will render access at these times impossible.</p> <p>e.g. Red hill link road from Watringbury to the A20 is a narrow country lane increasingly used as a cut through though restricted roads and mews style communities, again will be impossible if large scaled development introduced to the proposed Red Hill area</p> <p>SA Objective 1 To improve human health &amp; well-being</p> <p>I'm very concerned about the future housing development plans considering the infrastructure, schools, doctor surgery etc etc would not be able to sustain these projects.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
42586753	0 Table 9 - List of Sites - Watringbury	<p>I'm also concerned that some of these sites are on Green belt land.</p> <p>The roads in Watringbury are already overwhelmed with HGV and commuter traffic and are becoming very dangerous with heavy and fast traffic.</p> <p>I therefore can't support any of these proposals.</p>	Comments noted. The local plan development strategy and associated infrastructure demands will be reflected within the Infrastructure Delivery Plan.

		<p>59797</p> <p>I object to this proposal as it introduces a significant number of dwellings which will harm conservation areas and green belt and countryside. There will be harm to the aquifer for streams, harm to quiet lanes and rural road networks plus loss of agricultural land. It is outside the confines of existing developments and negatively impacts the Kings Hill Golf Course, which is a local business providing sporting activities to members and creating jobs. The local utilities cannot cope with this increase and the doctor's surgery is already overwhelmed</p>	
42588129	<p>0</p> <p>Table 9 - List of Sites - Wateringbury</p>	<p>59800</p> <p>I object to this proposal as it destroys the Kings Hill Golf Course which is a local business providing important sporting activities to members and creates jobs. It is on green belt countryside, does harm to the aquifer for streams, ruins the quiet lane and rural road network. It is outside of the confines of the existing development and takes away agricultural land. The local utilities cannot cope with this increase and the doctor's surgery is already overwhelmed</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>
		<p>59802</p> <p>I object to this proposal as it negatively impacts local businesses by destroying areas of natural beauty and losing agricultural land. It is built on green belt countryside, does harm to the aquifer for streams, ruins the quiet lane and rural road network. It is outside of the confines of the existing development. The local utilities cannot cope with the increase and the doctor's surgery is already overwhelmed.</p>	
42488033	<p>0</p> <p>Table 9 - List of Sites - Wateringbury</p>	<p>Residents in Cannon Lane will be thrilled to see this. But aside from that, this puts an additional 2000+ homes using the Kings Hill facilities.</p>	<p>Comment noted.</p>
42606977	<p>0</p> <p>Table 9 - List of Sites - Wateringbury</p>	<p>Housing at site 59845 would result in a loss of valuable agricultural and green belt land as well as loss of an open space. It is my understanding that brownfield sites should be used in preference and that greenfield should only be used in exceptional circumstances. The site would be close to sewage works which at times emits unpleasant smells. It adjoins the busy A26 and extra road traffic would result in even greater congestion at the village crossroads. I understand that the air quality at this site is one of the poorest in the County. Although within reach of a railway station the service runs only hourly for most of the day between Tonbridge and Strood, and thus would be unlikely to provide a sufficient alternative to road use.</p> <p>Any additional housing in this village would put a severe strain on existing infrastructure. The local GP surgery struggles now to serve existing patients. There is already a lack of parking when visiting local amenities such as shops, post office and village hall and adding to the local population would exacerbate these problems. Within approximately the last twenty years the size of the village almost doubled when the Phoenix estate was built, and I feel that this area has reached saturation point as far as housing is concerned.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>

		<p>Wateringbury is a small village with limited facilities and services. Traffic congestion at the crossroads is already a significant issue and this location has the highest level of air pollution of anywhere in the borough. There simply is not the road capacity to cope with any significant increase in traffic, especially at busy periods, eg school pick up and drops off and normal rush hour - and this is apparent even with the increase in home working since the pandemic. Whilst a limited number of homes could be coped with on sites within the village envelop, eg Site ID 59700, the larger and/or more outlying sites are not appropriate for development.</p>	
		Specifically	
42445953	<p>Table 9 - List of Sites - 0 Wateringbury</p>	<p>Site ID 59845</p> <p>Is there sufficient provision available at the local Primary School? Where would secondary school children go?</p> <p>Can the village sewerage works cope with significant numbers of new housing - we cannot allow overflow into the River Medway.</p> <p>This site is currently a green field, development will affect the bio-diversity of the area. It is Grade 1/2 agricultural land that will be lost</p> <p>This site represents a green barrier between Wateringbury and Teston - 2 separate localities that should not be joined up.</p> <p>The site is within a Flood Zone</p> <p>This site is close to the already over congested crossroads - traffic already backs up to this site without further housing here.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>

42612033	Table 9 - List of Sites - Wateringbury	<p>Whilst I appreciate the need for additional housing, I feel that the controls imposed by the Council need to be more stringent than at present</p> <p>As I understand it, some of the selected land for building is Agricultural Land, surely this cannot be allowed to proceed, when, following Brexit we need to be more self - sufficient than ever, as well as reducing our food miles for the sake of the planet. We need to maximise our agricultural land, not diminish it and rely on imports, at the mercy of other Governments (there is a lot of that lately !!)</p> <p>The other major point is that Wateringbury is going beyond village size now, and we just do not have the resources to cope as it is - schools, doctors surgeries, infrastructure etc If the developers were forced to improve local facilities to cope with the growing numbers, then maybe it could be sustainable. They also need to provide adequate offroad parking for real world numbers, not one space per household as is often the case. Less houses per hectare is the answer, they have too much freedom to build for maximum profit, and not responsibly</p> <p>This is not Nimbyism, I live in a built up part of Wateringbury which can't be built on anymore, but we need to add to the facilities to avoid a bottleneck of resources You can't get a GP appointment now, you certainly can't register as the books are full, so that needs to be resolved to avoid more burdens on the NHS, which we are all told we must avoid !</p> <p>Developers must be forced to provide for the new inhabitants, and put people before profit</p> <p>It is for the Council to enforce all these things, and act in a responsible manner, after all. that is what they were elected for!!</p>	<p>Comments noted. The Local Plan development strategy and associated infrastructure demands will be reflected within the Infrastructure Delivery Plan.</p>
42388097	Table 9 - List of Sites - Wateringbury	<p>I understand the desire for more housing. It's is interesting that you don't mention the "why" though, or the problem statements. But ignoring that the majority of places put forward in Wateringbury make little sense. Wateringbury crossroads are standstill at the moment. We have nowhere to park. People park on Bow Road which causes increased pressure. Higher speeds, more danger. Every new house will introduce at least two new cars which over time will increase. The roads are terrible now. I'm struggling to understand the logic behind most of these areas.</p>	<p>Comments noted.</p>
42700897	Table 9 - List of Sites - Wateringbury	<p>The current road systems through Wateringbury, especially the Tonbridge Road from Mereworth to the Wateringbury traffic lights are totally incapable of carrying the significant additional traffic these residential developments would undoubtedly bring and I cannot see any reference to this important point (as a strong negative) in how these sites have been assessed. The build up of traffic towards the Wateringbury traffic lights, especially at peak times, is very significant with lorries, vans and delivery vehicles often having to mount the narrow pavements and endangering pedestrians. The inevitable additional traffic will only make the roads utterly intolerable. The exceptionally fertile agricultural land surrounding Wateringbury, which has served the area for centuries, cannot be allowed to be consumed by the sprawling Kings Hill suburbs. Wateringbury must be allowed to retain its identity as a rural village and be protected from further congestion to its narrow roads.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>

42739329	0	Table 9 - List of Sites - Wateringbury	<p>I wish put forward my views on currant proposal to build homes in the Wateringbury areas that I live within.</p> <p>To build more houses in an area that has many infrastructure issues would be madness. The biggest infrastructure problems is that the crossroads in the village cannot deal with currant volumes of traffic, for example long queues of traffic which generates high levels of bad air quality causing air pollution. The Doctors surgery is currently not excepting any new patients as it is at full capacity. You cannot get an ambulance when you need one (I waited over 8 hours for an ambulance and had to give up on getting one). The water companies cannot deal with the currant volumes waste water and sewage, as the are currently dumping raw sewage into our rivers and the sea.</p> <p>Tmbc should be looking at Storting the currant infrastructure problems before building more homes which will make the situation worst.</p> <p>People that live in a village environment need a vehicle to be able to move about to deal with every day necessities so more homes means more vehicles and more traffic, more queues more pollution.</p> <p>How can it possibly be acceptable to even consider building on a successful Golf Course as Kings Hill, that provides a location for exercise recreation and Fresh Air.</p> <p>This is a valuable resource and a habitat for wildlife.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
42745345	0	Table 9 - List of Sites - Wateringbury	<p>To develop any such site will result in increased pollution, and will result in more water shortages as green space is concreted over.</p> <p>Trees are an invaluable method of reducing Carbon in the atmosphere every green space and every tree should be considered before it is desecrated in the relentless goal for Targets and Profit.</p> <p>You have a Duty to protect our childrens future</p> <p>Will it ever stop. I DOUBT IT!!</p>	Comments noted.
42745985	0	Table 9 - List of Sites - Wateringbury	<p>not enough, doctors, schools for more population .We need more farmland to grow food as there will be shortages along with power cuts people not able to heat homes . with the war in the Ukraine the more important use of the land is for food. stop thinking of profits for the developers and the council cashing in</p>	Comments noted.

42751297	0 Table 9 - List of Sites - Wateringbury	<p>Planning permission for these sites should be strongly rejected on the grounds that green space will be lost having a negative impact on the wellbeing of residents. These areas are utilised already by residents who appreciate living in an area where nature walks are highly valued, particularly for the education of children to appreciate and learn about nature and for positive mental health. The enjoyment of cleaner air associated with living in the area should be more strongly appreciated within planning applications and the detrimental effect of replacing green spaces with more tar, brick, and concrete adequately considered. Building more houses will inevitably increase the number of vehicles brought into the area and as there is already congestion at peak times coming into Kings Hill, Wateringbury and West Malling, this will exacerbate congestion, reducing the safety of the children while increasing the pollution levels affecting human health and putting more pressure on the already overlaid medical centers. The appeal to move to Kings Hill, in particular, will be diminished, and trust in the council should permission be granted will also be negatively impacted as residents' concerns are ignored because of short-term profit maximization without any real thought for the quality of life.</p> <p>Speaking particularly about the proposals for ME18 5BS and ME18 5BP.</p>	Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
42752289	0 Table 9 - List of Sites - Wateringbury	<p>These proposed developments lie either side of the A26 as it enters Wateringbury. It is accepted that the crossroads at the centre of the village is one of the most congested and polluted areas in semi-rural Kent and must rival many urban equivalents in the borough. Agreeing to develop either or both sites would significantly increase the traffic movements throughout the day. I do not say traffic flow as static traffic is a frequent occurrence on this stretch of the A26, often snaking back through and beyond Teston and towards Barming. This change would come in addition to the dozens of extra vehicles that would be added to the hundreds that are parked in the village. The pollution and noise created would worsen conditions for elderly residents and for many schoolchildren that regularly walk around the village centre</p> <p>The developments would further encroach on the separation of Teston from Wateringbury and make it increasing unpleasant for the many walkers and cyclists that travel between the two villages. Development of the ME18 5BS area would remove the only unfettered view that residents and visitors have of the glorious Medway Valley, once dubbed the 'Jewel of Kent.</p> <p>Finally both proposals lie with the Flood Plain and due to the accelerating pace of global warming the occupants of any new housing will increase the number already at risks from regular inundation that local villages experience.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

		<p>Kings Hill is already very busy. Any increase in traffic would impact negatively on environment and safety.</p> <p>Kings Hill doctors surgery is already oversubscribed.</p>	
42759201	0 Table 9 - List of Sites - Wateringbury	<p>Removing green space and trees would have an extremely negative impact on the environment.</p> <p>Access roads already very busy.</p> <p>Public services would be over stretched.</p>	Comments noted.
42763041	0 Table 9 - List of Sites - Wateringbury	<p>The list of 14 sites in the Wateringbury area account for the possibility of an excess of 2,684 new dwellings in the area. This is sheer lunacy! The roads running through the village are already inadequate for coping with the present traffic load and cause great problems for both vehicle users and pedestrians. The noise and pollution are a daily misery for people living in the village. The impact of future development will cause over crowding, loss of green space and dedicated footpaths and walks, impacting on the health, both physical and mental well being, of each individual. There will be a loss of much needed agricultural land. Wateringbury will cease to exist as a village and will become an urban sprawl. Finally, my wife and I do not consider any of the sites listed as being suitable for future development.</p> <p>General Objections applying to all sites around Wateringbury</p> <p>* Traffic. Wateringbury already suffers significant traffic problems at various times of the day sitting on the A26 main Tonbridge Road to Maidstone. In the village, the A26 Tonbridge Road to Maidstone is relatively narrow by modern standards and further restricted by residents parked traffic. Its pedestrian pavements, bounded by garden walls, are particularly narrow and to the area west of the Church in the 30mph zone potentially dangerous. Additional housing developments will increase traffic flows with both an environmental impact and increased safety hazard. Already the area around the Wateringbury crossroads is the most polluted part of the Borough.</p>	Comments noted
42476673	0 Table 9 - List of Sites - Wateringbury	<p>* Shops and Services. Wateringbury does not have an infrastructure of shops and services to support the community. There are no significant leisure facilities, no secondary schools, no veterinary services, and only limited health care support. It has only two small retail food outlets, one in the Shell petrol station and a small local shop on the B2015 to the south which has limited on street parking on the main road which restricts two-way traffic flow. Residents have to use cars to access major food supermarkets and other retail and service needs some miles from the village, with an adverse impact on congestion and the environment. This infrastructure cannot support further housing growth in the area.</p> <p>* During the summer drought of 2022 there were occasions in Canon Lane (and perhaps more widely in the village), when South-East Water was unable to provide a fresh water supply. TMBC will need to be satisfied that, with climate change, the village is supported with adequate fresh water supplies and infrastructure to meet its existing needs, let alone the demands of new housing.</p> <p>As TMBC will know, there is growing national concern about the impact of new housing developments on soil nutrient levels, which can give rise to elevated levels of nitrogen and phosphorus in rivers and other pollutants. All the proposed sites sit on hillsides to the north and south of the A26 and feed the water supply. It will be important for expert advice to be obtained to confirm there will be no additional</p>	Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

42732193	0	Table 9 - List of Sites - Wateringbury	<p>The proposed developments adjacent to Red Hill include not only fertile agricultural land, but also a valuable habitat for nesting birds. The site on the east side is also a well-known breeding ground for the severely endangered turtle dove. The number and variety of birds in the area has been dwindling for some years, as nesting sites are increasingly threatened by pollution. The inevitable extra volume of traffic would inevitably exacerbate this problem, quite apart from creating congestion on the road itself. Red Hill is a direct link between the A20 and A26 and is already heavily used by commercial vehicles. I fail to see how Objection !0, (the reduction of greenhouse gas emissions to minimise climate change) could possibly be served by these proposals.</p> <p>In addition, they would place an intolerable strain on the surrounding infrastructure. Both the school and medical centre are oversubscribed and would struggle to cope with the demands of further housing. Wateringbury village must be allowed to retain its identity as a rural community, without being overtaken by urban sprawl.</p> <p>I would like to object to the proposed development off Fields Lane, Wateringbury. My reasons are as follows:</p> <p>We already have one of the worst areas of pollution in the district and the proposed development would mean additional traffic feeding straight onto the Tonbridge Road very close to the village crossroads. This area is already extremely congested with traffic often backing up in all four directions. We have some old properties on the crossroads that are very obviously suffering from the heavy traffic.</p>	Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
42798273	0	Table 9 - List of Sites - Wateringbury	<p>We do not have the facilities in the village to support extra housing. I personally tried to make an appointment at the local GP and was given a date for a month's time. We only have two small shops in the village and this includes the local garage. As a result it means people have to venture outside of the village involving more traffic pollution and congestion.</p> <p>This is the only piece of land between the villages of Teston and Wateringbury. If this is built on our two villages would join.</p> <p>The smell from the local sewage works is worse than it has ever been - can it cope with the extra housing. I have personally witnessed this being discharged into the local river.</p> <p>Our recreation field is extremely busy and well used - often being completely booked up. Fields Lane is right next to the recreation field meaning this would be in even more demand. There is no real car park for the recreation field and traffic often blocks Fields Lane and Cobbs Close with cars parking on pavements and corners. When there is any kind of event on in the recreation field our driveway is often blocked making it impossible to get our cars out of our driveway. When there is a particularly large event planned on the recreation field then the field proposed for development is often used for parking large numbers of cars. If there is insufficient car parking allowed for on the new development (as is usually the case) then cars will park in Fields Lane and Cobbs Close on a more permanent basis</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

42799265	0	Table 9 - List of Sites - Wateringbury	I am contesting the proposed development in Fields Lane, Wateringbury.	
			1. Current traffic at the village crossroads is already overloaded and causing massive pollution.	
			2. You cant get an appointment at the local GP which is overloaded.	
42666881	0	Table 9 - List of Sites - Wateringbury	3. The sewage farm is overloaded and effluent is regularly being pumped into the river as it cant deal with what we already have.	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
			4. There are regular activities in the playing fields and there is not enough allocated parking for all this. The proposed development is in the field which is used for overflow for parking.	
			5. It will join the villages of Teston and Wateringbury. So Waterteston??	
42720897	0	Table 9 - List of Sites - Wateringbury	6. If this development happens we will need more GPs, extended sewage works, bypass for Wateringbury.	
			I think all of these need to be considered.	
			Jason Glover	
42720897	0	Table 9 - List of Sites - Wateringbury	Site 59797, coupled with 59752, would virtually destroy the existing green space between Mereworth, Wateringbury and the ever-encroaching Kings Hill. This comment has failed twice therefore bullet points now.	Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
			- School is oversubscribed	
			- GP surgery is full	
42720897	0	Table 9 - List of Sites - Wateringbury	- Wateringbury crossroads has very poor air quality	
			- Agricultural land is of good quality and needed for self sufficiency.	
			- Agricultural land needed to reduce climate change.	
42720897	0	Table 9 - List of Sites - Wateringbury	- Foot paths and green space needed for physical and mental health	
			- Streams appear on Pizien Well Road after heavy rain	
			- Poor visibility when exist into A26	
42720897	0	Table 9 - List of Sites - Wateringbury	Generally had idea to build on land - environmentally poor decision	

42723809	0	Table 9 - List of Sites - Wateringbury	<p>I strongly object to the proposals to put thousands of houses in Wateringbury. As I have said above, Wateringbury is already suffering from overcrowded roads and severe air pollution. We should not become ribbon development to Kings Hill which these proposals would do to the detriment of our quality of life. The roads cannot cope as it is, neither can the schools or doctors surgeries. Our land is precious and should be kept either for agriculture or for wildlife for residents to enjoy and benefit from. It is completely unsustainable and would ruin the village character of these ancient villages.</p>	Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes.
42810081	0	Table 9 - List of Sites - Wateringbury	<p>I have been a resident in wateringbury village for the last 2 years relocating from London. When we brought our home it was during lockdown and we feel in love with our house and wateringbury village. Since the lockdown lift I am sadly shocked to see how busy the roads are through the village. Moving from London to wateringbury we were hoping for a better quality of life and a healthier life and this as far away from what we expected. The amount of speeding cars, lorries, buses etc and the shear weight of traffic is really upsetting. Our house in the Tonbridge road and we have daily stand still traffic outside our home. Thinking we would bet a healthier life style in wateringbury from London how wrong was we. The pollution the traffic is worse in the village from when we was living in London. When walking on the narrow pavements through the village is like taking your own life in your hands and the most scary when speeding vehicles pass through. The road it self is poorly maintained we have two large dips outside our home and the noise it creates when large vehicles speed through is really disturbing. When moving here we tried registering with wateringbury GP surgery and was told they are not taking on any new patients for the immediate future. As many of people that do not live in Kent we are always told how beautiful and peaceful the country side is and it is until you move here that you soon realise that image is far from the truth. I do understand homes are needed but what you have just read is telling you this village cannot take anymore traffic or moving vehicles. The countryside is part of Kent life and ripping into it will be a great shame and to our future children.</p>	Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
42483745	0	Table 9 - List of Sites - Wateringbury	<p>The village of Wateringbury is a Site of Special Scientific Interest and building in the area will have a serious impact. The infrastructure is already stretched and building on Grade 1 agricultural land is not an option. Below are the main bullet points that should be consider as they will have a huge effect on the village;-</p> <ul style="list-style-type: none"> <li>* Some of the proposed building areas are grade 1 agricultural land and should not be considered at all</li> <li>* Wateringbury cross roads are currently at 24% overcapacity and has one of the highest pollution areas in the Borough any building in the area will only make this worse</li> <li>* The doctors surgery is at its capacity</li> <li>* The local school is at capacity and now taking children from Kings Hill, building in the area will only make the situation more difficult</li> <li>* Building in the area will have a serious impact on wildlife corridors</li> <li>* Possible issues with pollution to waterways</li> <li>* Generally the infrastructure in the village and surrounding areas is stretched and will only get worse with any additional housing being built in the village</li> </ul>	Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

42756065	0	Table 9 - List of Sites - Wateringbury	<p>Sites in Wateringbury: Wateringbury does not infrastructure of shops and services to support the existing community. There are no secondary schools, vets and only limited healthcare support. Residents need to use cars to access supermarkets and other retail facilities which are some miles from the village, with an adverse impact on congestion and the environment already. This infrastructure is unsuitable to support further housing growth in the area.</p> <p>The proposals in this area will adversely impact the areas CO2 levels from both new builds on green field sites and increased traffic flows. the area round Wateringbury Crossroads is already the most polluted in the Borough.</p> <p>The proposed further building would join the villages of Teston and Wateringbury, notwithstanding the huge increase of building in Kings Hill will ultimately create huge congestion, pollution and development of a huge, unmanageable conurbation, given the obvious infrastructure constraints.</p>	Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
42824161	0	Table 9 - List of Sites - Wateringbury	<p>I am a home owner, my property backs onto farmland ear marked for development proposals, my concerns about this proposed project is the environmental impact on the local infrastructure let alone the impact on the healthcare and schools locally, we are a small community and do not the infrastructure for more housing, the proposal will take away agricultural land that is currently in used as a commercial fruit farm which is also the nesting area of birds of prey, hawks/owls/buzzards and mammals, we have recently had a major development at kings hill locally which is also has a expansion proposal, it seems that we are to be engulfed with new housing projects locally from profiteering companies building new houses and not interested in the environmental impact locally, I hope my concerns about the local proposal and the concerns of others will be address.</p>	Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
42667041	0	Table 9 - List of Sites - Wateringbury	<p>599759 plan Access would be extremely difficult as Pizienwell Road is narrow and flow onto the busy A26 difficult at peak times With regard to climate change the current bus service is totally inadequate and to reach train stations in a timely manor a car is required. There are no shops with in walking distance.</p> <p>Access to schools , if places are available, would require a significant improvement in bus services. The A26 is an extremely busy road so walking and cycling as the layout is currently is not safe.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

		<p>I would like to register my objection to site 59845 being considered in the local plan.</p> <p>whilst acknowledging that I am a nimby, the suggestion that this be considered is wrong on many levels. First, it is a greenfield site and I was pleased to see the new latest Prime Minister reiterating at PMQs that brownfield sites would always be chosen in preference to greenfield sites. That should settle it without further discussion. However, there are several other reasons to reject this site. It may well be that is close to a doctor's surgery but that is at maximum capacity. They are not taking any more patients even now.</p>	
42827393	<p>0</p> <p>Table 9 - List of Sites - Wateringbury</p>	<p>I understand that the crossroads at Wateringbury is the second most polluted junction in Kent. It hardly seems a sensible or healthy option to add to this dangerous situation. At rush hours the traffic is always backed up a long way along the A26 towards Maidstone.</p> <p>The proposal would effectively join Wateringbury with Teston. I understood that joining villages together was always avoided.</p> <p>The village of Wateringbury effectively doubled in size about 20 years ago when the local brewery closed. I thought the promise then was that any further development would be negligible.</p> <p>Furthermore, it is designated agricultural land and therefore should definitely not be built on.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>
42832289	<p>0</p> <p>Table 9 - List of Sites - Wateringbury</p>	<p>I am disappointed that the roads infrastructure is not included as a key criteria when considering new sites. Wateringbury is a village characterised by a small and already overused crossroads. It will not be possible to keep the nature of the area and increase the capacity of the roads. Even developments of under 100 houses within 5 mins drive of these crossroads will put unsustainable pressure on the roads, increase the already problematic pollution levels which affect initiatives such as the walking bus for Wateringbury primary school and utterly decrease the quality of life for people living particularly along Tonbridge Road. Pizien Well is characterised by its older houses, making it undesirable as a site compared to already existing conurbations like Kings Hill. Building on agricultural land off Red Hill is a ludicrous proposal, at a time when we have more need than ever to grow our local economy through the growing of local produce. This summer a Wateringbury farmer adjacent to your proposed site produced the largest apricot harvest recorded, as well as local vineyards and other food crops. This land is agriculturally viable, and has been encouraging biodiversity with clear evidence of owls, birds of prey, bees, flora, badgers, foxes, woodpeckers, active in the ecosystem. It does not make sense to destroy this at a time when climate change and its impact are being felt and will increase without hugely proactive actions to retain our countryside. This comment also applies to the other proposed site on Tonbridge Road. A general comment about the doctor and local schools being at capacity and not easily extendable also means these sites in Wateringbury are unrealistic and will reduce the quality of life and life satisfaction of residents rather than creating a new viable thriving community.</p>	<p>Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>

		<p>I have had a very brief look at some of the recent submissions for in and around the surrounding areas of wateringbury, east mailing, west mailing alysford, pizenwell etc and would strongly suggest the study of the current TAMBC PPS conditions past and present. These are very clear and simple policies (not ruff guidelines!) That must be adhered to by all.</p>	
42832769	0 Table 9 - List of Sites - Wateringbury	<p>It would be very clear that TMBC would be in breach of their own polices should should any of these be considered with out the strong proof that every policy has be been meet in full and not compromised.</p> <p>I would suggest the local planning committee gather to study any such none compliant applications or possible compromised policy's, before allowing planing approval, that may appear to be a corrupted consent as per some of the previous consents we have experiences.</p>	Comments noted.
42745121	0 Table 9 - List of Sites - Wateringbury	<p>I object to site Id numbers 59700, 59845, 59623, 59723', 59799, 59797, 59664, 59728, 59729, 59654, 59803, 59800, 59802, 59722.</p> <p>wateringbury roads, schools, surgery, amenity cannot suffer any further loss associated by developments. Roads are narrow, the cross roads are most polluted in borough and we are struggling to maintain a semi rural quality of life. Local authorities have a duty of care to help us and I would like to see that evidenced.</p> <p>Sites 59/28 &amp; 59/29</p> <p>* Both will cause a significant increase in drainage water across land that is already built over many streams and wells and is and prone to flooding. The agricultural land higher than Tonbridge Road drains and prevents run off into lower Wateringbury where the river adds to the problem of flooding, and at the area of the Mill pond.</p> <p>* The road infrastructure on Wateringbury crossroads is already dangerous and can not cope with the traffic along Tonbridge Road (the A26) we already have; it does not move and is extremely congested at rush hours. It would grind to a halt with additional cars. This traffic currently already causes significant environmental damage and there is already a significant amount of soot particulates deposited on buildings that can be seen at these traffic levels and this will worsen. The council are yet to deal with this problem we have at the moment, and relinquishing the A road status would need to be a consideration to protect human health and safety. My partner's asthma has already been exasperated since moving to the area because of the traffic.</p>	Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
42833633	0 Table 9 - List of Sites - Wateringbury	<p>* This is a common route for emergency services and they must not be further hindered by increased traffic during and after development as this is a direct risk to human life.</p> <p>* There is no parking for houses that line Tonbridge Road and the free parking at the Village hall would not be adequate; new carparks would need to be built in the centre for which there is no site.</p> <p>* Many of the houses in the centre of Wateringbury are in a conservation area and the heritage would be irreversibly damaged including the Pluto pipe line that was key in World War II.</p> <p>* There are many species that use this land as a habitat including deer that have re-established and there has been a significant number of sitings of bats in the woodland of that area; their habitats must be legally protected.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

42724257	0	Table 9 - List of Sites - Wateringbury	<p>Objections based on impact to countryside, green belt, agricultural land, loss/impact on existing outdoor leisure facilities eg golf course, further burden to already stretched resources (schools, GP provision / service, road network around Mereworth and Wateringbury etc), impact on local road network, harm to aquifer for streams, greater hardstanding impact to flood risks, change of character to local area.</p> <p>Particular objections to large proposed developments associated with 59797, 59800, 59802 due to the above Due to environmental concerns, critical stress on existing road, medical and other infrastructure, I am absolutely against any development in the Wateringbury area for the following reasons:</p> <p>1) Traffic: The area around Wateringbury crossroads is already one of the most polluted areas in the borough. As a result of increased development in the local towns (Maidstone, Paddock Wood, Tonbridge), Wateringbury as a village is already suffering from an infrastructure and pollution point of view. The village is used as a through route to reach destinations and the consequence is there is significant traffic issues with frequently queuing traffic each day towards the crossroads. Additional housing developments will substantially increase traffic flows, with environmental impact and increased safety hazards: the A26 through the village is a narrow road by modern standards, further restricted by residents' parked vehicles and the pavements are particularly narrow and bounded by garden walls.</p>	<p>Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>
42781697	0	Table 9 - List of Sites - Wateringbury	<p>2) Environment / Pollution - The area around Wateringbury crossroads is already one of the most polluted areas in the borough. The proposals in this area will adversely impact the CO2 levels, from both the new build perspective and the increased traffic flows.</p> <p>3) Facilities / Services: Wateringbury does not have an infrastructure of facilities and services to serve the community. There is a limited and already over-subscribed health care facility / surgery. There are no secondary schools or vets, limited leisure facilities and two small food outlets; one being the Shell Garage and the other being a shop to the south of the village, with limited on-street parking, which already restricts two-way traffic flow. The nearest supermarkets and other retail / service facilities are several miles from the village, meaning residents need to drive to reach them - an increase in population will lead to an even greater adverse impact to the environment and increase an already congested area. This infrastructure is unable to support any further growth in housing in the area.</p> <p>Specific Comments re Site 59664 Residential - I am completely against building on this area of land. This is Green Belt Land, on the active working Home Farm. Traffic congestion is already substantial and frequently queues up Red Hill passed this proposed site. Red Hill is a relatively narrow winding road</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>

		<p>Submit my objections below to the sites marked with an “X” and identified by Tonbridge &amp; Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-</p>	
		<p>[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p>	
		<p>Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	
		<p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p>	
42843681	0	<p>Table 9 - List of Sites - Wateringbury</p>

This in effect would join both Teston and Wateringbury without countryside between the 2 villages. Also the Tonbridge rd in that area has one of the worst record of pollution In Kent so more houses and cars would add to this. Also the flooding along Tonbridge rd is bad now with the run off from the field in bad weather but would be far worse if houses were built. We need to keep our agricultural land to feed ourselves.</p>	<p>Comments noted. ----------	---	---	--	---

43313505	Table 9 - List of Sites - Wateringbury	<p>[Site reference Site 59845]</p> <p>I'm writing to object to planned developments in Wateringbury - Site 59845 Residential 100 dwellings Fields Lane Wateringbury.</p> <p>The reasons for objection include:</p> <ul style="list-style-type: none"> <li>- Village services such as the GP surgery are already oversubscribed (I live in the village and have to go to Yalding Dr's as a result).</li> <li>- this will cause extra traffic through an already majorly busy route - with train and bus routes not ideal to put extra volumes through.</li> <li>- there are limited shops / facilities in the village - adding these extra houses will increase the strain on the few in existance</li> <li>- extra traffic and people will cause extra traffic and negative environmental impacts</li> <li>- this is a greenfield site and should not be build upon.</li> </ul> <p>[Site reference 59845]</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>
43313793	Table 9 - List of Sites - Wateringbury	<p>I am writing to object to the proposed residential development (site 59845) in Fields Lane Wateringbury.</p> <p>The reasons for my objections are set out below :</p> <p>Traffic - Wateringbury already suffers significant traffic problems at the various time of the day sitting on the main A26 Tonbridge Rd to Maidstone. In the village the A26 Tonbridge Rd to Maidstone is relatively narrow by modern standards and further restricted by residents parked traffic. Its pedestrian movements, bounded by garden walls are particularly narrow and to the area west of the Church in the 30mph zone. Additional housing developments will substantially increase traffic flows with both an environmental impact and increased safety hazard.</p> <p>Shops &amp; Services – Wateringbury does not have an infrastructure of shops and services to support the community. There are no significant leisure facilities, no secondary schools, no veterinary services and only limited health care support. It only has two small retail food outlets, one in the Shell petrol station and a small local shop on the B2015 to the south which has limited on-street parking on the main road which restricts two-way traffic flow. Residents need to use cars to access major food supermarkets and other retail and service needs some miles form the village, with an adverse impact on congestion and the environment. This infrastructure is unable to support further housing growth in the area.</p> <p>Environment – The proposals in this area will adversely impact the areas CO2 levels from both the new build on greenfield sites and increased traffic flows. The area around the Wateringbury crossroads is already the most polluted part of the Borough.</p> <p>I trust that for the reasons outlined above that this proposed development will be rejected.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>

43353921	Table 9 - List of Sites - Wateringbury	[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
		Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
43354113	Table 9 - List of Sites - Wateringbury	Reasons for objections:-  Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	
		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
		Reasons for objections – Seriously, I cannot believe a propsal would even be considered to build on the golf course... is this correct? For a start, looking at the map, it isn't clear however harm to conservation areas and woodland would be caused. Is this the woodland around the top of the golf course looking over the beautiful farmland? Again, an area used by dog walkers and others to escape the busy lives we have. I assume access would be on the A26 Tonbridge Road which is a nightmare with traffic at the best of times. The whole entire area comes to a gridlock when we experience heavy rainfall causing roads to be flooded, or just a accident or broken down vehicle on the A228 means congestion overflows to surrounding roads. The infrastructure is simply not adequate for another 1228 houses!	
		Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
		Reasons for objections:- think this one is actually on the Golf course! 275 dwellings, are you kidding? The golf course is elite and a wonderful club. I often sit eating breakfast at the club and look out over the course. It would be a crime to build on such a prestigious course! The walking paths around the course are loved by many. The residents who have amazing views over the Golf course will be affected by the lack of views and extra traffic/congestion. Again, wildlife will be displaced and the beauty of Kings Hill with the feeling of open space will be lost. Surely this proposal is outside the confines of the existing development?	
		Site 59802 Residential 644 dwellings East f Canon Lane South of Hollandbury Park	
		Reasons for objections - Green Belt, countryside, and woodland will be destroyed. Wildlife displaced. Harm to quiet lane and rural road networks, the infrastructure is not adequate! This proposal is outside of the confines of existing development. Lack of schools, doctors and bus links.

		[Site reference 59654]	
		<p>1.3 Site 59654 – East of Red Hill, Watringbury</p> <p>Context</p> <p>1.3.1 Our client’s land comprises circa 1.52 Ha area of open green land with former equestrian use. It is situated north of the A26 ‘Tonbridge Road’ and located near to a private dwelling to the north, arable and green land to the east, residential dwellings with A26 beyond to the south and red hill with orchard land beyond to the west.</p> <p>1.3.2 The proposed vehicular site access is off Red Hill Road, which has an existing pedestrian footway along the front of the site on the eastern side of Red Hill Road, with an approximate width of 1.8m and runs south for approximately 80m before terminating. To the south of the site approximately 30m away another footway starts on the western side of the road providing continuous access to Watringbury village centre.</p> <p>1.3.3 Watringbury is a small rural village with good local amenities including a primary school, a couple of small grocery stores, community facilities and a range of independent shops and restaurants and employment opportunities. 1.3.4 In terms of accessibility, Watringbury benefits from a train station with hourly services on the Southeastern Railway between Tonbridge and Strood via Maidstone and connections to London Stations from Paddock Wood Station. The journey time from Watringbury to London is approximately an hour. There are multiple bus stops located throughout Watringbury with bus services running from Maidstone, Lamberhurst, East Malling, Tunbridge Wells with multiple stops in between.</p> <p>1.3.5 In terms of high-level constraints, the site is located within a Green Belt but is not in an Area of Outstanding Natural Beauty ‘AONB’. The site does, share a boarder with an area of open green land that is Priority Habitat Inventoried – Deciduous Woodland and a National Forest Inventoried site for Broadleaved Trees. Considering wider constraints, there are no known constraints that would adversely impact upon delivery. The site is not subject to any further landscape or ecological designations and is located entirely within Flood Zone 1 (least likely zone to flood)</p> <p>Myself and my wife live at [redacted] Teston, me18 [redacted]</p> <p>We are writing to object to local plan regulation 18, specifically in respect of green belt area located in Watringbury Tonbridge Road/red hill road for following reasons:-</p> <p>* There are already too much green belt land being used and we would be losing vital wild life habitats, of which kent is losing too much off.</p> <p>* Tonbridge Road is already a very busy main road with very high traffic volumes at peek times queuing for the traffic lights , resulting in stand still traffic outside our house for hours on end causing bad air pollution. This is not good for our children.</p> <p>* if access to proposed development would be the farm track entrance directly opposite my house this would cause severe disruption to our household for following reasons, noise, traffic, car headlights at night and not forgetting our privacy.</p> <p>* The street scene would be completely compromised for an old rural village with county side views to a town with ugly new builds, thus losing what Watringbury is about</p> <p>* Kent and south east already have too many new homes, the government levelling up promise said they be building homes else where!</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p> <p>Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes.</p>
43395937	25240577	Table 9 - List of Sites - Watringbury	
43397057	0	Table 9 - List of Sites - Watringbury	

43416833	Table 9 - List of Sites - Wateringbury	<p>[Site reference 59797, 59800, 59802]</p> <p>We feel that the plans for further development in the area is way beyond what the area can take bearing in mind the major development at Kings Hill over the years. We are setting out the reasons for our objections which basically apply to all these sites:</p> <p>* 1 - Loss of amenity and recreational use of Ancient Woodland and all the environmental consequences of that. At a time when we are supposed to be planting trees in memory of the Queen you are planning to pull them down!</p> <p>* 2 - We appreciate you have to build more houses in the region but surely there are many Brown field sites you can focus on before pulling down trees and digging up farmland.</p> <p>* 3. Excessive increase in traffic levels which are becoming a major problem already. In particular Site 59761, adjoins a very dangerous section of the A228 and the Kent Street intersection – an accident black spot. The A228 is not big enough to take all this extra traffic. It is already difficult and dangerous for us to turn right onto the A228 from Kate Reed Wood due to the traffic.</p> <p>* 4. As &amp; when the permitted sites marked in purple are developed as well as sites currently under development, all services will be stretched to their limits: Doctors surgeries (now are critically short of doctors), as well as schools, water, drainage &amp; other utilities. Also, where are all these people going to work?</p> <p>* 5. We also object to the possibility that Kings Hill should be classified as a town for planning purposes. It is already at a critical point of over development after decades of continual building. Even the sites originally designated for offices have houses built on them.</p> <p>* 6. The scale of sites 59740/ 59634/ 59630 in particular represents a massive and totally unacceptable level of over development.</p> <p>We do hope that you listen to the people who are currently living in the area and who know the problems that we have at the moment without all this extra building.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>
----------	---	--	---

		<p>[Site reference 9700. 59845, 59624, 59723,59799, 59797, 59664, 59728, 59729, 59654, 59803 and 59722]</p> <p>I live in Watringbury and have studied with care the sites in Watringbury that you are considering developing to provide more housing as required by the Government.</p> <p>Living near Watringbury cross roads I cannot fail to be aware of the vast and ever-increasing flow of traffic through Watringbury particularly in rush hour periods : children head to secondary schools out of the area, commuters to the rail stations of Maidstone and Tonbridge and those working locally to the busy hubs of Maidstone, Tonbridge and Tunbridge Wells. All pass through Watringbury cross roads; from my house I have seen the build up of traffic start as early as 5am. This constantly causes congestion and results in considerable air pollution.</p>	
43418945	0 Table 9 - List of Sites - Watringbury	<p>Although rural Watringbury has grown in recent years it is not a large village. It possesses the necessary amenities of one small store and a post office (at the moment); it also has a village school and only one doctor's surgery covering a considerable catchment area which is under constant pressure particularly since the Covid pandemic.</p> <p>Basically, Watringbury is ill equipped for any large increase in its residents; the addition of only 100 houses (catering for a possible extra 200-300 residents) would be over-whelming and would in all likelihood bring a further 150+ cars into the area substantially increasing air pollution and health hazards. The fact that TMBC has not just one but a number of sites under consideration is not sustainable.</p> <p>On the grounds of extra traffic congestion, increased air pollution and sustainability I am lodging a strong objection to the development of sites in the Watringbury area : nos. 59700. 59845, 59624, 59723,59799, 59797, 59664, 59728, 59729, 59654, 59803 and 59722</p> <p>[59800]</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>
43466337	0 Table 9 - List of Sites - Watringbury	<p>Loss of golfcourse and aquatic habitat. This location, whilst not as biodiverse as it could be due to golfcourse management, does still have natural grassland and woodland edge habitats home to protected species such as Adders and an aquatic habitat which is in short supply locally. Development will be a change of use, loss of green space, loss of recreation and loss of rural aesthetic.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>
43466337	0 Table 9 - List of Sites - Watringbury	<p>[59802]</p> <p>Loss of agricultural land and conservation area. Development will be a change of use, loss of green space, loss of farm land and loss of rural aesthetic. It also increases urban sprawl into rural areas.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>
43466337	0 Table 9 - List of Sites - Watringbury	<p>[59797]</p> <p>Loss of agricultural land. Urban sprawl into rural locations. Further strain on local roads and services which are ill equipped for this level of housing.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>

		[59800, 59802 & 59797]	
		Site 59802 - - object	
		* this is green belt countryside land which needs to be kept as such	
		* This development would cause harm to quiet lane and rural road developments.	
		* It is outside the confines of existing developments.	
		* Insufficient infrastructure (doctors, retail, roads, secondary school) to support this development	
		Site 59800 - - object	
42443457	Table 9 - List of Sites - Wateringbury	* more green belt countryside land must not be used for development	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		* Negative impact on local roads	
		* Loss of agricultural land	
		* Harm to the aquifer for streams	
		* it would cause harm to non-listed heritage assets and harm to the aquifer for streams	
		* Insufficient infrastructure (doctors, retail, roads, secondary school) to support this development	
		Site 59797 - object	
		* This would cause harm to conservation area	
42470529	Table 9 - List of Sites - Wateringbury	[59800 & 59797]  significant housing numbers with no supporting facilities, loss of country side, harm to streams and increased risk of flooding. Harm to existing road network and no improvements	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

Our client's land comprises circa 1.87 Ha area of open green land with former agricultural and leisure use. It is situated north of the A26 'Tonbridge Road' and is on the western side of Red Hill Road. The plot of land runs adjacent to Red Hill Road on the southeast of the site and surrounds private dwellings 'Orchard Cottages' on three sides on the north western boundary. The plot then backs onto orchard land beyond to the west.

Page 15 of 21

1.3.2 The proposed vehicular site access is off Red Hill Road, which has an existing pedestrian footway along the front of the site on the eastern side of Red Hill Road, with an approximate width of 1.8m and runs south for approximately 80m before terminating. To the south of the site approximately 30m away another footway starts on the western side of the road providing continuous access to Watringbury village centre.

1.3.3 Watringbury is a small rural village with the necessary local amenities including a primary school, a couple of small grocery stores, community facilities and a range of independent shops and restaurants and employment opportunities.

1.3.4 In terms of accessibility, Watringbury benefits from a train station with hourly services on the Southeastern Railway between Tonbridge and Strood via Maidstone and connections to London Stations from Paddock Wood Station. The journey time from Watringbury to London is approximately an hour. There are multiple bus stops located throughout Watringbury with bus services running from Maidstone, Lamberhurst, East Malling, Tunbridge Wells with multiple stops in between.

1.3.5 Tuning to constraints, the site is located within a Green Belt but is not in an Area of Outstanding Natural Beauty 'AONB'. The site does, however, share a boarder with 'Orchard Cottages' and other dwellings but none are listed buildings

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

43799809

0 Table 9 - List of Sites -  
Watringbury

[59797] - In the first instance I am objecting about the process that allowed the golf course to be added to a potential planning list without my knowledge. I found out about this purely be chance, an overheard conversation. I live at [redacted]. I overlook the golf course. Can you please explain to me the following;

- \* What was the process for notifying residents, especially those most affected. I live overlooking the golf course and I was not informed at all. Please explain why?
- \* One of the biggest draws to potential purchasers on Kings Hill is the community and all its component parts. We have enough houses already on Kings Hill, why more, you will drive people off.
- \* Conservation. Where do all the animals who live on Kings Hill go? This alone should mean not even a consideration!
- \* Air pollution. With the felling of the trees and woodlands and the replacement of houses will have a diverse effect on air pollution. Each new house, 3 cars v trees and woodlands, do the math.
- \* Mental Health and fitness. Not only is the golf course a source of exercise for many the walks around the course are taken daily by myself and others, we have already lost the dog walk down by the sports park for a new development about to get underway now you want to risk the golf course by adding to the list.

To summarise I object in the strongest possible manner to not only the golf course but also the over development of a great community.

MORE IMPORTANTLY

ITEM 1 AND THE PROCESS HAS CLEARLY FAILED AND SHOULD MEAN UNTIL DUE PROCESS IN TERMS OF COMMUNICATION TO RESIDENTS AND ALLOWING TIME TO OBJECT IS MET THEN THE PROCESS SHOULD START AGAIN.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

		[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	
		Reasons for objections:-	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59802 Residential 644 dwellings East f Canon Lane South of Hollandbury Park	
		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	

		[59800, 59802, 59797]	
		I am registering my objection to the all sites identified in reg 18 local plan. I have particular concern with those areas specifically identified in the subject line.	
		Reasons for objection are as follows:	
		* Loss of the ethical and holistic green spaces close to the already urbanised developments of Kings Hill	
		* Loss of local natural play areas for children and families	
		* Loss of conservation areas, insect and other animal friendly areas	
		* Loss of calming areas near to housing - especially needed for those with mobility issues who are not able to access green spaces easily.	
43879777	Table 9 - List of Sites - Wateringbury	* especially relevant with the imminent opening of the retirement housing complex (Linear Park is not the solution, far to small a space)	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
		* Reduced value to houses looking over or with easy access to the green spaces	
		* Loss of the vision of a 'garden village' !	
		* Loss of , 'The friendly, neighbourly spirit in Kings Hill is developed through shared interests and experiences – easy interactions encouraged by the landscape-first village design and involvement in local sports and activities.	
		* Loss of, 'Landscape-first, the architecture is inspired by the Kent vernacular, but with a contemporary twist.	
		I have thirty plus years in construction, surveying and highway design and consider the following is not fully addressed for the specific sites identified and the overall proposal for the wider planning proposal [Site reference 59797 and 59800]Please see listed below my objections to the local plans 59797,59800 in particular.	
		Having bought one of the first 100 houses built on Kings Hill and watched the destruction of Kate Reed Wood I am reminded of the fact that the Kings Hill development was based around 40% of the area remaining green space. The Golf course was an agreed amenity. The above sites would go against that agreement.	
43883457	Table 9 - List of Sites - Wateringbury	The area shown on these sites is listed as green belt and contain woods of historic interest. Is it right to just rip up these existing green belt boundaries?	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
		The existing infrastructure at Kings Hill struggles to cope with the already overdeveloped site with no secondary schools, too much traffic and a GP surgery and medical facilities that cannot cope now.	

		<p>I submit my objections below to the sites marked with an "X" and identified by Tonbridge &amp; Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-</p> <p>[X] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas and harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	
43882977	<p>Table 9 - List of Sites - Wateringbury</p>	<p>[X] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[X] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of [59802 59800]</p> <p>Kings Hill resident and homeowner</p> <p>Objection to the following proposals:</p> <p>59802 : East of Cannon Lane</p> <p>59800: East quarter of Kings Hill golf course</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>
43901569	<p>Table 9 - List of Sites - Wateringbury</p>	<p>I object to all the proposed areas but the above 2 areas in particular as this will have a direct effect on our lives.</p> <p>We walk our dog out the back every morning and always feel so blessed to live in such natural beauty. We often see rabbits and foxes and the sound of the birds, which is beautiful. This is the whole reason we moved to Kings Hill was because of the surrounding countryside.</p> <p>We also feel like there are going to be too many homes resulting in overpopulating the area. As it is you see cars parked all over the roads. It's almost impossible to get a doctor's appointment and all car parks are over run.</p> <p>It's just going to ruin Kings Hill if you just keep on building more and more homes.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>

44071265	Table 9 - List of Sites - Wateringbury	<p>I would like to strenuously object to the local plan and building on all the green sites around Kings Hill this will affect infrastructure and biodiversity as well as our standard of living. We need some green areas to exercise, walk the dog, children to play, for our mental health and well being and our way of life.</p> <p>These proposed sites are ludicrous and totally wrong. I oppose these sites listed below.</p> <p>Core sites for Kings Hill:</p> <p>59797 West quarter of Kings Hill golf course to A26</p> <p>59800 East Quarter of Kings Hill golf course</p> <p>59802 East of Canon Lane, South of Hollandbury Park</p> <p>[59845]</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>
44084289	Table 9 - List of Sites - Wateringbury	<p>I would like to object to the above site. The traffic in the immediate vicinity of this site is already horrendous. We have a very high level of road pollution in the village. The crossroads at Bow Road and Tonbridge road is already at a standstill most days. The doctors surgery opposite the site is over subscribed.</p> <p>The site is a green space which currently has horses in that local children love to visit and the fields in this part of Wateringbury are one of the things that give the village it's character. Interacting with nature has a positive impact on the wellbeing of local residents.</p> <p>Building here would effectively merge Wateringbury and Teston together as there would be no separation between the two villages.</p> <p>The local amenities and road network could not cope with 100 houses being built in this area.</p> <p>It would be fundamentally detrimental to the character of the village and the physical and mental well-being of the current village residents to remove one of our cherished green spaces.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>

44665281	Table 9 - List of Sites - Wateringbury	I would like to object to some of the proposed sites listed under the Regulation 18 Local Plan as follows -	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		Sites 59800 & 59802 - these sites are currently green belt and much used countryside situated at the end of a very quiet country lane which is difficult to navigate currently. Any development would be impossible due to access difficulties and would be even worse with increased residential traffic.	

44665281	Table 9 - List of Sites - Wateringbury	<p>Submit my objections below to the sites marked with an “X” and identified by Tonbridge &amp; Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-</p> <p>[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	
			Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

		[59797, 59800, 59802]	
		I have never felt the need to engage with local councillors or planners until now, on examination of your 10 year plan.	
		I fully understand the demand for new housing and in the past have accepted proposals that have been detrimental to my personal circumstance as they reflected the greater good. However, as a resident of Kings Hill I do feel it is time to say “enough is enough” – just because Kings Hill has been developed in the last 20 years, does not mean it should be taken as an “easy option” for the next 20 years as well.	
44692417	0 Table 9 - List of Sites - Wateringbury	<p>I can count 16 or more sites proposed in and around Kings Hill, even though it is not classified as an urban settlement. It simply does not have the facilities to support the increase in population that the proposed development areas would bring. I would accept that there might be opportunities for “in fill” within the confines of the current development, but if I understand correctly, putting together site 59797 and 59800 and 59802, would see you develop right across the green belt and effectively link West Malling through Kings Hill and south to Wateringbury. In doing so you would take away the supply of green space and recreational amenities at a time, when by definition demand for such facilities would increase. You must surely try to protect the individual character of West Malling, East Malling, Kings Hill and Wateringbury rather than seeking to create one homogeneous urban bloc.</p> <p>Notwithstanding the above comments, I have watched the debate over Broadwater Farm (site 59740) in recent years, and I can see a reasonable case for development there given its proximity to West Malling Station and so long as sufficient infrastructure such as schools, doctors, and retail were in place to avoid needing to draw on other already overstretched resources elsewhere. However, to put this together with plans to extend out on the south and east sides of Kings Hill as well, would be acts of sheer vandalism.</p> <p>I have lived on Kings Hill since 1999. There are already far more houses than were ever proposed as the [59800]</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
44719553	0 Table 9 - List of Sites - Wateringbury	<p>* Assigned Green Belt land</p> <p>* Impact on local residents who live on a quiet, single-track road, completely inadequate for this amount of dwellings</p> <p>* Increase in traffic through Wateringbury which is already an extremely busy road</p> <p>* Loss of agricultural land</p> <p>* Loss of countryside</p> <p>* This site is placed within the 'Poor Accessibility Band' [59802]</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
44719553	0 Table 9 - List of Sites - Wateringbury	<p>* Assigned Green Belt land</p> <p>* Impact on local residents who live on a quiet, single-track road, completely inadequate for this amount of dwellings</p> <p>* Increase in traffic through Wateringbury which is already an extremely busy road</p> <p>* Loss of agricultural land</p> <p>* Loss of countryside</p> <p>* Harm to non-listed heritage assets</p> <p>* This site is placed within the 'Poor Accessibility Band'</p> <p>* Loss of access to Public footpath used by walkers</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

		[59797]

The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
44721953	0 Table 9 - List of Sites - Wateringbury	Reasons for objections • Harm to conservation areas or harm to significance of conservation areas • Green Belt • Countryside • Harm to the aquifer for streams • Harm to quiet lane and rural road networks • Outside of the confines of existing developments • Loss of agricultural land • Traffic restricted on local roads [59800]	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
44721953	0 Table 9 - List of Sites - Wateringbury	Reasons for objections • Green Belt • Countryside • Harm to the aquifer for streams • Harm to quiet lane and rural road networks • Outside of the confines of existing developments • Loss of agricultural land • Traffic restricted on local roads [59802]	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
44721953	0 Table 9 - List of Sites - Wateringbury	Reasons for objections • Green Belt • Countryside • Harm to the aquifer for streams • Harm to non-listed heritage assets • Harm to quiet lane and rural road networks • Outside of the confines of existing developments • Loss of agricultural land • Traffic restricted on local roads	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
42144033	0 Table 9 - List of Sites - Wateringbury	59726. Wateringbury Road. More green fields lost. Access is only through the narrow East Malling village streets to the north, and Teston & Wateringbury villages to the south.	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
44809825	0 Table 9 - List of Sites - Wateringbury	[59800, 59797]  I object to any future planning proposal on kings hill golf course.	Comments noted.

42443329	0	Table 9 - List of Sites - Wateringbury	Wateringbury already suffers significant problems with excessive traffic passing through primarily through the crossroads.	
			The A26 is a narrow single lane with no pedestrian pavements along much of this road. Speed limit entering village is rarely met.	
			Additional housing will greatly increase traffic - both domestic & industrial vehicles.	
			The crossroads is already the most polluted area of the Borough, increased traffic will raise this to dangerous health levels both to nearby residents & footfall in the area.	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
			Wateringbury does not have the infrastructure to cater for additional housing & resultant additional traffic. The surgery and school are both already over subscribed. Public transport is minimal . As a village residents need to travel to outlying retail outlets & services.	
			A final point - ambulances constantly travel from Maidstone to Pembury Hospitals. This journey is already difficult via the crossroads & single Lane Bow Road. Increasing traffic flow may literally be a case of ‘life or death’	
			Additional developments already impinge on the village with the extra traffic having to come through the village from Kings Hill, Yalding, Paddock Wood, etc.	
			Please reconsider this plan.	

44810977	Table 9 - List of Sites - Wateringbury	<p>As a resident of wateringbury VILLAGE, I should like to put forward the following concerns and my objections.</p> <p>'Wteringbury does not have an infrastructure of shops and services to support the community</p> <p>There are no significant leisure facilities-no secondary schools, no vetinary services and, only a limited healthcare support.</p> <p>It has, only, two small retail food outlets, one in the Shell petrol station and a small local shop on the B2015, to the South. This has limited on-street parking, on the main road,which severely restricts two way traffic flow.</p> <p>Residents need to use cars to access major food supermarkets and other retail and service needs some miles from the village, with an adverse impact on congestion and the environment.</p> <p>This inrastructure is unable to support further housing growth in the area.</p> <p>TRAFFIC.</p> <p>Wateringbury, already suffers significant traffic problems at various times of the day, being on the main A26 Tonbridge to Maidstone road.</p> <p>In the VILLAGE the A26, Tonbridge to Maidstone road,is relatively narrow by modern standards and, further restricted by residents' parked vehicles.</p> <p>Its pedestrian pavements, bounded by garden walls, are, particularly, narrow and the area to the West of the church, in the 30 mph zone, is particularly dangerous.</p>	<p>Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>
44896737	Table 9 - List of Sites - Wateringbury	<p>[Site reference 59845]</p> <p>I'm writing with regards to planning application 59845 and that I strongly object to this development.</p> <p>Wateringbury is already a very busy village and if more homes are built on this site, then there isn't sufficient facilities within the village to accommodate such a vast development. The traffic pollution is already very high at the crossroads and that would increase to an extreme level that could cause various health issues.</p> <p>The proposed site is an area of outstanding natural beauty and home for wildlife, that looks across the playing fields towards the river valley. If this development was to proceed, then another area of Wateringbury will no longer be available for local residents and visitors to enjoy.</p> <p>Thank you in anticipation of this matter. I look forward to hearing from you soon.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>

		<p>I wish to strongly object to the development of new houses in the below proposed sites, with my reasonings detailed below.</p> <p>Site-59845 (<a href="https://www.tmbc.gov.uk/downloads/file/2919/site-59845">https://www.tmbc.gov.uk/downloads/file/2919/site-59845</a>)</p> <p>* The roads around here are already extremely busy, with a severe lack of parking for existing houses and high levels of queuing traffic on one of the worst air polluted roads in Kent, which more housing here would only exacerbate this problem.</p> <p>* This would destroy the agricultural field which is currently used as a horse paddock, as well as being home to many other wild animals including owls and plenty of other rare birds, bats and foxes, all of which we often see in that field and in our gardens. I am very concerned that if you were to build on this area of greenfield land it would be a huge damage to the welfare of our local wildlife and drastically decrease biodiversity.</p> <p>* This site would lead to a significant reduction in privacy at our properties along The Brucks, with new proposed houses being able to see directly into our private rear gardens and straight through our windows into our properties.</p> <p>* It would also be blocking the wonderful and one and only view of the Medway Valley (an Area of Outstanding Natural Beauty) not only from the properties along The Brucks and Fields Lane but also enjoyed by many from the main road.</p> <p>I wish to strongly object to the development of new houses in the below proposed sites, with my reasonings detailed below.</p>	
44897537	<p>0</p> <p>Table 9 - List of Sites - Wateringbury</p>	<p>Site-59845 (<a href="https://www.tmbc.gov.uk/downloads/file/2919/site-59845">https://www.tmbc.gov.uk/downloads/file/2919/site-59845</a>)</p> <p>* The roads around here are already extremely busy, with a severe lack of parking for existing houses and high levels of queuing traffic on one of the worst air polluted roads in Kent, which more housing here would only exacerbate this problem.</p> <p>* This would destroy the agricultural field which is currently used as a horse paddock, as well as being home to many other wild animals including owls and plenty of other rare birds, bats and foxes, all of which we often see in that field and in our gardens. I am very concerned that if you were to build on this area of greenfield land it would be a huge damage to the welfare of our local wildlife and drastically decrease biodiversity.</p> <p>* This site would lead to a significant reduction in privacy at our properties along The Brucks, with new proposed houses being able to see directly into our private rear gardens and straight through our windows into our properties.</p> <p>* It would also be blocking the wonderful and one and only view of the Medway Valley (an Area of Outstanding Natural Beauty) not only from the properties along The Brucks and Fields Lane but also enjoyed by many from the main road.</p> <p>I wish to strongly object to the development of new houses in the below proposed sites, with my reasonings detailed below.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>
44897537	<p>0</p> <p>Table 9 - List of Sites - Wateringbury</p>	<p>Site-59797 (<a href="https://www.tmbc.gov.uk/downloads/file/2872/site-59797">https://www.tmbc.gov.uk/downloads/file/2872/site-59797</a>)</p> <p>* Facilities such as schools and doctors in the area are already oversubscribed.</p> <p>* This would be contributing to a notable loss of countryside and green spaces for people to walk in, whilst also impacting on wildlife &amp; reducing biodiversity.</p> <p>* This is a huge site on an already extremely busy road, with high levels of queuing traffic and one of the worst air polluted roads in Kent and more housing would significantly worsen this.</p> <p>* As this proposal would adjoin houses from Kings Hill, this would turn Kings Hill into one continuous village with Wateringbury.</p> <p>I therefore consider that these proposals would cause more (and severe) harm than good and request that these planning proposals be refused.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>

		I am somewhat dismayed at the number of totally unsuitable sites which have been put forward in your call for sites. I recognise that T & M, along with all Borough Councils have a statutory obligation to meet central government targets for new homes and fully support your steps to have the numbers required locally reduced.	
44952833	Table 9 - List of Sites - Wateringbury	<p>Wateringbury, Mereworth and West Peckham are rural villages and the facilities in the villages reflect this. Wateringbury suffers from having the A26 road cutting it in two. As you are aware there are exceptionally high levels of pollution at the traffic lights junction and traffic tail backs at many times of day are extending this pollution and making life difficult and having a serious impact on health. These problems are already growing and will only worsen when the huge numbers of houses which have already gained planning permission and are yet to be built in Hermitage Lane and at Kings Hill can only make life more difficult and less safe for our village.</p> <p>Wateringbury already suffers from very narrow pavements and many side roads have no pavements at all with driveways from homes having very poor site-lines too. The specific planning applications for Canon Lane 59802 and 59800 are, to my mind as a resident of Canon Lane for over 40 years, totally impractical since Canon Lane is a very narrow lane, mostly single track, with passing places and the land in question agricultural land and land on which there is a golf course. The blind bend by Broomsroft and Broomsroft Place is extremely dangerous for cyclists racing down the lane as they cannot see cars coming up the lane and any provision for increase in traffic would be, at best, irresponsible. Canon Lane is also a Quiet Lane and a conservation area which is enjoyed by many walkers, horse riders and cyclists.</p> <p>I am a member of Kings Hill Golf Course, which acts to separate the village of Wateringbury from the Kings Hill Estate. When the estate was in the planning stage the provision of the golf course was one of the reasons given to ease the fears of residents of Wateringbury that it would encroach on our village.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

Submit my objections below to the sites marked with an “X” and identified by Tonbridge & Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-			
44952865	0	Table 9 - List of Sites - Wateringbury	[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings
			Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.
			[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings
			Reasons for objections:-  Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.
44953665	0	Table 9 - List of Sites - Wateringbury	[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park
			Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.
			[59797, 59800, 59802]
			1) Loss of amenity and recreational use of Ancient Woodland.  2) Extensive increase in traffic levels which are already becoming a major problem.  3) Services put further under pressure and stretched to their limits. Doctors surgeries, schools, water, drainage and other utilities.  4) Loss of historical local identity by over development within the area.
			Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

Submit my objections below to the sites marked with an “X” and identified by Tonbridge & Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

59797 and 59800 - loss of habitat for protected species, harmful to conservation areas surrounding and harm to road networks.

59802 - outside the confines of existing development, harm to quiet lanes loss of countryside enjoyed by local residents.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

Submit my objections below to the sites marked with an “X” and identified by Tonbridge & Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

		[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	
		Reasons for objections:-	
		Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	
		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	

Regulation 18 Local Plan – Consultation  
Wateringbury Parish Council objects to the development of all sites proposed in the local plan.

The objections should prevent all sites being considered as they all adversely impact most or all of the following;

\* Degradation of the Green Belt and Green Wedges that surround the village. Breaching, removing or altering would result in the village merging with surrounding villages/local authority and remove and disrupt the identity of Wateringbury as a Village.

\* The previous local plan stipulated that no further development would occur in or around Wateringbury until 2030 due to the significant impacts on air quality and pollution. Subsequent investigations and reports now emphasise the impacts on human health even more so and we request the local plan continues to stipulate no development for a period of ten years or until such time that pollution is brought under control by effective traffic management.

\* The traffic through Wateringbury cross roads is already over capacity (at 24% capacity) with further capacity increases projected with development already approved in neighbouring local authorities. Whilst TMBC continues to refuse to instigate a Community Infrastructure Levy (CIL) – an ineffective S106 system is being exploited by developers. The residents of Wateringbury continue to see no local improvements as a consequence or in mitigation of development. The proposed further additions to the local plan would total nearly 3000 homes – quadrupling the size of Wateringbury Village. An already overburdened infrastructure would collapse - the local primary school and Doctors surgery are already at capacity.

\* Any proposed expansion of Kings Hill such as the proposed 59699, continues to threaten Wateringbury Village with secondary access routes – leading traffic off kings Hill – directly into the Wateringbury Village centre. Whilst these may allow developers to meet statutory requirements for Emergency Vehicle access – they will disproportionately effect the surrounding areas. For this reason Kings Hill has clearly reached its geographical limit and further expansion should be refused and green wedges maintained / installed around its surrounds thus protecting ‘Landscapes of Local value’

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

[59797, 59800, 59802]

Attached please find my detail objections to the relevant sites of the local plan proposed for additional dwellings in the Kings Hill area of the borough. [KINGS HILL PROFORMA ALSO SUBMITTED]

I also raise the following overarching objections in connection with all the sites I have listed if not already stated for each one separately:

GP Surgery alreadynot coping - The local surgery cannot cope at the moment, and many people are forced to use private medical services because they cannot get an appointment. Adding 1,000's of additional houses will only increase this problem.

Road Access to Kings Hill already inadequate – The A228 is already overburdened during rushhour particularly the non dual carriageway section all the way to/from Mereworth. Access to Kings Hill is limited to two chokepoints which are easily blocked in the event of traffic problems. These issues will only be worse if additional dwellings are built.

Public Transportto Kings Hill already inadequate and being cut back – Already poor & expensive links to West Malling, Maidstone, Tonbridge, London etc will be hugely overburdened with the proposed development of 1000's more additional dwellings

Traffic/Parkingon Kings Hill already a problem - This is already an issue because developers/planners have not allocated enough parking for existing households. Pressure on parking will increase with the implementation of proposed yellow lines. Further developments in Kings Hill will only exacerbate this situation and make it worse.

Schools - The local primary schools are already full, and with no secondary school on Kings Hill, pupils are forced to use public transport or parents vehicles

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

0 Table 9 - List of Sites -  
Waterringbury

45011329	Table 9 - List of Sites - Wateringbury	<p>[ x ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections – It’s in the Green Belt and outside of the existing development, loss of agricultural land, loss of woodland trees and vegetation, harm to the aquifer for streams and harm to the wildlife and plants. Loss of much needed sports facility benefiting the community, providing alternative employment opportunities</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
		<p>[ x ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:- It’s in the Green Belt and outside of the existing development, loss of agricultural land, loss of woodland trees and vegetation, harm to the aquifer for streams and harm to the wildlife and plants. Loss of much needed sports facility benefiting the community, providing alternative employment opportunities</p>	
		<p>[ x ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections – It is in the Green Belt countryside and this development could cause harm to the quiet lanes and road network, It is outside of the existing development and would cause traffic problems. Harm to heritage assets loss of agricultural land and would change the character of the area. Harm to the aquifer for streams.</p>	
		<p>I have had a look at the plans to build even more houses at Kings Hill. We moved here in 2006 and one of the reasons was that Kings Hill was a new garden village with plenty of green space around it, it had a medical centre in the centre along with an array of shops for everyday needs, a bus service that could take one to Tunbridge Wells and Maidstone and a railway station not too far away.</p> <p>Over the years the bus services have been cut and now there is a very limited buses with restricted hours and extremely limited service over the weekends. I understand that the X1 and X2 are going to</p>	
		<p>[59845]</p> <p>The field is home to rescued and elderly horses and ponies that have a good life there. They are loved by so many here in Wateringbury and children and adults come especially to see them . It's a valuable part of life . Where will these animals go?</p>	
45011873	Table 9 - List of Sites - Wateringbury	<p>With one hundred houses comes possibly 200 residents or more. One hundred plus cars.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
		<p>We already have significant traffic problems for a good part of the day and this would increase this.</p>	
		<p>The doctors surgery is already full which causes delays in appointments.</p>	
		<p>We are a small village with very limited shopping facilities and parking. So the use of cars is needed for bigger supermarkets etc So increasing the pollution in the village which having been monitored is the worse in the borough. So increasing this is certainly detrimental to our health.</p>	
		<p>Why do you want to build on a green field site?</p> <p>Please will you consider these objections carefully before you make your decision. Thank you</p>	

45012097	Table 9 - List of Sites - Wateringbury	<p>[ x ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas and harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>

The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

Submit my objections below to the sites marked with an “X” and identified by Tonbridge & Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas and harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas and harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	

Submit my objections below to the sites marked with an “X” and identified by Tonbridge & Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

	0	45141793 Table 9 - List of Sites - Wateringbury	Reasons for objections:-	
			Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
			[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	
			Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
			Please find attached my objections to the local plan that has been set out.	
			My objection relates to sites:	
			59797	
			59800	
			I write to oppose the following sites: 59797 , 59800 both site located to destroy the Kings Hill Golf Course. I also Oppose site reference 59762.	
			Is it is my belief that when Kings Hill was in its infant stage, it was agreed that the development was based upon 40 % of the area remaining green space, the area is part of the existing green belt. And the golf course was an agreed amenity.	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
			The golf course itself provides employment for residents, this would an unacceptable loss to effect the employment of the many people that the course employs. Not only loss of jobs but other business opportunities that the club offers.	
			Not to forget the vital effects that outdoor activities have on our well being. Loss of the facilities would adversely impact health and well being of the hundreds of members and their guests who enjoy the game each day. Alongside this lets also consider the footpaths used by so many walkers, dogs walkers and cyclists. To destroy such footpaths would prevent many residents from accessing daily walk easily. To need for outdoor recreation has been highlighted enormously during the pandemic, the need for footpaths is vital.	
			GP surgery - The local surgery cannot cope at the moment, and many people are forced to use private medical services because theycannot get an appointment. Adding 1 000's of additional houses will only

42819617	Table 9 - List of Sites - Wateringbury	<p>INTRODUCTION</p> <p>1.1 These representations have been prepared on behalf of Croudace Homes in relation to the Land off Tonbridge Road, Wateringbury. A site location plan of our client’s holding is attached at Appendix A1.</p> <p>1.2 Croudace Homes are an established and well-respected house builder. They produce high quality homes to suit all budgets and set high standards for the design and quality of their developments while ensuring they fit into their local environment and respect the local character. Croudace are an active developer within this housing market area and are already delivering homes in Tonbridge and Malling at Hermitage Lane (on the boundary between Maidstone and TMBC). They are currently developing a scheme which was granted permission in 2015 and are bringing forward a subsequent outline consent granted at the beginning of 2022.</p> <p>1.3 Croudace Homes aims to deliver the Land off Tonbridge Road, Wateringbury to provide an attractive residential development, with much needed high-quality housing with accompanying green space and enhancements to existing landscaping. The key benefits of the scheme are:</p> <ul style="list-style-type: none"> <li>• The provision of 57 family homes including policy compliant affordable housing provision.</li> <li>• An attractive development with significant green space and hard and soft landscaping ensuring the right balance between movement and place making.</li> <li>• Generous planting and woodland to create a robust Green Belt Boundary which also mitigates for settlement coalescence.</li> <li>• The retention and enhancement of important views towards Medway Valley.</li> <li>• The provision of an area of natural space with wildflower meadows, seating areas, and recreational footways.</li> <li>• Strong legibility and connectivity through the site to encourage active transport. This includes the track to the southwest of the site, which runs alongside the playing fields, is to be upgraded to improve access towards the train station.</li> <li>• Improvements to the A26 junction to alleviate congestion and improvement to local air quality.</li> </ul>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
45290497	Table 9 - List of Sites - Wateringbury	<p>[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas and harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

42166177	Table 9 - List of Sites - Wateringbury	Submit my objections below to the sites marked with an “X” and identified by Tonbridge & Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
		Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

		[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
		Reasons for objections:-  Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	
		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		WEST MALLING	

		[Site 59845]	
		I have the following objections to this proposed development:	
		The village and more particularly the A26 crossroads are well renown as being one of the most polluted junctions in Kent. Traffic levels are ridiculously heavy, impacting the health and well-being of the local population. Adding another 100-200 cars coming and going will not help at all. As it also sits on an ambulance route, one can only assume that further congestion could lead to a loss of life.	
45302433	Table 9 - List of Sites - Wateringbury	<p>As there are very few commercial enterprises or businesses in the village, one assumes that the majority of new householders would need to drive to their place of work, school, shopping or leisure activities. Public transport cannot be relied upon.</p> <p>I am currently waiting a month for a return call from the local GP. I believe their books are closed to new registrations. Again adding another 100+ homes to the village is going to exacerbate current problems.</p> <p>The proposed site is green belt separating the two villages of Wateringbury and Teston - building on the land will blur the boundaries and identities of both.</p> <p>Current use of the land provides a number of local adults and children with facilities for sport and relaxation. It adds to the aesthetics of the village and allows views across the valley - something many of the existing villagers value very much.</p> <p>[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
45302657	Table 9 - List of Sites - Wateringbury	<p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

		[59797, 59800, 59803]	
		<p>We are writing to formally comment on the proposed Local Plan for Tonbridge &amp; Malling Borough Council, specifically the area covering Mereworth and Kings Hill.</p> <p>Whilst we appreciate the urgent need for affordable housing, although all the plans shown, do not give details of the sizes/affordability of the properties being considered, only how many, we do want to put on record our serious concerns about the overall plan The safeguards outlined in the Local Plan do not appear to have been considered when making the current proposals.</p> <p>The large quantity of houses proposed will put an even greater strain on the existing local services such as</p>	
42276321	0 Table 9 - List of Sites - Wateringbury	<p>* Access to GP - It is already very difficult to get an appointment</p> <p>* Dentist - no local NHS dentist</p> <p>* Local Schools - already at capacity</p> <p>The local infrastructure is already under extreme pressure to cope with the volume of traffic and utilities</p> <p>* TMBC is currently looking at the junction at the A228 and Kent Street, and the plans being considered, as far as we understand, are hitting budget restraints. The options in place would barely improve this junction, &amp; would support only a few houses. With additional houses proposed being built along that road, it would exacerbate the problem and be a safety concern if even more traffic was to join the A228 directly from the new sites as shown in ref no 59759, 59760, &amp; 59761</p> <p>* All local roads in the area struggle at peak times to keep traffic flowing, and bring into question the impact on emergency services that additional congestion will have, particularly as there are very few passing places or dual carriageways</p> <p>[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
45333569	0 Table 9 - List of Sites - Wateringbury	<p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

		Question 2 – No	
		Should Kings Hill be considered Urban or Rural? Rural	
		Should this hierarchy be used to prioritise development? No you shouldn't look to build on every piece of greenland	
		Question 3 No response	
		Question 4 - West Malling and Kings Hill only account for 1% of area of TMBC but has provided 58% of development in last 20 years – develop other areas of kent	
		Question 5 - Kings Hill already over developed. Original approval was that 40% of area should remain green space and within confines of brownfield space within the airfield	
		Question 7 - Assessment assumes that defined Urban Areas have the services and infrastructure to support further expansion. West Malling and Kings Hill transport infrastructure, medical facilities are unable to support existing number of residents and dwellings	
		Question 8 -	
		* Development on any of the golf course would result in the loss of golf course and loss of businesses that operate it (which provides employment for local residents).	
		* Impact of Wildlife as Golf Course is designated by the Environment Agency as a Local Wildlife Site as part of the nature conservation sites in their screening report for Nature and Heritage Conservation in 2019.	
		* Area is part of Green Belt	
		* Approval for Kings Hill development was based upon 40% of the area remaining green space with the

45376737	Table 9 - List of Sites - Wateringbury	Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		Reasons for objections:-	
45375713	Table 9 - List of Sites - Wateringbury	Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	

		<p>Thank you for the opportunity to respond to the consultation on TMBC’s draft local plan options. I strongly object to the five options as drafted as they will increase development in already constrained areas in terms of local infrastructure. Most notably, this is in the form of already congested roads and lack of access to medical facilities (in particular, GP appointments and access to dentists).</p> <p>I would also like to submit objections to the following specific sites as listed:</p> <p>Site 59797 - harm to conservation areas or harm to significance of conservation areas, green belt, countryside, harm to the aquifer for streams, harm to the quiet Lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads</p> <p>Site 59800 - green belt, countryside, harm to the aquifer for streams, harm to quiet Lane and rural road networks, outside the confines of existing developments, loss of agricultural land, traffic restricted on local roads</p> <p>Site 59802 - green belt, countryside, harm to the aquifer for streams, harm to non listed heritage assets, harm to quiet Lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>

45431969	<p>0 Table 9 - List of Sites - Wateringbury</p>	<p>I am writing to object to the over-development of our area.</p> <p>* I object to Kings Hill being treated as a town. It is not an urban area.</p> <p>* There will be loss of amenity and recreational use of woodlands.</p> <p>Development of Ancient Woodland will have a deleterious impact on wildlife and wild plants.</p> <p>* I particularly object to site 59740. Broadwater Farm is good quality farmland. There are also heritage assets which will be harmed. The scale of this development is at an unacceptable level.</p> <p>* There is already excessive traffic on the A228 through Kings Hill.</p> <p>Site 59671 at the Wood Yard is on a particularly dangerous section of the road.</p> <p>* I object to the large development proposed at site 59797. This will put great strain on roads and services.</p> <p>* Access roads to Kings Hill are inadequate.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>

45430529	Table 9 - List of Sites - Wateringbury	[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

		[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	
		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
		Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
45432929	Table 9 - List of Sites - Wateringbury	[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		Reasons for objections:-	
		Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	

		<p>Site 59845</p> <p>I would like to register my objection to the proposed development on the above site at Tonbridge Road/Fields Lane Wateringbury.</p>	
		<p>Reasons: it's a visually pleasing site that adds to the wellbeing of the community.</p> <p>It has a function to provide grazing for local horses who's riders lives are enriched by their outdoor hobby. Villagers come to feed the horses with their families and to observe them. This field is also home to foxes, and owl. We have returning birds come to nest every summer.</p>	
<p>45434401</p>	<p>Table 9 - List of Sites - 0 Wateringbury</p>	<p>It is regularly used as a community resource for events such as football tournaments and Fete days for large amounts of parked cars. Sarah Hudson, parish councillor can always rely on us to support her with any parking and community events. This field has been used for the summer fete for a number of years and couldn't go ahead without this field for parking.</p> <p>It divides, naturally and aesthetically, the two villages of Teston and Wateringbury. The view is phenomenal from the tonbridge road and is admired by the village.</p> <p>The Tonbridge Road is already overburdened with traffic and vehicle pollution made worse by the congestion at the traffics lights at the junction of Tonbridge Road with Red Hill and Bow Road. The pollution at the cross roads is already not meeting any reasonable air quality standards.</p> <p>This village cannot sustain more houses and vehicles. The school is only small and the GP surgery is already oversubscribed.</p> <p>We need our green spaces for our mental health and nature to thrive.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>

45435681	Table 9 - List of Sites - Wateringbury	<p>Although I do realise more houses are needed in the area I do think the proposed plans for the local area of Kings Hill are not within proportion to the area.</p> <p>In general the area is not made to accommodate this many houses, the GP surgery already has too many patients on their books, there is no local nhs dentist. There is only 1 pub and parking is terrible. If the area needs to expand than this sort of infrastructure should expand with it, not just houses, but also facilities to accommodate the people that will be living here.</p> <p>There is only access to Kings Hill from the a228. On Thursday the 20th of October there was an incident near Kent Road on the a228 towards Tonbridge and the whole of Kings Hill got closed off by traffic. What Kings Hill need is extra access roads on other sides of Kings Hill. Towards East Malling and wateringbury would be a good idea. The Malling school is our closest secondary school, yet it is oversubscribed and several children living on Kings Hill could not get a place fir this academic year. I know one of the plans has a secondary school on it, but it will be years before that is built and we are already struggling. I oppose to all building in the area unless these issues with access to Kings Hill, a Gp surgery, dentist and education are sorted.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
45434721	Table 9 - List of Sites - Wateringbury	<p>I strongly object agains building on the following sites on top of the general objection written above.</p> <p>Site 59531 13 dwellings on Tower view.</p> <p>This bit of green is a recreational grounds we have on kings hill, kids play there all the, it would be a real shame to loose that. Building there would change the character of Kings Hill. The tower view area is already one of the busiest in Kings Hill with 3 supermarktets alongside it, so part from residential traffic it is heavy in traffic visiting the supermarkets. Additional house and building will just add to the congestion on that road.</p> <p><del>Site 59534 18 Dwellings on Tower view</del> [ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

		<p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	
		<p>[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[Site 59845]</p>	
45440417	Table 9 - List of Sites - Wateringbury	<p>I wish to make you aware of my strong objections that I have regarding to the proposed development for 100 residential dwellings - fields lane wateringbury.</p> <p>*. High way safety. Traffic wateringbury cross roads ( which has caused continuous problems over the years / with either closure or 4 way traffic lights ) There is pollution from stationary traffic - heading towards the cross roads this in turn has an impact on climate change ( pollution has been a constant topic at the parish council meetings ..... on going ).</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
		<p>*. Detrimental impact upon residential amenities</p> <p>*. GP practice. Pelican court wateringbury ( once a village doctors &amp; you were seen on the same day )</p> <p>*. Maidstone hospital &amp; Pembury hospital at tunbridgewells</p> <p>*. NHS. ( already under pressure re volume of people )</p>	
		<p>There has been numerous houses build opposite Maidstone hospital backing up eventually to broom shaw road barming both Maidstone &amp; tunbridge Wells planning were involved.</p> <p>*. Greenfield. Green space. Valuable &amp; enjoyed by all. Plus fields lane would no longer be an appropriate name if houses were built .</p> <p>*. The proposal would have an impact on wild life &amp; the environment.</p>	
		<p>Noise / disturbance/ would be created along with temporary road disruptions / road surface mud and more pollution from the work vehicles. Plus site lighting re generators making a buzzing noise</p>

		Reasons for objections:-	
45466913	Table 9 - List of Sites - Wateringbury	Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	

			[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
			Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
45467873	0	Table 9 - List of Sites - Wateringbury	<p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
45306113	0	Table 9 - List of Sites - Wateringbury	<p>Site 59797 and Site 59799 – Objection to inclusion as potential development sites</p> <p>These sites are highly sensitive and visible downland tracts in the upper Medway Valley. Development in this area on a large scale would result in the loss of high quality agricultural land appropriate for food production and severely damage this beautiful valley landscape. In our view the valley should not become the focus of substantial development and urbanisation but rather should be preserved as countryside and significant wildlife habitat.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
			[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
			Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
			[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	
			Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	

		[SITE REF: 59797]	
		I object to site 59797 being considered in the local plan and I do not believe they should go forward to the next stage of the local plan for the following reasons:	
45473025	Table 9 - List of Sites - Wateringbury	~ Loss of high grade farm land	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		~ Harm to many heritage assets including listed buildings, Conservation Area and landscape features	
		~ Harm to the underground water sources and lack of consideration of hydrogeology issues	
		~ Harm to Quiet Lanes and rural road network	
		~ Critical stress on existing road, medical & other infrastructure	
		~ The destruction of wildlife and the great environmental damage it will cause.	
		[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
		Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	

45478177	Table 9 - List of Sites - Wateringbury	<p>[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		<p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	
		<p>[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	
42832353	Table 9 - List of Sites - Wateringbury	<p>[SITE REF: 59845]</p> <p>I write in connection with the above proposed plans. I have examined the plans and I know the site well. I wish to strongly object to the development of these houses in these locations.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		<p>* This site would lead to a significant reduction in privacy at our properties along The Brucks, with new proposed houses being able to see directly into our private rear gardens and straight through our windows into our properties.</p> <p>* This would destroy the agricultural field which is currently used as a horse paddock, as well as being home to many other wild animals including owls and plenty of other rare birds, bats and foxes, all of which we often see in that field and in our gardens. I am very concerned that if you were to build on this area of greenfield land it would be a huge damage to the welfare of our local wildlife and drastically decrease biodiversity.</p> <p>* The roads around here are already extremely busy, with a severe lack of parking for existing houses and high levels of queuing traffic on one of the worst air polluted roads in Kent, which more housing here would only exacerbate this problem.</p> <p>* It would also be blocking the wonderful and one and only view of the Medway Valley (an Area of Outstanding Natural Beauty) not only from the properties along The Brucks and Fields Lane but also enjoyed by many from the main road.</p>	
		<p>I therefore consider that these proposals would cause more (and severe) harm than good and request that these planning proposals be refused.</p>	

42832353	Table 9 - List of Sites - Wateringbury	<p>[SITE REF: 59797]</p> <p>I write in connection with the above proposed plans. I have examined the plans and I know the site well. I wish to strongly object to the development of these houses in these locations.</p> <p>* This is a huge site on an already extremely busy road, with high levels of queuing traffic and one of the worst air polluted roads in Kent and more housing would significantly worsen this.</p> <p>* Facilities such as schools and doctors in the area are already oversubscribed.</p> <p>* This would be contributing to a notable loss of countryside and green spaces for people to walk in, whilst also impacting on wildlife &amp; reducing biodiversity.</p> <p>* As this proposal would adjoin houses from Kings Hill, this would turn Kings Hill into one continuous village with Wateringbury.</p> <p>I therefore consider that these proposals would cause more (and severe) harm than good and request that these planning proposals be refused.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>

The village does not have the required infrastructure to function as a Rural Centre to support an increased population. It suffers already from serious traffic congestion and has a most limited retail and service offering. Many of the sites proposed for consideration would destroy areas of outstanding and accessible countryside of Grade 1 and 2 farmlands, with landscapes of great character. In addition, there are a range of difficult access issues and concerns around fresh water supply and the water table in certain areas of the village.</p> <p>2.1 General Objections applying to all sites around Wateringbury</p> <p>Traffic. Wateringbury already suffers significant traffic problems at various times of the day sitting on the A26 main Tonbridge Road to Maidstone. In the village, the A26 Tonbridge Road to Maidstone is relatively narrow by modern standards and further restricted by residents parked traffic. Its pedestrian pavements, bounded by garden walls, are particularly narrow and to the area west of the Church in the 30mph zone potentially dangerous. Additional housing developments will increase traffic flows with both an environmental impact and increased safety hazard. Already the area around the Wateringbury crossroads is the most polluted part of the Borough.</p> <p>Shops and Services. Wateringbury does not have an infrastructure of shops and services to support the community. There are no significant leisure facilities, no secondary schools , no veterinary services, and only limited health care support. It has only two small retails food outlets, one in the Shell petrol station and a small local shop on the 82015 to the south which has limited on street parking on the main road which restricts two- way traffic flow. Residents have to use cars to access major food supermarkets and other retail and service needs some miles from the village, with an adverse impact on congestion and the environment. This infrastructure cannot support further housing growth in the area.</p> <p>Water. During the summer drought of 2022 there were occasions in Canon Lane (and perhaps more</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
45512481	Table 9 - List of Sites - 0 Wateringbury		Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

45512481	0	Table 9 - List of Sites - Wateringbury	<p>2.2) Specific detailed Site Objections</p> <p>In addition, to our general objections set out above, we wish to raise additional specific objection to the following proposed greenfield sites. Lack of access prevents more specific commentary on Sites 59729 and 59803:-</p> <p>Cannon Lane - 59800, 59802</p> <p>Pizien Well - 59799, 59624, 59723</p> <p>Tonbridge Road - 59797</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
			<p>2.3) Canon Lane</p> <p>Canon Lane is an historical, and in most parts, single track lane rising approximately 60 metres to the north where it terminates In a cul-de-sac against narrow woodland and the housing boundaries of Kings Hill. It is bounded in its lower half by extensive traditional stone walls on either side of the narrow lane which date back several hundred years. Its junction with the Tonbridge Road provides limited visibility and has, we understand, seen fatalities.</p> <p>The lane is popular with walkers and cyclists from Kings Hill and the surrounding area, meeting footpaths to both the East and the West at its higher level and providing at the northern end pedestrian access to Kings Hill.</p>	
			<p>2.4) Site 59800 additional objections</p> <p>(i) Amenity. The site adjoins the north- western part of Canon Lane and comprises land forming part of the Kings Hill golf court, a popular course and important sports amenity for the existing Kings Hill Estate and local area.</p> <p>(ii) Access. Canon Lane is not capable of providing safe access to any further housing developments along its length. As noted above, it is single lane in the most part, heavily frequented by walkers and</p> <p>[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>

45622433	0	Table 9 - List of Sites - Wateringbury	Re proposed development sites.	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
			I am in favour of the development of sites in the area as there is obviously a need for more housing and business space.	
			However, my main concern to any development will always be is the infrastructure fit for it?	
			At present, the traffic at Wateringbury crossroads (we live in Wateringbury) can be awful - sometimes taking us over ten minutes just to get out of this junction. There are often road closures along the Tonbridge Road and Bow Road substantially adding to the problem. Drivers often use Gibbs Hill as a cut through on these occasions, which is not practical at all due to its width. I fear this will be used even more so after any new housing is built around here.	
45622817	0	Table 9 - List of Sites - Wateringbury	Can we be sure that the roads can cope with any developments here/will new access roads be included?	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
			We are currently patients at the West Malling Group Practice doctors. It is already near on impossible to get an on the day appointment, and even with prebookable appointments you sometimes have to wait several weeks to be seen. Please could we be assured that new doctors surgeries are included in the plan, as the current surgeries are already at breaking point.	
			Finally, we are already in need of secondary schools for the children of the surrounding villages - most children have to travel at least half an hour away for their schools and being further away, struggle to get into the better schools due to catchments. More housing must mean more schools we would hope?	
			I hope these comments are of use,	
45622817	0	Table 9 - List of Sites - Wateringbury	[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

45631393	0 Table 9 - List of Sites - Wateringbury	<p>I should like to register my objection to the proposed development on the above site at Tonbridge Road/Fields Lane Wateringbury.</p> <p>Reasons: it's a visually pleasing site that adds to the wellbeing of the community.</p> <p>It has a function to provide grazing for local horses who's riders lives are enriched by their outdoor hobby.</p> <p>It is used as a community resource for events such as football tournaments and Fete days for large amounts of parked cars.</p> <p>It divides, naturally and aesthetically, the two villages of Teston and Wateringbury.</p> <p>The Tonbridge Road is already overburdened with traffic and vehicle pollution made worse by the congestion at the traffics lights at the junction of Tonbridge Road with Red Hill and Bow Road.</p> <p>Thank you</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		I am writing in objection to the proposed site of 100 homes at Fields Lane , Wateringbury.	
45631841	0 Table 9 - List of Sites - Wateringbury	<p>I am amazed that the planners feel this would be a positive in that they believe it will enhance life of the new inhabitants. They believe the close proximity of a school and GP surgery justifies the build. Are these establishments not already struggling? .. and what of the roads and traffic , especially if we include other proposed builds in the area.. for instance the orchard site in East Mallng. The congestion and pollution particularly on the crossroads at red hill will be increased and is this not an area trying to reduce emissions. The roads are dangerous in this area especially for children already ... and highways refuse to put stronger measures in to deal with speeding and dangerous driving particularly on Maidstone road. The local roads were not an are not built for this vision. These builds are adding fuel to existing issues not enhancing anyones life , existing or new residents. There should be a duty of care to the character of this area and surrounding areas and its residents</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	

Please find listed below my objections to the proposed development of sites as identified by Tonbridge and Malling Borough Council in Registration 18 of the Local Plan.

Site 59884 Residential 21 dwellingsTower View Green Area (North East)

We were told when we purchased our property (which fronts onto Tower Green) in 2020 that the land was Green Belt and therefore would never be built on. We were assured by both Kings Hill Properties the agent and our Solicitors who acted for us. Had we known there was a risk that the Green could be built on in the near future, we would not have proceeded with the purchase. We therefore reserve the right to bring claims against any partie(s) involved and seek compensation for losses suffered from the diminution in the value of our property and also for the stress and inconvenience caused.

My objections are as follows:

The current infrastructure of Kings Hill is not designed in such a way to cope with further development.

\* Traffic: There is already a known issue with traffic in and out of Kings Hill and the A229 and further development will only worsen the position. The traffic is already significant during rush hour times of people travelling into offices, schools and Waitrose. When the new Aldi is open, this will increase further!

\* Parking: Again, already a known issue with most households in Kings Hill and this will worsen significantly with the introduction of yellow lines which are due to implemented soon.

\* GP Surgery: The local surgeries are at full capacity and have failed to cope. It is near impossible to get an appointment or even get through on the phone line. Many of us (including myself) have therefore had to resort to utilising our private medical in order to seek treatment. But what about the families who do not benefit from private health insurance? Adding further housing will stretch the Doctors

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

0 Table 9 - List of Sites -  
Waterringbury

		<p>Matt, thank you for your time explaining the local plan consultation process and encouraging responses. I have to say I found it very useful however the consultation papers and options for comment seem extremely complicated and therefore I wonder if they will elicit the participation you sought, due to the length of time required to make a response, and understand that the complexity will make understanding and managing the responses fairly, will be very difficult, as others have said. I would like to summarise my views and do so here, so you can consider these when selecting the preferred sites for delivery over the next period.</p> <p>There is a general tone of anti development expressed through the question and reports. This is wrong and will actually lead to economic decline and decline in the community dealing fairly across the wealth ranges. Compassionate conservatism should address:</p>	
45634817	<p>0 Table 9 - List of Sites - Wateringbury</p>	<p>* the disadvantaged and not just protect the status quo.  * Encouragement of industry, economic development and small business.  * Address concerns related to climate change.</p> <p>The settlement hierarchy is not well constructed currently and does not reflect the connectivity advantages of some communities over others.</p> <p>Specifically Hadlow and East Peckham are not the same as Hildenborough and Borough Green. Development should go where the communication links are good as a priority. Hadlow and East Peckham should be moved down the hierarchy into a new category.</p> <p>There is no vision for what future transport systems should be like and without a vision this will drift and be driven by market forces rather than being planned and developed. The policy should encourage greater use of public transport and more flexible responsive service by hired transport options. Car ownership which is currently reducing should be encouraged to do so and internet connected self-driving vehicles should be favoured. Slower speeds will enable carbon saving and greater safety and maximise the use of our existing infrastructure without adding to congestion</p> <p>[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>
45635489	<p>0 Table 9 - List of Sites - Wateringbury</p>	<p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>

		[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
		Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
45635713	Table 9 - List of Sites - 0 Wateringbury	<p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>I am writing to object to the new proposed 100 Residential Dwellings Site 59845at Fields Lane Wateringbury.</p> <p>The reasons for the objections are as follows:</p> <p>* Traffic - The village Wateringbury already suffers from heavy traffic congestions and problems at various points of the day, sitting on the main A26 Tonbridge Road to Maidstone, also along Bow Road tailing back to Nettlestead. The A26 to Maidstone is a narrow road compared to the new modern standards and not only is it narrow but it is also restricted by residents parked traffic. The pedestrian pavements, bounded by garden walls are particularly narrow and to the area west of the church where it is a 30mph zone it is potentially dangerous to walk along. if these or other additional housing developments are built it will substantially increase the traffic flow which will have a damaging effect on both the environment and safety. As it stands, we believe the area around the Wateringbury crossroads is already the most polluted part of the borough.</p> <p>* Shops and Services - The village of Wateringbury does not have the infrastructure of shops and services to support the community. There are no significant leisure facilities , no secondary schools. There are no veterinary services and only limited health care support. It has only two small retail food outlets, one of these is in the Shell petrol station and a small local shop on the B2015 to the south which has very little on street parking available on the main road, this also restricts the two traffic and causes congestion. Residents are required to use cars or local busses to access major food supermarkets and other retail and service needs miles from the village, with an adverse impact on congestion and the environment. This infrastructure is unable to support further housing growth in the area,</p> <p>* Environment - The current proposals in this area will adversely impact the area's CO2 levels from both the new build on greenfield sites and increased traffic flows. The area around Wateringbury crossroads is already the most polluted part of the borough.</p> <p>* Canon Lane - This is an historical, and in most parts, single track lane rising approximately 60 metres to the north where it terminates in a cul-de-sac against narrow woodland and the housing boundaries of</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
45636641	Table 9 - List of Sites - 0 Wateringbury	<p>* Traffic - The village Wateringbury already suffers from heavy traffic congestions and problems at various points of the day, sitting on the main A26 Tonbridge Road to Maidstone, also along Bow Road tailing back to Nettlestead. Table 9 - List of Sites -  
Wateringbury

Site 59424 Residential 164 dwellings Woods at end of Clearheart Lane

Reasons for objections • DEFRA Forest Inventory • Ancient Woodland and TPO protected trees • Over Development with inadequate resources in Kings Hill • Harm to protected species • Outside of the confines of existing developments • Impact on Local Residents of main access • Impact on wildlife corridor

Site 59531 Residential 13 dwellings Tower View [Green] (South East)

Reasons for objections • Change of character of the area • Traffic impact to/from Kings Hill centre • Loss of public open space

Site 59534 Residential 18 dwellings Tower View [Green] (North West)

Reasons for objections • Change of character of the area • Traffic impact to/from Kings Hill centre • Loss of public open space

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

Site 59544 Residential 5 dwellings Conservation Area off Bancroft Lane

Reasons for objections • Harm to conservation areas or harm to significance of conservation areas • Harm to non-listed heritage assets, preservation order

Site 59547 Residential 6 dwellings Discovery Drive next to Conservation Area

Reasons for objections • Loss of Green Open Space • Harm to conservation areas or harm to significance of conservation areas

Site 59630 Mixed Use TRC (est. 157) dwellings Fields North of Amber Lane

		submit my objections below to identified sites by Tonbridge & Malling Borough Council in Regulation 18 of the Local Plan for proposals for development.	
		As a preliminary I would like to put on record the more general reasons for my objections, which are valid across all of the proposed sites. I have listed them below, as they are of huge concern to me and many others:	
		GP surgery - The local surgery cannot cope at the moment, and many people are forced to use private medical services because they cannot get an appointment. Adding 1,000's of additional houses will only increase this problem.	
42799777	Table 9 - List of Sites - 0 Wateringbury	<p>Schools - The local schools are already full, and with no secondary school on KH, pupils are forced to use public transport or parents' vehicles, and travel long distances before and after school.</p> <p>Stores/Shops - The existing stores are at capacity with the current population, the new Aldi store will possibly relieve this, but the amenities present are still insufficient for the population. No petrol station/Charging station, no Newspaper/magazine outlets (Asda/Morrisons do not display them in time for the main morning commuter)</p> <p>Public Transport / car usage - Poor &amp; expensive links to West Malling, Maidstone, Tonbridge etc. There is no useful workable shuttle service between station and Kings Hill, forcing unnecessary use of many cars. 6,000 homes = approx 12,000 cars on the road with no real feasible public transport options?! Horrific for the planet. Sporadic bus service that is under-used and services (X1 / X2) are being cut as a result. Schoolchildren crammed into under-funded private buses who can't afford to operate. More people and no change to all of that = even more disastrous for everyone.</p> <p>Traffic/Parking - This is already becoming an issue on Kings Hill because of builders/planners not reserving enough parking for each household. Pressure on parking will increase with the</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

		<p>The purpose of this email sent on 27/10/2022 is to highlight the objections to further building and development of the Kings Hill ME19 area</p> <p>I, Respectfully submit my objections below to the sites identified by Tonbridge &amp; Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-</p> <p>[ ] Site 59424 Residential 164 dwellings woods end of Clearheart Lane This development is rear of Redwell Grove, Bancroft Lane, Hollandbury Park, Cellini Walk, Alderwick Grove, Quindell Place, Clearheart Lane, McArthur Drive, Victory Drive.</p> <p>Reasons for objections - DEFRA Forest Inventory, Ancient Woodland and TPO protected trees, over development with inadequate resources on Kings Hill, harm to protected species and natural habitat outside of, the confines of existing developments, impact on local residences of main access, impact on wildlife corridor.</p>	
45656961	0 Table 9 - List of Sites - Wateringbury	<p>[ ] Site 59531 Residential 13 dwellings Tower View Green South East This development surrounds Tower View, Melrose Avenue Braeburn Way, Alfriston Grove, Boverde Avenue</p> <p>Reasons for objections - change of character to the area, traffic impact to and from Kings Hill centre and surrounding roads, destruction of wildlife and overall loss of public open space.</p> <p>[ ] Site 59534 Residential 18 dwellings Tower View Green North West This development surrounds Tower View, Woodford Grove, Cardinal Walk, Baxter Way, Hazen Road, Kendall Avenue</p> <p>Reasons for objections - Change of character of the area and loss of natural space, added traffic impact to/from Kings Hill centre and all neighbouring roads. huge increase of vehicle and pedestrian foot traffic</p> <p>[59797, 59799, 59802]</p> <p>Site 59797 1228 dwellings and 59800 275 dwellings West and East quarter of Kings Hill Golf Club. It's in the Green Belt and outside of the existing development, loss of agricultural land, loss of woodland trees and vegetation, harm to the aquifer for streams and harm to the wildlife and plants. Loss of much needed sports facility benefiting the community, providing alternative employment opportunities.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
45669921	0 Table 9 - List of Sites - Wateringbury	<p>Site 59802 644 dwellings East of Canon Lane It is in the Green Belt countryside and this development would cause harm to the quiet lanes and road network, It is outside of the existing development and would cause traffic problems. Harm to heritage assets loss of agricultural land and would change the character of the area. Harm to the aquifer for streams.</p> <p>Site 59799 100 dwellings. The site is greenfield land and contains agricultural land which will be lost. The development would have an adverse effect on the road network, quiet lanes, and the character of the area.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

45710145	42599649	Table 9 - List of Sites - Wateringbury	<p>2.0 Wateringbury site considerations and objections.</p> <p>Notwithstanding our general support for Option 3 in the Local Plan, we do not believe Wateringbury is well placed to offer sites. The village does not have the required infrastructure to function as a Rural Centre to support an increased population. It suffers already from serious traffic congestion and has a most limited retail and service offering. Many of the sites proposed for consideration would destroy areas of outstanding and accessible countryside of Grade 1 and 2 farmlands, with landscapes of great character. In addition, there are a range of difficult access issues and concerns around fresh water supply and the water table in certain areas of the village.</p> <p>2.1) General Objections applying to all sites around Wateringbury</p> <p>(i) Traffic. Wateringbury already suffers significant traffic problems at various times of the day sitting on the A26 main Tonbridge Road to Maidstone. In the village, the A26 Tonbridge Road to Maidstone is relatively narrow by modern standards and further restricted by residents parked traffic. Its pedestrian pavements, bounded by garden walls, are particularly narrow and to the area west of the Church in the 30mph zone potentially dangerous. Additional housing developments will increase traffic flows with both an environmental impact and increased safety hazard. Already the area around the Wateringbury crossroads is the most polluted part of the Borough.</p> <p>(ii) Shops and Services. Wateringbury does not have an infrastructure of shops and services to support the community. There are no significant leisure facilities, no secondary schools, no veterinary services, and only limited health care support. It has only two small retail food outlets, one in the Shell petrol station and a small local shop on the B2015 to the south which has limited on street parking on the main road which restricts two-way traffic flow. Residents have to use cars to access major food supermarkets and other retail and service needs some miles from the village, with an adverse impact on congestion and the environment. This infrastructure cannot support further housing growth in the area.</p> <p>(iii) Water. During the summer drought of 2022 there were occasions in Canon Lane (and perhaps more widely in the village), when South-East Water was unable to provide a fresh water supply. TMBC will need to be satisfied that, with climate change, the village is supported with adequate fresh water supplies and infrastructure to meet its existing needs, let alone the demands of new housing. As TMBC will know, there is growing national concern about the impact of new housing developments on soil nutrient levels, which can give rise to elevated levels of nitrogen and phosphorus in rivers and other pollutants. All the proposed</p>	Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes.
45710145	42599649	Table 9 - List of Sites - Wateringbury	<p>2.2) Specific detailed Site Objections</p> <p>In addition, to our general objections set out above, we wish to raise additional specific objection to the following proposed greenfield sites. Lack of access prevents more specific commentary on Sites 59729 and 59803:-</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
45710145	42599649	Table 9 - List of Sites - Wateringbury		Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

			[Site reference numbers 59800, 59802]	
			Canon Lane Site 59800 Site 59802	
45710145	42599649	Table 9 - List of Sites - Wateringbury	<p>2.3) Canon Lane</p> <p>Canon Lane is an historical, and in most parts, single track lane rising approximately 60 metres to the north where it terminates in a cul-de-sac against narrow woodland and the housing boundaries of Kings Hill. It is bounded in its lower half by extensive traditional stone walls on either side of the narrow lane which date back several hundred years. Its junction with the Tonbridge Road provides limited visibility and has, we understand, seen fatalities.</p> <p>The lane is popular with walkers and cyclists from Kings Hill and the surrounding area, meeting footpaths to both the East and the West at its higher level and providing at the northern end pedestrian access to Kings Hill.</p> <p>2.4) Site 59800 additional objections</p> <p>(i) Amenity. The site adjoins the north- western part of Canon Lane and comprises land forming part of the Kings Hill golf court, a popular course and important sports amenity for the existing Kings Hill Estate and local area.</p> <p>(ii) Access. Canon Lane is not capable of providing safe access to any further housing developments along its length. As noted above, it is single lane in the most part, heavily frequented by walkers and cyclists, including unaccompanied school children, and has a dangerous exit on to the Tonbridge Road.</p> <p>It is difficult to see how access to this proposed site can be achieved without obtaining additional rights of way from Kings Hill by demolishing houses on that estate to establish a roadway. Canon Lane itself is entirely unsuitable for higher volumes of traffic</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

			[Site reference numbers 59799,59624, and 59723]	
45710145	42599649	Table 9 - List of Sites - Wateringbury	<p>3. Pizien Well area. Sites 59799,59624, and 59723.</p> <p>The fields and woods comprising the Piezen Well area provide an attractive country setting of historical note. Its few houses are well tended and in the lower parts form a beautiful settlement of cottages around the waterways. The original medieval village which gave rise to the development of Wateringbury is believed to have existed here and its original market was established here in the 14th Century. Foundations of previous dwellings still exist in the woodlands. The few houses in Piezen Well are served by single track lanes.</p> <p>(i) Amenity and the character of the landscape. The Pizien Well area, including Site 50624, contains numerous heavily used, popular footpaths serving communities in Wateringbury, Pizien Well and Nettlestead.</p> <p>Site 59624, which is situated on high land, comprises valuable and productive farmlands with exceptional views to the north and east, and having important footpaths to the east , west, north, and south. It forms the character of this landscape which would be destroyed by development and blight the excellent southerly views from the land on the opposite side of valley near Kings Hill on and around Site 59802.</p> <p>In addition, Site 59799 would result in the destruction of the attractive and welltended setting containing the existing cottages comprising Piezen Well Lane.</p> <p>Any development in this area would destroy the character of this beautiful landscape, eliminate valuable, productive agricultural land and access to this natural environment for the health and well-being of the community, and would have a heavy impact on biodiversity and animal life.</p> <p>(ii) Access. Site 59624 is only served by single track lanes that would be difficult to widen with existing residential and boundary constraints. Furthermore, the exit of Piezen Well Lane on to the A26 is close to a blind corner. Even with the recent [Site reference 59797]</p> <p>4) Tonbridge Road. Site 59797</p> <p>(i) Amenity and Character of the Landscape. Site 59797 covers existing productive Grade 1 and 2 agricultural lands rising up the hillside to the north towards Kings Hill and includes various well used footpaths. It forms part of the outstanding landscape of this hillside when viewed from the south from Site 59624. It also appears, from the plan, to impinge on the Kings Hill Golf Course, and its boundary footpath, which are important amenities for the local community.</p> <p>(ii) Traffic. We have already commented above on the serious traffic issues and air pollution in Wateringbury. At various times of the day, the A26 and A228 already suffer unacceptably heavy traffic and congestion. It is difficult to see how the roads can tolerate increased traffic flows from any new residential development in the area to the south of Kings Hill as proposed, or its further environmental impact.</p> <p>This site will bring significant damage to the productive countryside and landscape, its amenity for the local communities and to wildlife and biodiversity. It will add further significant problems to traffic flow and the environmental impact.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>
45710145	42599649	Table 9 - List of Sites - Wateringbury	<p>(i) Amenity and Character of the Landscape. 45710145	42599649	Table 9 - List of Sites - Wateringbury	<p>5) Summary and conclusions.</p> <p>We ask TMBC to balance our objections to the proposed sites around Wateringbury carefully paying particular regard to the comments we have made about traffic infrastructure; the character of the landscape and its outstanding beauty across the sites we have discussed; access issues; environmental matters; water supplies and water tables; wildlife and bio-diversity; the productivity of its rich farmland, the continuing evolution of agriculture to meet climate change and in providing sustainable employment: and in fostering the health and well-being in its communities through maintaining access to an important area of the natural environment.</p> <p>7</p> <p>We believe that every effort should be made by TMBC to pursue options within its boundaries which already have a sound infrastructure with more efficient traffic flows, and which would lessen the impact on Wateringbury's environment and its surrounding landscape.</p> <p>We would be grateful if you could confirm receipt of this letter and ensure we are kept advised of the Councils deliberations on these matters.</p> <p>Schedules of additional signatures in support of this letter are attached from over 100 residents of the areas of Wateringbury around Canon Lane, Pizien Well and Old Road.</p> <p>[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	<p>Comments noted. Submit my objections below to the sites marked with an “X” and identified by Tonbridge & Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

[ ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ ] Site 59802 Residential 644 dwellings East f Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non- listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		[X] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	
		Reasons for objections:- Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[X] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	
		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non- listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
45766721	Table 9 - List of Sites - Wateringbury	Other Objections	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		Traffic/Parking - This is already becoming an issue because of builders/planners not reserving enough parking for each household. Pressure on parking will increase with the implementation of yellow lines. Further developments will increase this further	
		GP surgery - The local surgery cannot cope at the moment and many people are forced to use private medical services because they cannot get an appointment. Adding 1,000's of additional houses will only increase this problem	

		<p>[X] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas and harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[X] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:- Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	
45768193	<p>0 Table 9 - List of Sites - Wateringbury</p>	<p>[X] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>I also object for the following reasons if not already stated on each site;</p> <p>Traffic/Parking - This is already becoming an issue because of builders/planners not reserving enough parking for each household. Pressure on parking will increase with the implementation of yellow lines. Further developments will increase this further.</p> <p>GP surgery - The local surgery cannot cope at the moment, and many people are forced to use private medical services because they cannot get an appointment. Adding 1,000's of additional houses will only increase this problem [SITE REFS: 59797 AND 59800]</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>
45768097	<p>0 Table 9 - List of Sites - Wateringbury</p>	<p>Site numbers 59797 and 59800 are of particular concern as they remove several holes from the golf course as well as a large area of Green Belt land. At a time when we are encouraged from both a physical and mental health point of view to exercise the proposal to remove parts of the golf course puts in jeopardy the Clubs viability and therefore possible closure thus denying the community of a sports and leisure facility.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>

		[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		Reasons for objections:-	
		Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	
		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	

45788097	Table 9 - List of Sites - Wateringbury	[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
		Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
45788993	Table 9 - List of Sites - Wateringbury	Reasons for objections:-  Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	
		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
WE OBJECT TO THE FOLLOWING SITES for development as identified in the new Local Plan proposed by TMBC (Regulation 18).			
* A26 east of Alder’s Roundabout towards Wateringbury			
45788993	Table 9 - List of Sites - Wateringbury	Site 59797 - large plot north of the A26 starting from Bull Farm and extending to the east, would join up with Kings Hill to the north. Residential, 80.32ha, 1228 homes.	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
		Reasons for objection: Change of character of the area. Loss of green belt. Traffic impact on the wider environs of village envelope in relation to neighbouring areas of Kings Hill, Wateringbury, Hadlow, West Peckham. The local road infrastructure is poor and has remained poor for decades without proper investment to ensure fit for purpose for current housing levels. The high volumes of residential proposed above will create the need for thousands of vehicles and increased traffic movements per hour. Taking one site alone (site 59752) proposing 1390 homes will create at least an extra 2780 cars on the road at a minimum. The local road infrastructure cannot cope with such numbers. Then there are local services to consider including schools, GP services.	

45790369	Table 9 - List of Sites - Wateringbury	[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
		Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
45790657	Table 9 - List of Sites - Wateringbury	Reasons for objections:-	
		Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
45790657	Table 9 - List of Sites - Wateringbury	Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
		Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
45790657	Table 9 - List of Sites - Wateringbury	[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		Reasons for objections:-	
		Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

45810369	0	Table 9 - List of Sites - Wateringbury	Local plan area 59800	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
			I object to the proposed development of this site	
			Kings hill was set up as a place to live with green public spaces and recreation facilities, this will remove a significant portion of these facilities	
			It will also remove a significant area of Green Belt, which includes many conservation areas.	
45810785	0	Table 9 - List of Sites - Wateringbury	Development will significantly harm the aquifer for streams, and will also lose agricultural land	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
			Finally, the proposed development will increase traffic & parking issues. The current road structure and plan cannot cope at busy times with the current traffic levels	
			[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
			Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

42330785	Table 9 - List of Sites - Wateringbury	<p>[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[SITE REFS: 59802, 59800, 59624, 59723, 59797, 59845, 59664, 59728 AND 59729]</p> <p>I am somewhat dismayed at the number of totally unsuitable sites which have been put forward in your call for sites. I recognise that T &amp; M, along with all Borough Councils have a statutory obligation to meet central government targets for new homes and fully support your steps to have the numbers required locally reduced.</p> <p>Wateringbury, Mereworth and West Peckham are rural villages and the facilities in the villages reflect this. Wateringbury suffers from having the A26 road cutting it in two. As you are aware there are exceptionally high levels of pollution at the traffic lights junction and traffic tail backs at many times of day are extending this pollution and making life difficult and having a serious impact on health . These problems are already growing and will only worsen when the huge numbers of houses which have already gained planning permission and are yet to be built in Hermitage Lane and at Kings Hill can only make life more difficult and less safe for our village.</p> <p>Wateringbury already suffers from very narrow pavements and many side roads have no pavements at all with driveways from homes having very poor site-lines too. The specific planning applications for Canon Lane 59802 and 59800 are, to my mind as a resident of Canon Lane for over 40 years, totally impractical since Canon Lane is a very narrow lane, mostly single track, with passing places and the land in question agricultural land and land on which there is a golf course. Only last week I had a near miss with another vehicle on the blind bend by Broomscroft and Broomscroft Place. Canon Lane is also a Quiet Lane and a conservation area which is enjoyed by many walkers and cyclists.</p> <p>The above comments also apply to planning applications in Pizienwell 59624, 59723 and 59797. Pizienwell is a hamlet with no amenities at all and therefore these sites should be kept for agricultural use.</p> <p>It is important to keep the green wedges between villages and the site on the corner of Fields Lane</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p> <p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>

		<p>[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	
45874049	<p>Table 9 - List of Sites - Wateringbury</p>	<p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[SITE REF: 59845]</p> <p>This is a formal objection to Residential 100 dwellings Fields Lane Wateringbury.</p> <p>* Traffic. The crossroads at Wateringbury near Fields Lane already suffers significant traffic problems at various times of the day. Having an additional 100 houses in close proximity to the crossroads with the vast increase in motor vehicles that would come with it, would compound the traffic issues and be an increased safety hazard.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>
45874753	<p>Table 9 - List of Sites - Wateringbury</p>	<p>* Environmental. It would adversely impact the area's CO2 levels from the increase in motor vehicles and traffic, and also building on a greenfield site. The area around the crossroads is already the most polluted in the borough and it would only get worse.</p> <p>* Shops and services. Wateringbury does not have an infrastructure of shops and services to support the existing community, so would outright fail to support an additional 100 residences. There are only 2 small local shops, one at the small petrol station and one on the b2015 that has very limited parking on the main road which restricts two-way traffic flow. The primary school is already over-subscribed and the doctors surgery is already over-subscribed with wait times of a number of weeks for a pre-booked appointment. Residents already need to use motor vehicles to access services at nearby Kings Hill, Paddock Wood, Larkfield and Maidstone, further housing growth in the village would cause further adverse impact to congestion and the environment.</p> <p>Please do not consider building residences on this site - it would only be of detriment to the local environment and residents.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>

		[Sites 59797, 59800, 59802]	
		Site 59797	
		Residential 1228 dwellings	
		[map from SA]	
		Example reasons for objections	
		* Harm to conservation areas or harm to significance of conservation areas	
		* Green Belt	
		* Countryside	
		* Harm to the aquifer for streams	
		* Harm to quiet lane and rural road networks	
		* Outside of the confines of existing developments	
		* Loss of agricultural land	
		* Traffic restricted on local roads	
		My comments on this site for house building are:	
		- Greenbelt / Loss of countryside	
		- Road network is poor	
		- Loss of agriculture land	
		- Traffic problems	
		[SITE REF: 59845]

		<p>I wish to submit my objections as identified by Tonbridge &amp; Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-</p> <p>Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections – Seriously, I cannot believe a proposal would even be considered to build on the golf course... is this correct? For a start, looking at the map, it isn't clear however harm to conservation areas and woodland would be caused. Is this the woodland around the top of the golf course looking over the beautiful farmland? Again, an area used by dog walkers and others to escape the busy lives we have. I assume access would be on the A26 Tonbridge Road which is a nightmare with traffic at the best of times. The whole entire area comes to a gridlock when we experience heavy rainfall causing roads to be flooded, or just a accident or broken down vehicle on the A228 means congestion overflows to surrounding roads. The infrastructure is simply not adequate for another 1228 houses!</p>	
45876769	<p>0 Table 9 - List of Sites - Waterringbury</p>	<p>Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:- think this one is actually on the Golf course! 275 dwellings, are you kidding? The golf course is elite and a wonderful club. I often sit eating breakfast at the club and look out over the course. It would be a crime to build on such a prestigious course! The walking paths around the course are loved by many. The residents who have amazing views over the Golf course will be affected by the lack of views and extra traffic/congestion. Again, wildlife will be displaced and the beauty of Kings Hill with the feeling of open space will be lost. Surely this proposal is outside the confines of the existing development?</p> <p>Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, and woodland will be destroyed. Wildlife displaced. Harm to quiet lane and rural road networks the infrastructure is not adequate! This proposal is outside</p> <p>[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas and harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>
45876865	<p>0 Table 9 - List of Sites - Waterringbury</p>	<p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>
45460769	Table 9 - List of Sites - Wateringbury	<p>I object for the following reasons:</p> <p>OBJECTION - Site 59800</p> <p>Loss of golfcourse and aquatic habitat. This location, whilst not as biodiverse as it could be due to go l/course management, does still have natural grassland and woodland edge habitats home to protected species such as Adders and an aquatic habitat which is in short supply locally. Development will be a change of use, loss of green space, loss of recreation and loss of rural aesthetic.</p> <p>OBJECTION - Site 59802</p> <p>Loss of agricultural land and conservation area. Development will be a change of use, loss of green space, loss of farm land and loss of rural aesthetic. It also increases urban sprawl into rural areas.</p> <p>OBJECTION - Site 59797</p> <p>Loss of agricultural land, Urban sprawl into rural locations. Further strain on local roads and services which are ill equipped for this level of housing.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>

Submit my objections below to the sites marked with an "X" and identified by Tonbridge & Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-

42607649

0 Table 9 - List of Sites -  
Waterringbury

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

		[SITE REFS: 59797, 59800 AND 59802]	
		Objections to development on sites in and around Kings Hill	
		HEADLINE	
		I object in the strongest possible terms to this plan: it is destructive and un-sustainable. It is creating a new town without the supporting infrastructure, and will destroy the character of the area and the quality of life of the inhabitants.	
		OBJECTION TO THE PLANS - OUTLINE	
45887425	Table 9 - List of Sites - Wateringbury	<p>Taken as a whole, the proposed development will:</p> <ul style="list-style-type: none"> <li>* Create 6000 additional residential dwelling in 15 sites in and around Kings Hill; This will double the area of the Kings Hill creating an extended conurbation linking the Mereworth, Wateringbury, East and West Malling, Larkfield and Leybourne. This will destroy the distinctive rural character of the area, which sits between the North Downs Area of Outstanding Natural Beauty to the north and the Medway Valley to the south;</li> <li>* Lead to high-density housing expanding on to surrounding countryside, woodland and agricultural land, far beyond the original brown-field West Malling airfield site. In particular, 4 huge developments (Site References 59740, 59797, 59800, 59802) on Broadwater Farm, Wateringbury and Cattering Wood account for nearly 5000 houses appear to be entirely on green-field sites and will destroy the countryside. This is at a time when the need for access to open spaces for health and wellbeing has never been greater, and the need to consider the rural economy and food security has never been greater;</li> <li>* Cause huge and unsustainable pressure on the already over-stretched infrastructure: roads, schools, medical facilities. In particular, at the current time there are only two access roads to Kings Hill onto the</li> </ul> <p>[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
45887937	Table 9 - List of Sites - Wateringbury	<p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	Comments noted. Table 9 - List of Sites -  
Wateringbury

(i) Traffic. Wateringbury already suffers significant traffic problems at various times

of the day sitting on the A26 main Tonbridge Road to Maidstone. In the village, the A26 Tonbridge Road to Maidstone is relatively narrow by modern standards and further restricted by residents parked traffic. Its pedestrian pavements, bounded by garden walls, are particularly narrow and to the area west of the Church in the 30mph zone potentially dangerous. Additional housing developments will increase traffic flows with both an environmental impact and increased safety hazard. Already the area around the Wateringbury crossroads is the most polluted part of the Borough.

(ii) Shops and Services. Wateringbury does not have an infrastructure of shops and

services to support the community. There are no significant leisure facilities, no secondary schools , no veterinary services, and only limited health care support. It has only two small retails food outlets, one in the Shell petrol station and a small local shop on the B2015 to the south which has limited on street parking on the main road which restricts two- way traffic flow. Residents have to use cars to access major food supermarkets and other retail and service needs some miles from the village with an

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

[SITE REFS: 59797, 59800 AND 59802]			
45906401	Table 9 - List of Sites - Wateringbury	OBJECT to site 59797 - unacceptable adverse impact on Conservation Area and its setting. Conservation Areas cannot be created elsewhere and would be a detrimental loss of local heritage assets that are irreplaceable. loss of green belt land and no very special circumstance to justify the impact on the green belt. Green Belts are to prevent the spread of urban sprawl and should not be built upon unless very special circumstances have been demonstrated, in which CASE it has not and there are alternative sites that would be more viable.	
		OBJECT to site 59800 - loss of green belt land and no very special circumstance to justify the impact on the green belt. Green Belts are to prevent the spread of urban sprawl and should not be built upon unless very special circumstances have been demonstrated, in which CASE it has not and there are alternative sites that would be more viable.	
		OBJECT to site 59802 - loss of green belt land and no very special circumstance to justify the impact on the green belt. Green Belts are to prevent the spread of urban sprawl and should not be built upon unless very special circumstances have been demonstrated, in which CASE it has not and there are alternative sites that would be more viable.	
		Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.	

		[SITE REFS: 59797, 59800 AND 59802]	
42614081	0 Table 9 - List of Sites - Wateringbury	<p>[X] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[X] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings Reasons for objections:- Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[X] Site 59802 Residential 644 dwellings East f Canon Lane South of Hollandbury Park Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>SITE REFS: 59797 AND 59800]</p> <p>I have become aware that there are certain sites on Kings Hill Golf Course which are listed for development. They are site numbers 59797 and 59800 and I understand that TMBC are inviting feedback about such plans.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>
45908673	0 Table 9 - List of Sites - Wateringbury	<p>As a resident of Kings Hill and a member of the golf course I am acutely aware of the benefit that the golf course brings to the local community. Many individuals enjoy leisure, socialising and exercise at the golf course which brings great personal benefit in terms of physical and mental health and for some older retired adults being a member of the golf course really does help to prevent the significant challenges of loneliness in old age.</p> <p>The management, committee and members of the golf course raise a lot of money for charity and provide a wonderful facility, encouragement and incentives for children to participate and become junior members. It is hard to over estimate the benefit this can bring to local children in terms of life skills, health and welfare.</p> <p>I strongly recommend that any plans that put the sustainability of the golf course at risk are reconsidered or ideally removed from a suitable list of development sites.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>

WATERINGBURY

Submit my objections below to the sites marked with an “X” and identified by Tonbridge & Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas and harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas and harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

45974401	0	Table 9 - List of Sites - Wateringbury	<p>I have had a look at the plans to build even more houses at Kings Hill. We moved here in 2006 and one of the reasons was that Kings Hill was a new garden village with plenty of green space around it, it had a medical centre in the centre along with an array of shops for everyday needs, a bus service that could take one to Tunbridge Wells and Maidstone and a railway station not too far away.</p> <p>Over the years the bus services have been cut and now there is a very limited buses with restricted hours and extremely limited service over the weekends. I understand that the X1 and X2 are going to be cut out altogether from February next year. The railway station now only connects to Victoria where a while back one could travel to London Bridge.</p> <p>How can the council classify Kings Hill as an urban settlement when we do not have the facilities at the moment to support that status let alone once all this building has been completed. I think we need to be classified as a village. I support the green belt being extended around Kings Hill, East Malling and West Malling which would then protect the individual character of the villages and therefore protect the green spaces. By protecting the green belt, it would allow for the planting of more trees.</p> <p>As far as the medical centre is in Kings Hill it cannot serve the existing community, there used to be the surgery in West Malling but that has closed. The hospitals at the moment cannot cope with sick people at the moment -Have you heard about the waiting lists !!! It's okay to say that we will build a new medical facility but who is going to staff it, there are not enough doctors and nurses at the moment. They could not staff the medical facility at Leybourne Chase!</p> <p>If you do not have a decent bus service, the alternative is to drive but not everyone can do that. thought the idea of providing good public transport was to cut pollution and also to control the amount of traffic holdups. I would not cycle on our roads out of Kings Hill as they are so dangerous with huge lorries thundering past, but I do cycle around Kings Hill village.</p> <p>Site 59797 1228 dwellings and 59800 275 dwellings West and East quarter of Kings Hill Golf Club It's in [ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p>
45974817	0	Table 9 - List of Sites - Wateringbury	<p>[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	<p>Comments noted. 		Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
45977921	Table 9 - List of Sites - Wateringbury	Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
		Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
45977921	Table 9 - List of Sites - Wateringbury	[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		Reasons for objections:-	
		Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
45977921	Table 9 - List of Sites - Wateringbury	[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	

45978305	Table 9 - List of Sites - Wateringbury	[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
		Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
45974401	Table 9 - List of Sites - Wateringbury	Reasons for objections:-	
		Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	
45978497	Table 9 - List of Sites - Wateringbury	Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		Site 59799 100 dwellings. The site is greenfield land and contains agricultural land which will be lost. The development would have an adverse effect on the road network, quiet lanes, and the character of the area.	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
45978497	Table 9 - List of Sites - Wateringbury	Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		Reasons for objections:-	
45978497	Table 9 - List of Sites - Wateringbury	Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	
		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	

45979873	Table 9 - List of Sites - Wateringbury	[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
		Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
25295041	Table 9 - List of Sites - Wateringbury	Reasons for objections:-	
		Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
		Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		Reasons for objections:- Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	
		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

		Reasons for objections:-	
		Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		Objections to plans to development plans in and around Wateringbury	
		We are writing to express our strong objections to the proposed building sites in and around the Wateringbury area.	
		We have been residents in Wateringbury for 28 years and have witnessed the increase in traffic over the years and over recent years this has increased substantially. We are extremely concerned about the volume of traffic that these proposed developments would create. The roads are narrow and visibility in places is limited especially in certain areas in the village due to cars being parked in the roads. Over our time in Wateringbury we are aware of a significant number of accidents in the area due to narrow pavements and roads, poor visibility in places and the already overall busyness of the roads. We have a significant number of ambulances using our roads too and the increase in traffic would only add to the difficulty of them passing through the village to get to the hospitals in emergency situations. Overall we are extremely concerned about the safety within the village that the increased volume traffic would create.	
46039393	Table 9 - List of Sites - Wateringbury	We are also extremely concerned about the pollution that the increase in traffic would cause. We are aware that the crossroads already has the highest pollution levels in the borough and any increase in traffic will be of great concern.	Comments noted. The matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
		We are also concerned that there is not sufficient infrastructure in Wateringbury to support more residential developments. The local school, the absence of a secondary school and the limited number of shops in the area and lack of leisure facilities are of concern. The extra developments would also put much strain on the local doctors surgery and the lack of other health care facilities is of great concern too.	
		Overall we are extremely concerned about the proposed developments and the loss of green space areas and the effect on wildlife and our natural environment. It would be a catastrophe for our

----------	---	--	---

45935105	Table 9 - List of Sites - Wateringbury	Site 59797 Residential 1228 dwellings West quarter of Kings Hill golf course to A26	
		Reasons for objections • Harm to conservation areas or harm to significance of conservation areas • Green Belt • Countryside • Harm to the aquifer for streams • Harm to quiet lane and rural road networks • Outside of the confines of existing developments • Loss of agricultural land • Traffic restricted on local roads	
		Site 59800 Residential 275 dwellings East Quarter of Kings Hill golf course	
		Reasons for objections • Green Belt • Countryside • Harm to the aquifer for streams • Harm to quiet lane and rural road networks • Outside of the confines of existing developments • Loss of agricultural land • Traffic restricted on local roads	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.
46052385	Table 9 - List of Sites - Wateringbury	Site 59802 Residential 644 dwellings East of Canon Lane, South of Hollandbury Park	
		Reasons for objections • Green Belt • Countryside • Harm to the aquifer for streams • Harm to non-listed heritage assets • Harm to quiet lane and rural road networks • Outside of the confines of existing developments • Loss of agricultural land • Traffic restricted on local roads	
		Furthermore, I object to Kings Hill being classified as an urban settlement. Kings Hill does not have the facilities to support its status as a urban settlement (I do not intend to repeat the points raised above). Additionally, Kings Hill is not structured in a way to easily add the facilities that would be required to support any additional population added as a result of its classification. Specifically, Kings Hill does not have a secondary school, a train station, nor a library, and a limited variety of amenities (aside from supermarkets). The population density in Kings Hill is like West Malling, East Malling and Hadlow. For these reasons, Kings Hill appears to have more in common with the rural service centres or other rural settlements than it does with the urban settlements.	
		[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings	
		Reasons for objections - Harm to conservation areas and harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	
		[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings	
		Reasons for objections:-  Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park	
		Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

----------	---	--	---

Submit my objections below to the sites marked with an “X” and identified by Tonbridge & Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ X ] Site 59802 Residential 644 dwellings East of Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non-listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

0 Table 9 - List of Sites -  
Wateringbury

Site 59797 Residential 1228 dwellings

\*image\*

Example reasons for objections

- \* Harm to conservation areas or harm to significance of conservation areas
- \* Green Belt
- \* Countryside
- \* Harm to the aquifer for streams
- \* Harm to quiet lane and rural road networks
- \* Outside of the confines of existing developments
- \* Loss of agricultural land
- \* Traffic restricted on local roads

My comments on this site for house building are:

Countryside being eaten away.

Impact on roads.

Loss of agricultural land.

			<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>

I am writing this email to object to the new proposed 100 Residential Dwellings Site 59845 at Fields Lane Wateringbury.

The reasons are the following objections are as follows:

- \* Traffic - The village Wateringbury already suffers from heavy traffic congestions and problems at various points of the day, sitting on the main A26 Tonbridge Road to Maidstone, also along Bow Road tailing back to Nettlestead. The A26 to Maidstone is a narrow road compared to the new modern standards and not only is it narrow but it is also restricted by residents parked traffic. The pedestrian pavements, bounded by garden walls are particularly narrow and to the area west of the church where it is a 30mph zone it is potentially dangerous to walk along. if these or other additional housing developments are built it will substantially increase the traffic flow which will have a damaging effect on both the environment and safety. As it stands, we believe the area around the Wateringbury crossroads is already the most polluted part of the borough.
- \* Shops and Services - The village of Wateringbury does not have the infrastructure of shops and services to support the community. There are no significant leisure facilities , no secondary schools. There are no veterinary services and only limited health care support. It has only two small retail food outlets, one of these is in the Shell petrol station and a small local shop on the B2015 to the south which has very little on street parking available on the main road, this also restricts the two traffic and causes congestion. Residents are required to use cars or local busses to access major food supermarkets and other retail and service needs miles from the village, with an adverse impact on congestion and the environment. This infrastructure is unable to support further housing growth in the area,
- \* Environment - The current proposals in this area will adversely impact the area's CO2 levels from both the new build on greenfield sites and increased traffic flows. The area around Wateringbury crossroads is already the most polluted part of the borough.
- \* Canon Lane - This is an historical, and in most parts, single track lane rising approximately 60 metres to the north where it terminates in a cul-de-sac against narrow woodland and the housing boundaries

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

Wateringbury

This response is made accepting that there is an increased need for housing in the borough. There is also a need to ensure that planned developments do not adversely affect the local ecology and environmental systems, overburden local facilities and infrastructure or cause further decline in areas with existing problems. Wateringbury is focused around the A26, the main road between Tonbridge and Maidstone. This is the only main road in the village area - all adjoining roads are lanes with limited capacity - any traffic event between the M20 and East Peckham causes traffic to build up in the village and use surrounding lanes making these congested and unsafe. The A26 in Wateringbury currently has a significant traffic pollution problem which KCC/TMBC have acknowledged but have delayed attempting to solve. The village has a primary school which is historically oversubscribed and a GP surgery that is closed to new patients. The bus service is minimal. There are no other significant services in the area. The service infrastructure (water especially) is old and subject to frequent problems. It is concerning to see that proposals affecting Wateringbury do not appear to take proper consideration of the existing difficulties facing the village and, as a consequence, would lead to a significant deterioration in the quality of life and sustainability of the local environment of the village.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.

TMBC has previously said that no changes to the surrounding area are likely when discussing the Pizien Well Conservation Area: “Pizien Well Conservation Area

Pizien Well, Wateringbury 3.93 Sits within Green Belt next to Mereworth Castle Conservation Area. No changes to the surrounding area are likely.” It is, therefore, disappointing in the extreme to note that four of the above proposals will directly, and adversely, impact on the character and historical significance of this Conservation Area by changing the nature of activities and buildings in the area. Historic England makes the point that “ Conservation areas exist to manage and protect the special

		[Site reference numbers 59624/ 59723/ 59799/ 59797]	
		59624/ 59723/ 59799/ 59797– Pizien Well –	
46101185	Table 9 - List of Sites - Wateringbury	<p>The plan would result in loss of footpaths and bridleways across the areas identified as suitable for building. The areas are more than 800m from healthcare, education and recreation facilities. The GP surgery is not accepting new patients. The nearest secondary school is 4 miles away and not served by public transport from the village. Public transport on the Pizien Well side of Wateringbury is a single, infrequent bus service which does not connect well at times that commuters would be travelling. Access to a bus stop should not be taken to imply access to an effective service. Access to facilities would involve increased car use to avoid walking along a busy main road using narrow paths.</p> <p>There are few local employment opportunities so these would be commuter developments with little economic benefit from developing housing in this area.</p> <p>Access to the proposed development areas on Pizien Well (59624/59723/59799) for construction vehicles and residents is difficult due to the narrow surrounding roads - not suitable for heavy vehicles or increased traffic. The existing road suffers from poor drainage and frequently floods as the existing drains cannot cope. The water supply infrastructure is poor and subject to frequent leaks; increased road usage by heavy vehicles would cause this situation to worsen. Increased land run off from building over agricultural land would increase the drainage problem. The area is one with a high water table and where there are a number of watercourses which would represent potential flood and damp issues. The Pizien Well Conservation area would be irrevocably destroyed.</p> <p>The existing housing in these areas would be negatively impacted upon in a number of ways - increased traffic and noise pollution, loss of woodlands, landscapes in the area would be changed through loss of natural woodland/farmland. 59799 appears to be including all existing residential properties within the development with no explanation as to what would happen to these properties. It is unacceptable to</p> <p>[Site reference 59797]</p> <p>59797</p> <p>The joining of King’s Hill and Wateringbury would create a large urban area unsupported by important infrastructure. It would overshadow the existing landscape and irrevocably alter the rural nature of Wateringbury and its immediate surrounding area. There would be loss of recreation and green spaces associated with this development. As a large development there would be a negative impact on traffic flow on the A26 and a consequent increase in traffic on Pizien Well Road by drivers seeking to avoid this. The road cannot cope with such use. Additional points relating to Pizien Well proposals apply also.</p> <p>[Site reference numbers 59800/59802]</p> <p>59800/59802</p> <p>There would be a loss of footpaths and recreation areas. Access to the areas is problematic. Landscapes and historic significance would be adversely affected. Village infrastructure could not support the developments - see concerns previously expressed.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes. Infrastructure requirements will be included within the Infrastructure Delivery Plan.</p> <p>Comments noted. 		<p>With regard to your proposed local plan for the period 2025 to 2040 i have a number of concerns regarding the whole plan as well as some specific concerns about some of the development sites.</p>	
46108929	<p>0 Table 9 - List of Sites - Wateringbury</p>	<p>I would make my coments by saying that i am 74 and have lived on Kings Hill since 2023.Iam a member of Kings Hill Golf Club.</p> <p>Site numbers 59797 and 59800 are of concern as the Golf course would no longer be here and that is why i moved here.</p> <p>I haved lived here for 19 years and watched it grow.When i bought my house i was told that there would only be 850 houses built so this will be the a big dissapointment and i will have to move again very sad.</p>	<p>Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.</p>

		[59654, 59664, 59700, 59729, 59803, 59845]	
		I wanted to provide comments on the Local Plan and have tried to use the website for a couple of days but when I pressed the Submit button all my comments disappeared and have not been recorded on the system. Having spent hours on them it is extremely frustrating that I have to do them again in this format.	
42771489	0 Table 9 - List of Sites - Wateringbury	All these proposed sites are on existing agricultural land. Any development would lead to increased light pollution, increased traffic in an area renowned for its traffic congestion in an existing AQMA area and potential increased water run off. Although all these areas are within walking distance of the nearby railway station I suspect a lot of people using the station would choose to drive thus leading to more traffic on the roads and problems with the station car park being full to capacity most of the time already. Development of the sites on the north side of the A26 would undoubtedly mean large areas covered in non permeable materials and I am concerned that increased water run off would lead to flooding of the A26, as we have seen in the past, and potentially into homes on the south side of the A26.	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
42771489	0 Table 9 - List of Sites - Wateringbury	<p>[59845]</p> <p>In addition to the above comments Currently this area provides a green passage between the village communities of Wateringbury and Teston and would be lost if any development of this site went ahead.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
42771489	0 Table 9 - List of Sites - Wateringbury	<p>[59800, 59802]</p> <p>Am concerned that if development of either or both of these areas went ahead then due to its close proximity Wateringbury would just be absorbed into the mass of Kings Hill. It would lose its identity and character. There would be loss to natural habitat, good agricultural land and adverse effects on heritage assets. No doubt the intention would be to direct traffic from these sites along Canon Lane, a narrow country lane ill suited to increased traffic volumes and inappropriate for traffic where it joins the A26 on the blind bend on the outskirts of the village. If this were allowed then I suspect traffic would be allowed to join Canon Lane from the Kings Hill estate which would lead to even more traffic problems in the village. Development would also increase light pollution.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
42771489	0 Table 9 - List of Sites - Wateringbury	<p>[59624, 59722, 59723, 59799]</p> <p>All of these sites are in the Pizen Well area of Wateringbury and any development here would totally destroy the character and community of this hamlet as well as prime agricultural land and natural habitats. In the case of Site ID 59624 I have always called this the Skylark field as they are present most times of the year. The public footpaths in Pizen Well area are well used by local people and there are beautiful views across Wateringbury, the Medway Valley and across to the North Downs. The roads here are not suited to increased traffic volumes and I suspect that if the land were developed anyone wishing to travel to Paddock Wood / Tunbridge Wells would attempt to use Gibbs Hill instead of the A26 and the crossroads in the village (already subject to an AQMA and traffic congestion). Gibbs Hill is a narrow country lane ill suited to volumes of traffic. The area affected by development on these sites would undoubtedly experience increased light pollution at night and traffic noise.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

46117953	Table 9 - List of Sites - 0 Wateringbury	It has come to our notice that you are trying to kill us again with more pollution. You are again inviting building companies to apply for planning on our GREEN BELT. The last time they applied next to our property and up to the Wateringbury Hotel they were going to put the access road right up to are boundary. As you are aware the cross roads are one of the most polluted in the area, and any more traffic will only increase this problem. If this was to be allowed, the traffic coming off the estate at rush hour would then tail back into the estate trying to get onto the A26, again creating more pollution right on our doorstep as well as extra noise.This is one of the only open areas that walkers and motorists can enjoy, a lovely open view of the valley. Another concern is the Doctors surgery, it has to deal with Wateringbury, Nettlerstead and Teston.If this planning application was allowed to go though I cannot see how they would cope.The GREEN BELT MEANS JUST THAT, NOT CONCRETE BELT.	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

45473025	0 Table 9 - List of Sites - Watringbury	I object to sites 59797 and 59762 being considered in the local plan and I do not believe they should go forward to the next stage of the local plan for the following reasons:	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.
		~ Loss of high grade farm land	
		~ Harm to many heritage assets including listed buildings, Conservation Area and landscape features	
		~ Harm to the underground water sources and lack of consideration of hydrogeology issues	
		~ Harm to Quiet Lanes and rural road network	
		~ Critical stress on existing road, medical & other infrastructure

46140513	Table 9 - List of Sites - Wateringbury	<p>[ x] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings</p> <p>Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ x] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings</p> <p>Reasons for objections:-</p> <p>Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p> <p>[ x] Site 59802 Residential 644 dwellings East f Canon Lane South of Hollandbury Park</p> <p>Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non- listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

Submit my objections below to the sites marked with an “X” and identified by Tonbridge & Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-

[ x] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

46140417

Table 9 - List of Sites -  
Wateringbury

[ x] Site 59800 East Quarter of Kings Hill Golf Course Residential 275 dwellings

Reasons for objections:-

Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

[ x] Site 59802 Residential 644 dwellings East f Canon Lane South of Hollandbury Park

Reasons for objections - Green Belt, countryside, harm to the aquifer for streams, harm to non- listed heritage assets, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

Submit my objections below to the sites marked with an “X” and identified by Tonbridge & Malling Borough Council in Regulation 18 of the Local Plan for proposals for development:-

[ X ] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings

Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

46150785

Table 9 - List of Sites -  
Wateringbury

Site 59797 Residential 1228 dwellings - West quarter of Kings Hill golf course to A26  
Reasons for objections:

- Harm to conservation areas or harm to significance of conservation areas
- Green Belt
- Countryside
- Harm to the aquifer for streams
- Harm to quiet lane and rural road networks
- Outside of the confines of existing developments
- Loss of agricultural land
- Traffic restricted on local roads

Site 59800 Residential 275 dwellings - East Quarter of Kings Hill golf course  
Reasons for objections:

- Green Belt
- Countryside
- Harm to the aquifer for streams
- Harm to quiet lane and rural road networks
- Outside of the confines of existing developments
- Loss of agricultural land
- Traffic restricted on local roads

Site 59802 Residential 644 dwellings - East of Canon Lane, South of Hollandbury Park  
Reasons for objections:

- Green Belt
- Countryside
- Harm to the aquifer for streams
- Harm to non-listed heritage assets
- Harm to quiet lane and rural road networks

Comments noted. The site specific matters raised will be taken into consideration within the site analysis and site selection processes.

		<p>I have detailed below the more specific objections for each of the proposed sites:</p> <p>Site 59797: Residential 1228 dwellings</p> <ul style="list-style-type: none"> <li>* Gross lack of resources in the area! This includes lack of secondary schools, already low access to medical facilities, lack of retail centres, current plan to decrease public transport, buses in particular, already impossible traffic in and out of Kings hill via the A228 at peak times, lack of petrol station,...</li> <li>* Proposed Green Belt</li> <li>* Destruction of further woodlands and conservation area, including protected trees and loss of habitat to our local fauna also including protected species.</li> <li>* Damage to/loss of local aquifer for streams leading to increased local aridity.</li> <li>* Result in loss of green space for the local inhabitants of Kings Hill and East Malling.</li> <li>* Destruction of further woodlands including protected trees and loss of habitat to our local fauna also including protected species.</li> <li>* Loss of agricultural lands.</li> </ul> <p>Site 59800: Residential 275 dwellings</p> <ul style="list-style-type: none"> <li>* Gross lack of resources in the area! This includes lack of secondary schools, already low access to medical facilities, lack of retail centres, current plan to decrease public transport, buses in particular, already impossible traffic in and out of Kings hill via the A228 at peak times, lack of petrol station,...</li> <li>* Construction outside of the confines of existing developments.</li> <li>* Restricted access through rural or narrow lanes.</li> <li>* Green Belt.</li> <li>* Damage to/loss of local aquifer for streams leading to increased local aridity.</li> <li>* Result in loss of green space for the local inhabitants of Kings Hill.</li> <li>* Loss of agricultural lands.</li> </ul> <p>[ X] Site 59797 West Quarter of Kings Hill Golf Course to A26 Residential 1228 dwellings Reasons for objections - Harm to conservation areas oand harm to significance of conservation areas, Green Belt, countryside, harm to the aquifer for streams, harm to quiet lane and rural road networks, outside of the confines of existing developments, loss of agricultural land, traffic restricted on local roads.</p>	<p>Comments noted.
